Forward-Looking Statements

This report may contain some statements on the Company's business or financials which may be construed as forward-looking based on the management's plans and assumptions. The actual results may be materially different from these forward-looking statements, although we believe we have been cautious in our assumptions.

CONSISTENT AND REFRESHING

Two different words with impact. Put together, the impact multiplies manifold.

This is explicit from the fact that we have for over two decades:

- Consistently delighted millions of consumers with high quality, refreshing PepsiCo beverages.
- Consistently catered to diverse consumer segments by adding new refreshing products to portfolio.
- Consistently grown volumes and territories.
- Consistently addressed business nuances and seasonality factor to deliver strong performance and sustained returns.

With our experience and expertise, vision and values, reach and presence, we are confident that the future will unlock new possibilities and potential.

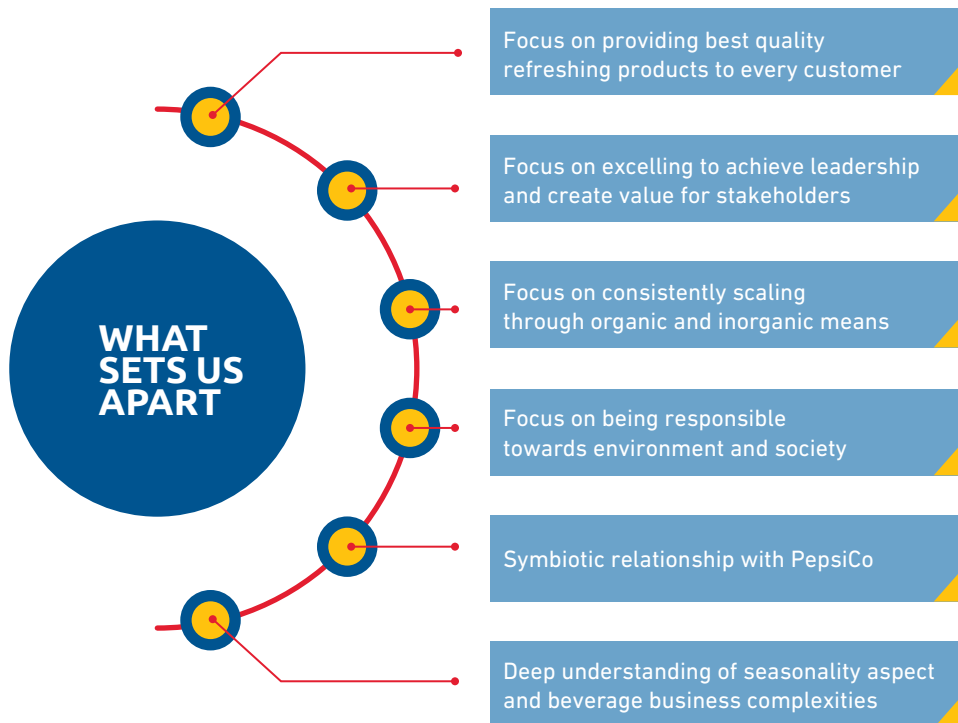

NOT JUST PARTNERS, WE ARE BUSINESS ENABLERS

We account for ~51% of PepsiCo's beverage sales volume in India.

With 279 million cases of beverages sold in 2017 across 6 countries, we are its second largest carbonated soft drinks (CSDs) and non-carbonated beverages (NCBs) franchisee in the world (outside the USA).

We are Varun Beverages Limited.

CHAIRMAN'S MESSAGE

In a difficult external environment, we have focused on operational efficiencies, strengthening business with several value accretive acquisitions and enhanced our product mix, and are primed for growth in improving market conditions

Dear Shareholders,

It gives me immense pleasure to place before you the 23rd Annual Report of the Company.

OVERVIEW

We are happy to report a strong performance in the first year post our listing. A combination of our agility, robust product portfolio and resilient business model enabled us to drive margin improvement and record strong profit growth. The performance has to be viewed against the backdrop of a challenging market environment where volume growth was impacted on account of the residual impact of demonetization and the de-stocking by the trade ahead of the GST implementation, both of which will benefit us in the long run. In such an environment, we focused on initiatives where we can drive the outcome and improve operating parameters to create a more efficient and sustainable business, prepared to take advantage of the improving external conditions and accelerate growth. Overall, it has been a busy and progressive year for us where we have undertaken multiple strategic initiatives to deliver sustainable growth and better utilization of our resources in the future.

ACQUISITION OF NEW TERRITORIES

Over the past two decades, we have constantly demonstrated our ability of exponentially growing market share for PepsiCo in the key markets and territories that we operate in. Our track record has enabled us to consolidate our business association with PepsiCo, increasing the number of licensed territories and sub-territories covered by us, producing and distributing a wider range of PepsiCo beverages, introducing various SKUs in our portfolio, and expanding our distribution network. We have effectively utilized retained earnings for inorganic growth through acquisition of new territories. Acquisitions have been a key component of our growth strategy for last many years that substantially accelerated the Company's revenue trajectory, while making positive contribution to the net income and cash flow. The Company believes it evaluates acquisitions in a measured manner to ensure a conservative acquisition cost and has the experience to drive efficiency and benefits of scale to realize strong value and

earnings from its acquisitions. VBL applies stringent strategic and financial criteria to any potential acquisition or partnership. To further enhance transparency, the Board has approved a set of guidelines during the year to further the Company's M&A activities for viable acquisitions in India.

In line with these guidelines, we have furthered our strategic intent to expand into contiguous territories when an opportunity has presented. The learning, knowledge and mastery of the process that we have attained in one market/territory have been successfully leveraged to expand into other markets/territories. During the year, we have concluded the acquisition of PepsiCo India's previously franchised sub-territories of the State of Odisha, parts of Madhya Pradesh, Chhattisgarh, Bihar and Jharkhand. These regions being highly under-penetrated with low per capita incomes provide huge opportunity for enhancing volumes and market share, which is currently sub-par and significantly below the national average. Further, expansion into contiguous territories helps the Company drive better operating leverage and asset utilization through economies of scale. The above acquisitions will help in garnering an incremental ~6% of PepsiCo India's beverage sales volumes and provide access to an additional consumer base representing ~21% of India's population. VBL is now a franchisee for PepsiCo products across 21 States and 2 Union Territories in India and accounts for ~51% of its beverage sales volumes in India from ~45% a year ago.

Acquisitions have been a key component of our growth strategy for last many years that substantially accelerated the Company's revenue trajectory.

In our international operations, we increased stake in our Zambia subsidiary to 90% from 60% earlier. The acquisition came at a reasonable valuation with an attractive payback given growth prospects and promising earnings potential. It will enable VBL to consolidate a higher share of profits from the subsidiary going forward. In Mozambique subsidiary, we have divested 41% stake in view of limited opportunity to scale up operations and turn around the loss-making operation. In 2016,

VBL is now a franchisee for PepsiCo products across 21 States and 2 Union Territories in India and accounts for

~51% of its beverage sales volumes in India from
~45% a year ago.

the subsidiary contributed only 0.6% to the net revenue and recorded a loss of ₹ 135 million. Further, towards the end of the year, we established a greenfield production facility in Zimbabwe for selling and distributing PepsiCo's products. Commercial production and operations of the unit commenced in February 2018. This is an untapped market with huge potential and as the sole franchisee for PepsiCo in Zimbabwe, we are confident of replicating Zambia's success here as well. We are also in the process of setting up a second plant in Nepal which is a highly profitable market for us. This plant will facilitate deeper penetration in new markets within Nepal thereby opening opportunities for significant market share gains. We will also expand our product basket by adding a juice and water line in Nepal which did not exist earlier, thus adding another vector for volume expansion.

NEW PRODUCT LAUNCHES

We remain agile by keeping on top of new trends and changes in consumer preferences, working closely with PepsiCo India to adjust our product portfolio and processes accordingly. This year, we have launched Pepsi Black, a zero-calorie carbonated beverage in line with PepsiCo's plan to intensify focus on health and nutrition by reducing sugar contents in beverages. The year also saw the launch of 'Sting', a new carbonated energy drink from the PepsiCo stable. Coming at a highly competitive price point, it will have ~50% less sugar than the regular CSD products translating into less than 70 calories per 250 ml serving. We entered into a strategic partnership for selling and distribution of the larger Tropicana portfolio that includes Tropicana Juices (100%, Delight & Essentials), Gatorade in the Sports drink category and Quaker Value-Added Dairy in territories across North and East India. These products with relatively lower seasonality factor will generate better asset turns and facilitate expansion in return ratios and profitability metrics. Besides, by strengthening our presence in fast growing categories during the year, we have future proofed ourselves. We will continue to innovate and work with PepsiCo to roll-out new products in line with the changing consumer preferences to push our strategic intent of driving profitable growth.

DIVIDEND POLICY

We look upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term stakeholder value creation. With the listing of the Company in November 2016, the Board of Directors of the Company decided

to formalize a dividend policy during the year. Some of the salient features of which are:

- Endeavor to maintain a dividend payout in the range of 10-30% of annual standalone profit after tax
- Certain financial parameters to be considered include earnings outlook, future capex requirements, organic growth plans, capital restructuring, debt reduction, cash flows, etc.
- Certain external parameters to be considered include macro-economic environment, regulatory changes, technological changes, statutory and contractual restrictions, etc.
- For a detailed perspective, please refer to our website at www.varunpepsi.com

The Board's approval of the dividend policy is a reflection of our continued focus to deliver on that commitment. The dividend policy reflect our confidence that the successful execution of our strategic plan will continue to generate strong cash flows, enabling us to strike a balance between investing in the business and regularly rewarding shareholders through dividends. The Board of Directors have recommended an interim dividend of ₹ 2.5/share in Q2 CY2017 which has been approved by the board as final dividend for CY2017 and resulted in a cash outflow of ~ ₹ 549.2 million (including dividend distribution tax payable).

MESSAGE TO STAKEHOLDERS

The inherent strength of our robust business model has been proven through our performance during challenging times. In a difficult external environment, we have focused on operational efficiencies, strengthening business with several value

accretive acquisitions and enhanced our product mix, and are at the helm of growth in improving market conditions. We are confident of generating strong free cash flows over the coming years leveraging existing investments. We will be focused on consolidating recently acquired sub-territories and will look to garner market share by increasing our penetration further and through the continuous introduction of new product categories, staying in the path of customer relevance.

We are excited about the potential of our business and are confident of its future. We are present in geographies that offer great long-term, sustainable growth opportunities. Average per capita consumption rates are significantly lower than global averages, in contrast to the stronger GDP growth, increasing disposable incomes and young demographics. With our well-entrenched distribution network, market positioning and strong brand portfolio, we are well-positioned to capture these enormous opportunities and drive profitable growth. We have already seen a strong uptick in our domestic volumes in the second half of CY 2017 and are confident of further accelerating the momentum in line with the historical trend of strong growth and margin expansion delivered by our business.

On behalf of the Board, I thank all our stakeholders including shareholders, investors, bankers, creditors and employees for their continued support. I express my sincere gratitude to all the members of our Board for their continued insights and invaluable guidance as we explore new opportunities and move ahead with confidence.

Warm regards,

Ravi Kant Jaipuria
Chairman

BUILT ON A REFRESHING BUSINESS MODEL

Symbiotic and strategic relation with PepsiCo

We have been an important business partner to PepsiCo for over two decades. Our deep understanding of market dynamics and seasonality factor of this business along with the demonstrated ability to implement good operational and manufacturing practices, and leverage robust infrastructure to consistently grow business, makes us a preferred franchisee. PepsiCo has reciprocated this confidence by granting us additional territories and product license.

PepsiCo

PepsiCo provides territory based franchise rights and supplies the concentrate. It undertakes R&D for product innovation/packaging and enables demand creation through consumer marketing and brand development.

VBL

We in turn leverage our robust infrastructure (plants and depots, technologies, distribution vehicles and visi-coolers) to provide end-to-end execution. Right from gathering climatic information to estimating demand, planning production, procuring raw material, manufacturing, quality control, marketing and distribution, and managing working capital, we adopt a holistic approach to grow volumes. This enhances our sales as well as PepsiCo's goodwill.

A BUSINESS MODEL WITH INTEGRATION ACROSS THE VALUE CHAIN

MANUFACTURING

Solid infrastructure

- 25 state-of-the-art production facilities
- Backward Integrated facilities

DISTRIBUTION AND WAREHOUSING

Robust supply chain management

- 72 depots
- 2,100+ owned vehicles
- 1,000+ primary distributors

We use our extensive distribution network for deep penetration in target markets.

CUSTOMER MANAGEMENT

Demand delivery

- Local level promotion and in-store activation by VBL
- Installed 474,500 visi-coolers
- Brand development and consumer marketing by PepsiCo

We use PepsiCo's brand pull and our own push strategies to create consumer demand.

IN-MARKET EXECUTION

Market share gains

- Experienced region-specific sales team
- Strong marketing team to push products

Responsible for category/volume growth to enhance sales.

COST EFFICIENCIES

Margin expansion

- Production optimization through investment in technologies
- Economies of scale
- Backward integration
- Innovation - Product & packaging

We consistently focus on optimizing operations to reduce costs and enhance margins.

CASH MANAGEMENT

ROE expansion/future growth

- Better working capital management
- Disciplined capex
- Territory acquisition through M&A

We effectively utilize surplus cashflows to procure licenses for new territories and products necessary for scaling business.

AT VARUN BEVERAGES WE ARE EXCITED

We are excited because...

...India has adopted some of the biggest path-defining reforms that are transpiring together into great opportunities. The outlook of the country's steadily formalizing economy looks more promising than ever. Goods and Services Tax (GST) touted as the country's one of the greatest reforms since independent India has brought in new efficiencies by bringing the entire nation under one taxation regime.

...the regions that we are present in have ideal (hot and humid) climatic conditions driving soft drink consumption. Besides being relatively underpenetrated markets, they are forecasted to be amongst the fastest growing soft drinks markets in coming years.

STRONG GROWTH OPPORTUNITIES IN THE REGION OF OUR PRESENCE

Source: Euromonitor Report; Note: * denotes Modeled Countries; Data for modeled countries is created by pegging countries outside Euromonitor's research program to those where they do research, linking together those with a similar consumer culture and development level.

Soft Drinks Industry - India

Million Cases	2016	2017	2022P	CAGR
Carbonates	919	949	1,122	3.4%
Juice	313	336	495	16.9%
Bottled Water	1,967	2,351	6,006	20.6%
Others**	18	19	25	6.3%
Total	3,217	3,655	7,648	15.9%

Source: Euromonitor Report; **Others = Concentrates, RTD Tea, Sports/Energy Drinks

...the Company (PepsiCo) that we have partnered with has drawn out its vision of 'portfolio with purpose 2025' through which it will roll out relevant new products every 2-3 months to meet changing customer expectations. This is likely to enhance brand loyalty and create stronger demand for products.

Together across the licensed territories in six countries that we are present in, we have access to a population of ~950 million people.

WE ARE EXCITED BECAUSE... **WE ARE READY TO DELIVER.**

We have scale and integrated operations

which is extremely critical for profitability and long term sustainability in the beverage industry. It allows us to effectively optimize operations and reduce costs.

We have strong supply chain

which allows us to achieve shortest time to market and replenish stocks in time.

We have experienced promoter and senior management

who are industry veterans with deep understanding of market dynamics and strong business acumen.

We have deep-rooted relations

with PepsiCo which consistently provides us access to new territories and products.

BOARD OF DIRECTORS

1. RAVI KANT JAIPURIA
Promoter & Chairman

He is the promoter of the Company with over three decades of experience in conceptualizing, executing, developing and expanding food, beverages and dairy business in South Asia and Africa. He holds immense reputation as an entrepreneur and business leader. He holds the distinction of being the only Indian to receive PepsiCo's award for International Bottler of the Year, awarded in 1997.

2. VARUN JAIPURIA

RELATED PARTY TRANSACTIONS

To comply with the provisions of Section 188 of the Act and Rules made thereunder read with Regulation 23 of SEBI (LODR) Regulations, your Company took necessary prior approval of the Audit Committee before entering into related party transactions. All contracts / arrangements / transactions entered into by the Company with related parties, as defined under the Act and SEBI (LODR) Regulations during the Financial Year 2017, were in the ordinary course of business and on arm's length basis.

During the year under review, your Company had not entered into any contract / arrangement / transaction with related parties which could be considered material in accordance with the Policy of the Company for Related Party Transactions.

None of the transactions with any of the related parties were in conflict with the interest of the Company rather, these were synchronised and synergised with the Company's operations. Attention of Members is drawn to the disclosure of transactions with the related parties set out in Note no. 44 of the Standalone Financial Statements, forming part of the Annual Report.

Your Company has framed a Policy on Related Party Transactions in accordance with SEBI (LODR) Regulations and as per the amended provisions of the Act. The Policy intends to ensure that proper reporting, approval and disclosure processes are in place for all transactions between the Company and related parties. The policy is uploaded on the website of the Company at <http://varunpepsi.com/wp-content/uploads/2016/09/Policy-On-Related-Party-Transactions.pdf>

Since all transactions which were entered into during the Financial Year 2017 were on arm's length basis and in the ordinary course of business and there was no material related party transaction entered by the Company during the Financial Year 2017 as per Related Party Transactions Policy, hence no detail is required to be provided in Form AOC-2 prescribed under Clause (h) of Sub-section (3) of Section 134 of the Act and Rule 8(2) of the Companies (Accounts) Rules, 2014.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees, Securities and Investments covered under the provisions of Section 186 of the Act are given in the Notes to the Standalone Financial Statements.

- Varun Beverages (Nepal) Private Limited;
- Varun Beverages Morocco SA;
- Varun Beverages Lanka (Private) Limited;
- Ole Springs Bottlers (Private) Limited (step-down subsidiary);
- Varun Beverages (Zambia) Limited; and
- Varun Beverages (Zimbabwe) (Private) Limited.

Associate Company

- Angelica Technologies Private Limited

During the year under review, your Company has increased its shareholding in Varun Beverages (Zambia) Limited from 60% to 90%. Further, your Company has divested its 41% stake in Varun Beverages Mozambique Limitada, consequently, Varun Beverages Mozambique Limitada ceased to be the subsidiary of the Company.

After close of the year under review, Varun Beverages (Zimbabwe) (Private) Limited, a subsidiary of the Company established a greenfield production facility in Zimbabwe for selling and distributing PepsiCo's products. Commercial production and operations of the unit commenced on February 19, 2018.

To comply with provisions of Section 129 of the Act a separate statement containing salient features of Financial Statements of Subsidiaries, Associates and Joint Ventures of your Company forms part of Consolidated Financial Statements.

Financial Statements of the aforesaid subsidiary companies are kept open for inspection by the Members at the Registered Office of your Company during business hours on all days except Saturday & Sunday up to the date of the AGM as required under Section 136 of the Act. Any Member desirous of obtaining a copy of the said Financial Statements may write to the Company at its Registered Office or Corporate Office. The Financial Statements including the Consolidated Financial Statements and all other documents required to be attached to this Report have been uploaded on the website of the Company at www.varunpepsi.com

To comply with the provisions of Regulation 16(c) of SEBI (LODR) Regulations, the Board of Directors of the Company have approved and adopted a Policy for determining Material Subsidiary and as on December 31, 2017 none of the subsidiary is a Material Subsidiary of the Company in terms of the said policy. The policy on Material Subsidiary has been uploaded on the website of the Company at <http://varunpepsi.com/wp-content/uploads/2016/09/Policy-For-Determination-Of-Material-Subsidiary-And-Governance-Of-Subsidiaries.pdf>

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Appointments

Mr. Pradeep Sardana (DIN 00682961), was appointed as an Independent Director of the Company for a period of two years with effect from March 28, 2016. Accordingly, his first term of office is expiring on March 27, 2018. Pursuant to the provisions of Section 161 of the Act and based on the performance evaluation of Independent Directors and on the recommendations of the Nomination and Remuneration Committee, the Board of Directors in their meeting held on February 16, 2018 re-appointed Mr. Pradeep Sardana as an Independent Director of the Company (subject to the approval

of members by a special resolution) with effect from March 28, 2018 for a period of upto 5 (Five) years. A notice has been received from a member of the Company proposing his candidature for being appointed as an Independent Director of the Company.

Mr. Pradeep Sardana, being eligible and offering himself for re-appointment, is proposed to be appointed as an Independent Director for a second term of upto 5 (Five) years with effect from March 28, 2018.

Further, based on the recommendations of the Nomination and Remuneration Committee, the Board of Directors have approved the appointment [subject to the approval of members by ordinary resolution(s)] of Ms. Sita Khosla (DIN : 01001803) w.e.f February 16, 2018, Dr. Ravi Gupta (DIN: 00023487) and Ms. Rashmi Dhariwal (DIN: 00337814) w.e.f March 19, 2018 as Additional Independent Directors of the Company to hold office for a period of upto 5 (Five) years.

Accordingly, Ms. Sita Khosla Dr. Ravi Gupta and Ms. Rashmi Dhariwal, would hold office up to the date of the ensuing AGM. In terms of Section 149 and other relevant provisions of the Act, Ms. Sita Khosla, Dr. Ravi Gupta and Ms. Rashmi Dhariwal, being eligible and offering themselves for appointment, are proposed to be appointed as Independent Directors for a period upto 5 (Five) years. Notice(s) proposing their candidatures under Section 160 of the Act, have been received from a Member of the Company.

Your Company has received necessary declarations from each of the Independent Directors that he / she meets the criteria of independence as laid down under Section 149 of the Act read with Schedule IV and Rules made thereunder, as well as SEBI (LODR) Regulations. The Board considered the independence of each of the Independent Directors in terms of above mentioned provisions and is of the view that they fulfill / meet the criteria of independence and accordingly, recommends the appointments of all the above-mentioned Directors.

To comply with the provisions of Section 152 of the Act and in terms of the Articles of Association of the Company, Mr. Ravi Kant Jaipuria, Non-Executive Director & Chairman and Mr. Raj Pal Gandhi, Whole-time Director are liable to retire by rotation at the ensuing AGM and being eligible, seeks re-appointment. Your Board of Directors recommend their re-appointment.

Statement as at December 31, 2017 pursuant to Rule 12 (9) of Companies (Share Capital and Debentures) Rules, 2014 and the Regulations 14 of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014:

The Company has two Employee Stock Option Schemes viz. Employee Stock Option Scheme – 2013 (ESOS-2013) and Employee Stock Option Scheme - 2016 (ESOS – 2016). All the relevant details of these schemes are provided below.

Following details are also available on the website of the Company and can be accessed at www.varunpepsi.com

- A.** Relevant disclosures in terms of the 'Guidance note on accounting for employee share-based payments' issued by ICAI or any other relevant accounting standards as prescribed from time to time.

Please refer Note no. 52 of Notes to the Standalone Financial Statements forming part of the Annual Report.

- B.** Diluted EPS on issue of shares pursuant to all the schemes covered under the regulations in accordance with 'Indian Accounting Standard (Ind AS) - 33 - Earnings Per Share' or any other relevant accounting standards as prescribed from time to time:

Disclosure on diluted EPS

Fully diluted EPS pursuant to issue of Equity Shares on exercise of stock options calculated in accordance with Ind AS - 33 'Earning Per Share'	ESOS - 2013	ESOS – 2016
	₹ 12.91 on a standalone basis	Not Applicable

C. Details Relating to ESOS – 2013

Sl. No.	Particulars	Details
(i)	(a) Date of shareholders' approval	May 13, 2013
	(b) Total number of options approved / granted	26,75,400
	(c) Vesting requirements	25% - On the date of Grant of options (First Vesting); 25% - On the 1st day of January in the calendar year succeeding the calendar year of First Vest (Second Vesting); 25% - On the 1st day of January in the calendar year succeeding the calendar year of Second Vest (Third Vesting); and 25% - On the 1st day of January in the calendar year succeeding the calendar year of Third Vest (Fourth Vesting) All the options granted under this scheme have been vested on or before January, 2016.
	(d) Exercise price or pricing formula	₹ 149.51 per equity share.
	(e) Maximum term of options granted	5 years for exercising the options from the date of vesting
	(f) Source of shares (primary, secondary or combination)	Primary
	(g) Variation in terms of options	Under the erstwhile ESOS 2013, the vesting was to occur at the time of filing of the Red Herring Prospectus by the Company for the purpose of IPO and the exercise period was to commence only after the IPO. The vesting period got amended by the Board of Directors on December 1, 2015 in such a way that the 1 st , 2 nd and 3 rd vesting occurred on December 1, 2015 and the restriction on exercise of the option after IPO was removed. Thereafter, the ESOS 2013 was amended on November 2, 2016 removing the restriction to exercise the Options in full in respect of the shares vested on a Vesting Date. During the year under review, there was no variation in terms of options.

Sl. No.	Particulars	Details
(ii)	Method used to account for ESOS - 2013	Fair value
(iii)	Difference between the employee compensation cost using the intrinsic value of stock options and the employee compensation cost that shall have been recognized if it had used the fair value of the options. The impact of this difference on profits and on EPS of the Company.	During the Financial Year 2017, the Company followed Fair Value accounting of stock options. All the options have been vested & there were no accounting charge to Statement of Profit & Loss for the year.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED DECEMBER 31, 2017

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Varun Beverages Limited
(CIN: L74899DL1995PLC069839)
F-2/7 Okhla Industrial Area Phase I
New Delhi-110020

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Varun Beverages Limited** (the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

We report that-

- a) Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- b) We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
- c) We have not verified the correctness and appropriateness of the financial statements of the Company.
- d) Wherever required, we have obtained the management representation about the compliances of laws, rules and regulations and happening of events etc.
- e) The compliance of the provisions of the corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.
- f) The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized

representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year started from January 1, 2017 ended on December 31, 2017 ("audit period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on December 31, 2017 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) *The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

- (g) *The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- (h) *The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; and
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015, with which the Company has generally complied with and the compliances of these regulations needs to be streamlined.

*No event took place under these regulations during the audit period.

We have also examined compliance with the applicable clauses of the Secretarial Standard on Meetings of the Board of Directors (SS-1) and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, with which the Company has generally complied with and the compliances of Secretarial Standards needs to be streamlined.

During the audit period, the Company has complied with the provisions of the Act, Rules, Regulations and Guidelines to the extent applicable as mentioned above subject to the observations elsewhere given in this report. Further, as informed by the management, the Company is in process of filing form MGT-14 for resolution passed by the Board in their meeting held on February 20, 2017 for issue of non-convertible debentures aggregating to ₹ 3.00 billion. Though the Company has filed form MGT-14 for special resolution passed by the shareholders authorizing the issue and resolution passed by the Share Allotment Committee of the Board for allotment of non-convertible debentures.

The Company is engaged in the business of manufacturing, selling, bottling and distribution of beverages of Pepsi brand. As informed by the Management, Food Safety & Standards Act, 2006, Rules and Regulations made thereunder, are specifically applicable to the company.

In our opinion and to the best of our information and according to explanations given to us, we believe that the Company is having systems in place to check the compliance of laws specifically applicable to the Company, which needs to be further strengthened. Further, the quarterly report of compliance should be placed before the Board of Directors of the Company.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the audit period were carried out in compliance with the provisions of the Act, however, the re-appointment(s) of two Independent Director(s) is subject to the ratification/ approval by the members of the Company at ensuing Annual General Meeting.

Advance notice is given to all directors to schedule the board meetings, agenda and detailed notes on agenda were

sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Board decisions are carried out with unanimous consent and therefore, no dissenting views were required to be captured and recorded as part of the minutes.

We further report that there are systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines, however, quarterly report of compliance of applicable laws should be placed before the Board of Directors of the Company.

We further report that during the audit period:

1. The shareholders of the Company at their Annual General Meeting held on April 17, 2017 passed the following special resolutions:
 - a) pursuant to the provisions of Regulation 12 of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and all other applicable provisions, if any, of the Act & the rules made thereunder for ratifying the Employee Stock Option Scheme – 2013 (ESOS- 2013) approved by the Shareholders of the Company on May 13, 2013 and Employee Stock Option Scheme – 2016 (ESOS- 2016) approved by the Shareholders of the Company on April 27, 2016; and
 - b) pursuant to the provisions of Section 42, 71 and other applicable provisions, if any, of the Act and the rules made thereunder for approving the issue of secured/ unsecured redeemable non- convertible debentures, in one or more series/ tranches upto ₹ 10,000,000,000/- (Rupees Ten Billion Only) on private placement basis.
2. Pursuant to the resolution passed by the Board at its meeting held on February 20, 2017, allotment of 3000 Secured, Rated, Listed, Redeemable, Non- Convertible Debentures ("Debenture"/ "NCD") of the face value of ₹ 1,000,000/- (One Million Only) was made by the Share Allotment Committee on Private placement basis to RBL Bank Limited and Kotak Mahindra Bank Limited amounting to ₹ 3,000,000,000/- (Rupees Three Billion Only), which were listed on National Stock Exchange of India ("NSE") w.e.f. March 07, 2017.

CORPORATE GOVERNANCE REPORT

To comply with Regulation 34 read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ["SEBI (LODR) Regulations"], the report containing the details of Corporate Governance of Varun Beverages Limited ("the Company"/ "VBL") is as follows:

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance is creation and enhancing long-term sustainable value for the stakeholders through ethically driven business process. At VBL, it is imperative that your Company affairs are being managed in a fair and transparent manner.

Corporate Governance is all about maintaining a valuable relationship and trust with all stakeholders. We consider stakeholders as partners in our success and we remain committed to maximizing stakeholders' value, be it shareholders, employees, suppliers, customers, investors, communities or policy makers. This approach to value creation emanates from our belief that sound governance system, based on relationship and trust, is integral to creating enduring value for all. We have a Code of conduct for ethical conduct of businesses.

We believe, Corporate Governance is not just a destination, but a journey to constantly improve sustainable value creation. It is an upward-moving target that we collectively strive towards achieving. Our multiple initiatives towards maintaining the highest standards of governance are detailed in the following pages.

The Corporate Governance framework of the Company is based on the following broad practices:

- a) Engaging a diverse and highly professional, experienced and competent Board of Directors, with versatile expertise in industry, finance, management and law.
- b) Deploying well defined governance structures that establishes checks and balances and delegates decision making to appropriate levels in the organization.
- c) Adoption and implementation of fair, transparent and robust systems, processes, policies and procedures.
- d) Making high levels of disclosures for dissemination of corporate, financial and operational information to all its stakeholders.

- e) Having strong systems and processes to ensure full and timely compliance with all legal and regulatory requirements and zero tolerance for non-compliance.

Best Corporate Governance practices

VBL maintains the highest standards of Corporate Governance. It is the Company's constant endeavour to adopt the best Corporate Governance practices keeping in view the international codes of Corporate Governance and practices of well-known global companies. Some of the best implemented global governance norms include the following:

- All securities related filings with Stock Exchanges and SEBI are reviewed by the Company's Board of Directors.
- The Company has following independent Board Committees; Audit Committee, Nomination and Remuneration Committee, Corporate Social Responsibility Committee, Share Allotment Committee, Stakeholders' Relationship Committee and Investment and Borrowing Committee.
- The Company also undergoes secretarial audit conducted by an independent Company Secretaries Firm. The Secretarial Audit Report is placed before the Board and is included in the Annual Report.
- Observance and adherence of the Secretarial Standards issued by the Institute of Company Secretaries of India.

Governance Policies

At VBL we strive to conduct our business and strengthen our relationships in a manner that is dignified, distinctive and responsible. We adhere to ethical standards to ensure integrity, transparency, independence and accountability in dealing with all stakeholders. Therefore, we have adopted various codes and policies to carry out our duties in an ethical manner. Some of these codes and policies are:

- Code of Conduct for Board of Directors and Senior Management Personnel.
- Code of Conduct for Prohibition of Insider Trading.
- Code of practices and procedures for fair disclosure of Unpublished Price Sensitive Information.
- Policy on Related Party Transactions.
- Corporate Social Responsibility Policy.

- Policy for Determination of Material Subsidiary and Governance of Subsidiaries.
- Policy for Determination of Materiality of Events / Information.
- Remuneration Policy for Directors, Key Managerial Personnel and Members of Senior Management Personnel.
- Familiarization Programme for Independent Directors.
- Vigil Mechanism/Whistle Blower Policy.
- Policy for Preservation of Documents.
- Policy on Diversity of the Board of Directors.
- Policy on Risk Management.
- Dividend Distribution Policy.
- Archival Policy; and
- Guidelines for Acquisitions in India.

BOARD OF DIRECTORS

As at December 31, 2017, 6 (six) out of 11 (eleven) Directors on the Board are Independent Directors. At VBL, it is our belief that an enlightened Board consciously creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. The Board's actions and decisions are aligned with the Company's best interests. The Board critically evaluates the Company's strategic direction, management policies and their effectiveness.

Size and composition of the Board of Directors as on December 31, 2017 is as follows:

Category	Name of Directors
Promoter Directors	Mr. Ravi Kant Jaipuria (Non-executive Director)
	Mr. Varun Jaipuria (Executive / Whole-time Director)

Category	Name of Directors
Promoter Directors	Mr. Ravi Kant Jaipuria (Non-executive Director)
	Mr. Varun Jaipuria (Executive / Whole-time Director)
Executive / Whole-time Directors	Mr. Raj Pal Gandhi
	Mr. Kapil Agarwal
	Mr. Kamlesh Kumar Jain
Non-executive, Independent Directors	Ms. Sita Khosla*
	Dr. Ravi Gupta**
	Ms. Rashmi Dhariwal**
	Dr. Naresh Kumar Trehan
	Mr. Pradeep Sardana

*Appointed w.e.f February 16, 2018.

** Appointed w.e.f March 19, 2018

Inter-se Relationship among Directors

None of the Director is a relative of other director(s) except Mr. Ravi Kant Jaipuria and Mr. Varun Jaipuria. Mr. Varun Jaipuria is the son of Mr. Ravi Kant Jaipuria, Promoter and Chairman of the Company.

Selection of Independent Directors

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field / profession and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment as an Independent Directors on the Board. The Committee, inter alia, considers qualification as prescribed under the Companies Act, 2013 ("the Act") and SEBI (LODR) Regulations, positive attributes, area of expertise, number of directorships and memberships held in various committees of other companies by such persons in accordance with the Company's Policy for selection of Directors and determining Directors' independence. The Board considers the Committee's recommendation and takes appropriate decision.

A statement, in connection with fulfilling the criteria of Independence and directorships as per the requirement of the provisions of the Act and Regulation 25 of SEBI (LODR) Regulations received from each of Independent Directors, is disclosed in the Board's Report. Your Company had also issued formal appointment letters to all the Independent Directors in the manner provided under the Act. Terms and Conditions for appointment of Independent Directors are available on the website of the Company at www.varunpepsi.com

Directors' Induction and Familiarization

The provision of an appropriate induction programme for new Directors and ongoing training for existing Directors is a major contributor to the maintenance of high Corporate Governance

standards of the Company. The Whole-time Director and the Company Secretary are jointly responsible for ensuring such induction and training programmes are provided to the Directors. The management provides such information and training either at the meeting of Board of Directors or otherwise. The details of such familiarization programmes for Independent Directors are posted on the website of the Company at www.varunpepsi.com

Board Evaluation

The Board of Directors of the Company ensures formation and monitoring of robust Evaluation framework of the Individual Directors including Chairman of the Board, Board as whole and various Committee thereof and carries out the evaluation of the Board, the Committee of the Board and Individual Directors, including the Chairman of the Board on annual basis.

Board Evaluation for the Financial Year ended December 31, 2017 has been completed by the Company internally which included the Evaluation of the Board as a whole, Board Committees and Directors. Further, results of the Evaluation were shared with the Board.

Internal Audit

As recommended by the Audit Committee, the Board of Directors in their meeting held on May 12, 2017 appointed M/s. O.P. Bagla & Co., Chartered Accountants as an Internal Auditor of the Company for the Financial Year 2017 to conduct Internal Audit of the Company and their report on findings is submitted to the Audit Committee on a quarterly basis.

Separate Meeting of Independent Directors

To comply with the provisions of Schedule IV of the Act read with regulation 25 of SEBI (LODR) Regulations. During the Financial Year 2017 the Independent Directors met once on November 6, 2017 without the presence of Executive Directors and Management Representatives and *inter alia* discussed:

- The performance of non-Independent Directors and the Board as a whole;
- The performance of the Chairman of the Company, taking into account the views of executive Directors and non-executive Directors; and
- The quality, quantity and timeliness of flow of information between the Company management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

In addition to formal meetings, interactions also took place between the Chairman and Independent Directors.

BOARD MEETINGS, BOARD COMMITTEE MEETINGS AND PROCEDURES

The Board of Directors is the apex body constituted by shareholders for overseeing the Company's overall functioning. The Board provides and evaluates the Company's strategic direction, management policies and their effectiveness, and ensures that shareholders' long-term interests are being served.

At the end of the year under review, the Board had 5 (five) Committees, namely Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee, Corporate Social Responsibility Committee and Share Allotment Committee.

After close of the year under review, the Board in its meeting held on January 12, 2018 constituted an Investment and Borrowing Committee for the purpose of dealing with banking, investments and borrowing related matters of the Company.

The Company's internal guidelines for Board/Board Committee meetings facilitate the decision-making process at its meetings in an informed and efficient manner.

Board Meetings

The Board meets at regular intervals to discuss and decide on Company / business policies and strategies apart from other regular business matters. The Board/Committee Meetings are pre-scheduled and a tentative annual calendar of the Board and Committee Meetings circulated to all Directors and invitees well in advance to facilitate them to plan their schedule and to ensure meaningful participation in the meetings. The Board is updated on the discussions held at the Committee meetings and the recommendations made by various Committees.

The agenda of the Board/Committee Meetings is set by the Chief Risk Officer & Group Company Secretary in consultation with the Whole-time Director and the Chairman of the Company. The agenda is generally circulated a week prior to the date of the meeting and includes detailed notes on items to be discussed at the meeting to enable the Directors to take an informed decision. However, in case of urgency, the agenda is circulated along with the shorter notice as per the provisions of the Secretarial Standards on Meetings of the Board of Directors. Usually meetings of the Board are held at the Corporate Office of the Company at Gurugram.

Board meets at least once in a quarter to review inter-alia the quarterly results and performance of the Company. Additional meetings are held on a need basis.

The Company also provides facility to the Directors to attend meetings of the Board and its Committees through Video Conferencing mode except in respect of those meetings wherein transactions are not permitted to be carried out by way of video conferencing, to enable their participation.

5 (Five) Board meetings were held during the Financial Year 2017 on February 20, 2017; May 12, 2017; August 09, 2017, November 06, 2017 and December 20, 2017. The gap between two Board meetings was within the limit prescribed under Section 173(1) of the Act.

Board Business

The normal business of the Board includes:

- Framing and overseeing progress of the Company's annual plan and operating framework.
- Framing strategies for direction of the Company and for corporate resource allocation.
- Reviewing financial plans of the Company.
- Reviewing the Annual Report including Audited Annual Financial Statements for adoption by the Members.
- Reviewing progress of various functions and businesses of the Company.
- Reviewing the functioning of the Board and its Committees.
- Reviewing the functioning of subsidiary companies.
- Considering/approving declaration/recommendation of dividend.
- Reviewing and resolving fatal or serious accidents or dangerous occurrences, any material significant effluent or pollution problems or significant labour issues, if any.
- Reviewing the details of significant development in human resources and industrial relations front.
- Reviewing details of foreign exchange exposure and steps taken by the management to limit the risks of adverse exchange rate movement.
- Reviewing compliance with all relevant legislations and regulations and litigation status, including materiality, important show cause, demand, prosecution and penalty notices, if any.
- Reviewing Board Remuneration Policy and Individual remuneration packages of the Directors.
- Advising on corporate restructuring such as merger, acquisition, joint venture or disposals, if any.

- Appointing directors on the Board and Key Managerial Personnel, if any.
- Reviewing various policies of the Company and monitoring implementation thereof.
- Reviewing details of risk evaluation and internal controls.
- Reviewing reports on progress made on the ongoing projects.
- Monitoring and reviewing board evaluation framework.

Board Support

The Chief Risk Officer & Group Company Secretary is responsible for collation, review and distribution of all papers submitted to the Board and Committees thereof for consideration. He is also responsible for preparation of Agenda in consultation with the Whole-time Director and the Chairman of the Company and convening of Board and Committee Meetings. The Chief Risk Officer & Group Company Secretary attends all the meetings of the Board and its Committees, advises and assures the Board on Compliance and Governance principles.

Recording Minutes of proceedings at Board and Committee meetings

The Chief Risk Officer & Group Company Secretary ensures appropriate recording of minutes of proceedings of each Board and Committee meeting. Draft minutes of the proceedings of the meeting are circulated to Board/ Board Committee members for their comments within 15 (fifteen) days of the meetings. The minutes are entered in the Minutes Book within 30 (thirty) days from the conclusion of the meeting as per the Secretarial Standards issued by the Institute of Company Secretaries of India.

Post meeting follow- up mechanism

The guidelines for Board and Board Committee meetings facilitate an effective post meeting follow-up, review and reporting process for decisions taken by the Board and Board Committees thereof. Important decisions taken at Board/ Board Committee meetings are communicated promptly to the concerned departments/divisions. Action-taken report (if any) on decisions/minutes of the previous meeting(s) is placed at the succeeding meeting of the Board/Board Committee for noting.

¹ Re-appointed as Independent Director of the Company for second term of 1 (One) year with effect from April 27, 2017.

COMMITTEES OF THE BOARD

The Board Committees play a vital role in strengthening the Corporate Governance practices and focus effectively on the issues and ensure expedient resolution of the diverse matters. The Board Committees are set up under formal approval of the Board to carry out clearly defined roles which are considered to be performed by members of the Board as a part of good governance practice. The Board supervise the execution of its responsibilities by the Committees and is responsible for their action. The minutes of the proceedings of the meetings of all Committees are placed before the Board for review. The Board Committees can request special invitees to join the meeting, as appropriate.

Procedure at Committee Meetings

The Company's guidelines related to Board meetings are applicable to Committee meetings as far as practicable. Each Committee has the authority to engage outside experts, advisors and counsels to the extent it considers appropriate to assist in its function.

Minutes of proceedings of Committee meetings are circulated to the members and placed before Board meetings for noting.

i) Audit Committee

The Composition and terms of reference of the Audit Committee satisfy the requirement of Section 177 of the Act read with Companies (Meetings of Board and its Powers) Rules, 2014 and Regulation 18 of the SEBI (LODR) Regulations.

The details about specific service contracts, notice period and severance fees etc. are governed by the appointment letter issued to respective Director at the time of his / her appointment.

Criteria of making payments to Non-Executive Directors including all pecuniary relationship or transactions of Non-Executive Directors

The Independent Directors are not paid any remuneration other than the sitting fee for attending meetings of the Board and the Committees thereof as approved by the Board.

There has been no pecuniary relationship or transaction of the Non-Executive Directors' vis-à-vis the Company during the year except the sitting fees paid to them as detailed above.

PROHIBITION OF INSIDER TRADING

To comply with the provisions of Regulation 9 of the Securities and Exchange Board of India (Prohibition of Insider Trading Regulation), 2015, the Company has adopted a Code of Conduct for Prohibition of Insider Trading and the same is uploaded on the website of the Company at www.varunpepsi.com

VIGIL MECHANISM / WHISTLE BLOWER POLICY

To comply with the provisions of Section 177 of the Act and Regulation 22 of SEBI (LODR) Regulations, the Company has adopted a Vigil Mechanism / Whistle Blower Policy for employees of the Company. Under the Vigil Mechanism Policy, the protected disclosures can be made by a victim through an e-mail or a letter to the Chief Risk Officer and Group Company Secretary (Vigilance Officer) or to the Chairperson of the Audit Committee.

The Policy provides for adequate safeguards against victimization of employees and Directors and also provides for direct access to the Vigilance Officer or the Chairperson of

the Audit Committee, in exceptional cases. No personnel of the Company has been denied access to the Audit Committee.

The main objective of this policy is to provide a platform to Directors and employees to raise concerns regarding any irregularity, misconduct or unethical matters / dealings within the Company which have a negative bearing on the organization either financially or otherwise.

This policy provides an additional channel to the normal management hierarchy for employees to raise concerns about any breach of the Company's Values or instances of violations of the Company's Code of Conduct. Therefore, it's in line with the Company's commitment to open communication and to highlight any such matters which may not be getting addressed in a proper manner. During the year under review, no complaint under the Whistle Blower Policy was received.

COMPLIANCE WITH THE CODE OF CONDUCT

To comply with the provisions of Regulation 17(5) of SEBI (LODR) Regulations the Company has adopted the "Code of Conduct for Board of Directors and Senior Management" (Code). The Code is available on the website of the Company at www.varunpepsi.com

On the basis of declarations received from Board Members and Senior Management Personnel, the Whole-time Director & Chief Executive Officer has given a declaration that the Members of the Board of Directors and Senior Management Personnel have affirmed compliance with the Code during the Financial Year 2017. A Copy of such declaration is also attached with this report.

L) Dematerialisation of Shares and Liquidity

As on December 31, 2017, 99.99% of the total equity shares were held in dematerialised form.

The Company does not have any GDR's/ADR's/Warrants or any Convertible instruments having any impact on equity.

M) Commodity price risk or foreign exchange risk and hedging risk.

The details for the same have been provided in the Notes to Financial Statements of the Company for the Financial Year 2017.

N) Plant locations

The Plant locations have been provided at the end of the Annual Report.

O) Reconciliation of Share Capital Audit

The Reconciliation of Share Capital Audit is conducted by a Company Secretary in practice to reconcile the total admitted capital with National Securities Depository Limited and Central Depository Services (India) Limited ("Depositories") and the total issued and listed capital. The audit confirms that the total issued/paid-up capital is in agreement with the aggregate of the total number of shares in physical form and the total number of shares in dematerialised form (held with Depositories) and that the requests for dematerialization of shares are processed by the R&T Agents within stipulated period of 21 (Twenty One) days and uploaded with the concerned depositories.

P) Equity Shares in the Suspense Account

The Company has, in accordance with the procedure laid down in Schedule VI of SEBI (LODR) Regulations, opened a dematerialization account namely, 'UNCLAIMED SUSPENSE SHARES DEMAT ACCOUNT – VARUN BEVERAGES LIMITED'. The details of shares transferred to shareholders out of this account are given below:

Particulars	Number of shareholders	Number of equity shares
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on January 1, 2017	Nil	Nil
Number of shareholders who approached the Company for transfer of shares from suspense account during the year	Nil	Nil

Particulars	Number of shareholders	Number of equity shares
Number of shareholders to whom shares were transferred from suspense account during the year	Nil	Nil
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on December 31, 2017	Nil	Nil

Q) Compliances under SEBI (LODR) Regulations

The Company is regularly complying with the SEBI (LODR) Regulations as stipulated under SEBI (LODR) Regulations. Information, certificates and returns as required under the provisions of SEBI (LODR) Regulations are sent to the stock exchanges within the prescribed time.

The Company has also complied with all the mandatory requirements of SEBI (LODR) Regulations.

Further, the Company has also adopted voluntary requirement of the SEBI (LODR) Regulations relating to the "Separate posts of Chairperson and Chief Executive Officer".

R) CEO and CFO Certification

To comply with of Regulation 17(8) of SEBI (LODR) Regulations, the Chief Executive Officer (CEO) and the Chief Financial Officer (CFO) of the Company have given Compliance Certificate stating therein matters prescribed under Part B of Schedule II of the said Regulations.

To comply with of Regulation 33(2) (a) of SEBI (LODR) Regulations, the CEO & CFO have certified the quarterly financial results while placing the financial results before the Board.

S) Information on Deviation from Accounting Standards, if any

The Company has adopted Indian Accounting Standards (Ind ASs) in preparation of annual accounts for the Financial Year 2017.

T) Investor Correspondence

Mr. Ravi Batra
Chief Risk Officer & Group Company Secretary
Plot No. 31, Sector – 44, Institutional Area, Gurugram 122 002 (Haryana)
Tel: +91 124 4643100; Fax: +91 124 4643303
Email: ravi.batra@rjcorp.in

U) Disclosure of Compliance with Corporate Governance Requirements specified in Regulation 17 to 27 and Regulation 46 of SEBI (LODR) Regulations

The Company has complied with the applicable provisions of SEBI (LODR) Regulations including Regulation 17 to 27 and Regulation 46 of SEBI (LODR) Regulations.

The Company submits a quarterly compliance report on corporate governance signed by Compliance Officer to the Stock Exchange within 15 (fifteen) days from the close of every quarter. Such quarterly compliance reports on corporate governance are also posted on the website of the Company.

Compliance of the Conditions of Corporate Governance has also been audited by an Independent Firm of Practising Company Secretaries. After being satisfied of the above compliances, they have issued a compliance certificate in this respect. The said certificate is attached to this report and the same will be forwarded to the Stock Exchanges along with the Annual Report of the Company.

DISCLOSURES

- (i) The Company has not entered into any material significant related party transactions which have potential conflict with the interests of the Company at large. Your Board of Directors had approved a Policy on Related Party Transactions and the same is uploaded at <http://varunpepsi.com/wp-content/uploads/2016/09/Policy-On-Related-Party-Transactions.pdf>
- (ii) The Company has complied with the requirements of the Stock Exchanges, SEBI and other statutory authorities on all matters relating to capital markets during the Financial Year 2017. No penalties or strictures were imposed on the Company by the Stock Exchanges, SEBI or other statutory authorities relating to the above.

- (iii) Policy for Determination of Material Subsidiary and Governance of Subsidiaries can be accessed at <http://varunpepsi.com/wp-content/uploads/2016/09/Policy-For-Determination-Of-Material-Subsidiary-And-Governance-Of-Subsidiaries.pdf>

GREEN INITIATIVE

Pursuant to Section 101 and 136 of the Act read with Companies (Management and Administration) Rules, 2014 and Companies (Accounts) Rules, 2014, the Company can send Notice of Annual General Meeting, financial statements and other communication in electronic forms. Your Company is sending the Annual Report including the Notice of Annual General Meeting, Audited Financial Statements, Board's Report along with their annexure etc. for the Financial Year 2017 in the electronic mode to the shareholders who have registered their email ids with the Company and/or their respective Depository Participants (DPs).

Shareholders who have not registered their e-mail addresses so far are requested to register their e-mail addresses. Those holding shares in demat form can register their e-mail addresses with their concerned DPs. Shareholders who hold shares in physical form are requested to register their e-mail addresses with the Company, by sending a letter, duly signed by the first/sole holder quoting details of Folio No.

CERTIFICATE ON COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

To
The Members
Varun Beverages Limited

We have examined the compliance of conditions of Corporate Governance by Varun Beverages Limited ("the Company"), for the Financial Year ended December 31, 2017 as stipulated under regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and Para C, D and E of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has substantially complied with the conditions of Corporate Governance as stipulated under regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and Para C, D and E of Schedule V to the Listing Regulations, the compliances of which needs to be further strengthened.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Management Discussion & Analysis

ECONOMIC OVERVIEW & OUTLOOK

Global economy

Global economic activity, which has been on an upswing since mid-2016, continues to firm up in 2017. Global output is estimated to have grown by 3.7% in 2017 led by broad-based growth, with positive surprises in Europe and Asia. It is further encouraging that global growth forecasts for 2018 and 2019 have been revised upward by 0.2 percentage points to 3.9%, reflective of the increased global growth momentum.

(Source: IMF)

Indian economy

2017 was an interesting year for the Indian economy. Firstly, the path-breaking Goods and Services Tax (GST) became a reality. Leaving aside the initial short-term disruptions associated with any major structural reform, the benefits of GST over the medium term are indisputable.

The year also witnessed significant steps being undertaken towards resolution of problems associated with non-performing assets of the banks under the Bankruptcy Code, the implementation of a bank recapitalization package for public sector banks, further liberalization of the foreign direct investment regime, etc. Further strengthening the momentum of reforms was the Union Budget 2018, which focused on uplifting the rural economy, strengthening of the agriculture sector, healthcare for the economically less privileged, infrastructure creation and improvement in the quality of education of the country.

The Indian economy is now a US\$2.5 trillion economy, the seventh largest in the world and is estimated to grow

at 6.6% in 2017-18, as per second advanced estimates released by CSO. Given the positive developments and the series of major reforms undertaken over the past year, the IMF estimates the Indian economy to regain its fastest growing economy tag by growing 7.4% in 2018 and 7.8% in 2019. The key engines supporting the upturn are largely domestic and policy-driven, though a synchronous upturn in global growth will, undoubtedly, provide some tailwind. (Source: IMF)

SOFT DRINKS MARKET OVERVIEW & OUTLOOK

The information in this section includes data published by Euromonitor International Limited.

World soft drinks market

The Global soft drink market comprises carbonates, packaged juices, bottled water, sports/energy drinks, ready-to-drink tea and coffee.

The per capita global soft drink consumption increased from 353 bottles in 2011 to 391 bottles in 2016 and is further expected to reach 434 bottles by 2021. In terms of per capita consumption of soft drinks, Asian and African economies (VBL's key markets) are well behind mature markets like US and Germany. The forecasted per capita volume consumption CAGR for the period of 2016-21 in India (15.1%), Sri Lanka (13.1%), Morocco (12.6%), Nepal (20.0%), Zambia (7.0%), and Zimbabwe (6.1%) where the Company's recently established presence surpasses the projections of several other global markets.

Source: Euromonitor Report; **Note:** * denotes modeled Countries; Data for Modeled countries is created by pegging countries outside Euromonitor's research program to those they research, linking together those with a similar consumer culture and development level.

Soft drinks market in India

The Indian soft drinks market is estimated to be a ₹ 355 billion opportunity and is expected to continue its robust growth

trajectory with a projected volume CAGR of 15.9% over the next five years, led by broad-based growth across the various categories, especially juices and bottled water.

Key Growth Drivers

Low per capita consumption: At 44 bottles per capita consumption in 2016, the soft drinks market in India is relatively under-penetrated compared to matured markets like U.S. (1,496 bottles), Mexico (1,489 bottles) and Germany (1,221 bottles) and even the developing markets like Brazil (537 bottles). India's per capita soft drinks consumption is expected to almost double and reach 84 bottles by 2021.

Growing middle-class: India's economic liberalization in 1991 opened the floodgates for the arrival of a robust middle-class. Strong aspirations of the Indian middle-class will lead to an increase in the demand for premium products including beverages.

Electrification in India: The Union government's ambitious plan to complete rural electrification of 18,458 villages by May 1, 2018 is set to be achieved before target.

Rising affordability: Aggregate consumer expenditure is likely to increase from ₹ 45 trillion in 2010 to nearly ₹ 150 trillion by 2020 - a more than threefold increase in 10 years. This will be accompanied by an increase in affluent and aspiring households from 48 million to more than 100 million in the same time period. The growing aspirations combined with rising affordability are expected to contribute towards a growing market for beverages in India.

Increasing urbanization and innovation: Rising urbanization in India has accelerated the demand for beverages. Higher

spending on packaged products and continuous innovations catering to specific requirements, especially in rural India, in terms of pack sizes and glass bottles to enhance product affordability will strengthen growth rates. VBL's core markets in India are expected to continue their growth momentum with increased penetration in rural and semi-urban markets and rising brand awareness.

Location: Majority of Indian population lives in hot and dry climatic regions or temperate regions being potential consumers for Varun Beverages.

Shift from unorganized to organized: With increased compliance post the roll-out of the Goods and Services Tax (GST), a shift of business is expected from the unorganized to organized players, which would translate into increased market share for organized players like Varun Beverages.

BUSINESS OVERVIEW – A KEY PLAYER IN THE BEVERAGE INDUSTRY

VBL Presence

Varun Beverages Limited (VBL) is a key beverage player with presence across 6 countries, 3 in the Indian Subcontinent (India, Sri Lanka, Nepal) contributing ~90% to revenues, while 3 in Africa (Morocco, Zambia and Zimbabwe) contributing ~10%.

Symbiotic Relationship with PepsiCo

The Company enjoys a strong, symbiotic and long-standing relationship with PepsiCo spanning over two decades, since their entry into India. It accounts for ~51% of PepsiCo's sales volumes in India. The Company tactfully combines PepsiCo's insights, resources and experience with its own bottling, distribution and sales to ensure a win-win situation.

VBL manufactures, sells and distributes products under trademarks and brands owned by PepsiCo which includes carbonated soft drinks, carbonated juices, juice-based drinks, energy drinks and packaged bottled water, through its extensive manufacturing facilities and well-entrenched distribution network. The Company has been granted franchise rights for various PepsiCo products across 21 States and two Union Territories in India, as well as for the territories of Nepal, Sri Lanka, Morocco, Zambia and Zimbabwe.

Business Model

VBL's unique business model, end-to-end execution capabilities and presence across the entire value chain (from investments in manufacturing facilities, distribution and warehousing, customer management and in-market execution, to managing cash flows and future growth) makes it an undisputed leader in the industry. Other than the concentrate, consumer marketing and brands provided by PepsiCo, VBL charts its own success through having complete control over the manufacturing and supply chain process, driving market share gains, enhancing operational excellence for cost efficiencies and judicious capital allocation strategies.

The soft drinks distribution entails relatively complex logistics because of the nature of the packaging, and refrigeration requirements. The Company procures raw material (concentrate from PepsiCo and sugar/other raw materials from approved suppliers), manages manufacturing, bottling and packaging at its production facilities, transports finished goods to the warehouses in trucks and delivers them to the retail outlets through its extensive distribution reach, and also in some cases directly. The products are stored by the retailer in visi-coolers provided and owned by VBL.

The Company has invested significantly in creating a solid infrastructure and it has 20 state-of-the-art manufacturing facilities in India and 5 internationally. It has also made investments in setting-up backward integration facilities for

production of preforms, crowns, corrugated boxes and pads, plastic crates and shrink-wrap films to ensure operational efficiencies and quality standards. The Company's production facilities are strategically located near target markets, facilitating logistics costs optimization. Further, it constantly looks for avenues to optimize these costs.

VBL has a robust supply chain with 72 depots, 2,100+ owned vehicles and 1,000+ primary distributors. The Company, with its dedicated and experienced sales staff focuses on driving growth and expanding market share across categories through consumer push management within its designated sales regions in licensed territories. It undertakes local level promotion, in-store activations, customer relation management, merchandizing, individual account management and evaluation of high demand region for strategic placement of vending machines and visi-coolers. Presently, it has installed ~474,500 visi-coolers across various markets.

VBL has also significantly invested in technology to maximize its distribution efficacy, and automate field work processes through GPRS-enabled handheld device system called SAMNA (Sales Automation Management for the New Age) for real-time sales information.

The Company has presence in 21 States and two Union Territories in India. It leverages its strong execution track record for expanding operations through acquisition of several new sub-territories from PepsiCo, contiguous to existing operations, offering economies of scale advantage. As far as international expansion is concerned, the Company has a growing presence in emerging markets beyond India, characterized by low per capita consumption and expected to deliver volume growth significantly above the world average. The Company plans to further explore opportunities into new geographical markets where it could leverage its operational experience or the market offers significant volume growth.

KEY BUSINESS DEVELOPMENTS – 2017

Acquisition of new territories

- Concluded the acquisition of PepsiCo India's previously franchised sub-territories of the State of Odisha and parts of Madhya Pradesh along with two manufacturing units at Bargarh (Odisha) and Mandideep (MP) w.e.f. Sep 27, 2017
- Concluded the acquisition of PepsiCo India's previously franchised sub-territory of the State of Chhattisgarh w.e.f. Jan 11, 2018
- Acquired franchisee rights of PepsiCo India's previously franchised sub-territory of the State of Bihar w.e.f. Jan 17, 2018
- Acquired a manufacturing unit at Cuttack (Odisha) w.e.f. Jan 19, 2018
- Concluded the acquisition of PepsiCo India's previously franchised sub-territory of the State of Jharkhand along with a manufacturing unit at Jamshedpur.
- Total consideration for above acquisitions is ~₹2,550 million and the Company intend to further spend ~₹350 million in upgrading the plant & machinery and marketing assets in these sub-territories
- Above acquisitions will help in garnering incremental PepsiCo India's volumes of ~6% and further providing access to an additional consumer base of ~21% of India's population
- VBL is now a franchisee for PepsiCo products across 21 States and two Union Territories in India and accounts for ~51% of PepsiCo's beverage sales volumes in India

New product launches

- Launched Pepsi Black, a zero calorie cola flavor CSD product currently available in 250ml cans and 250 ml non-returnable glass bottles
 - o Launch is part of PepsiCo's plan to intensify focus on health and nutrition, reduce sugar content in beverages
- Launched Sting for the next season, a carbonated energy drink available in 250ml cans and 250 ml PET bottles at a highly competitive price point as compared to other brands in the segment
 - o The energy drink contains ~50% less sugar than the regular CSD products and 70 calories per 250ml serving
- Entered into a strategic partnership for selling and distribution of the larger Tropicana portfolio that includes Tropicana Juices (100%, Delight, Essentials) in territories across North and East India
- Entered into a strategic partnership for selling and distribution of Gatorade and Quaker Value-Added Dairy in territories across North and East India

Ratings upgrade

- Company's credit rating for long-term debt of VBL got upgraded by one notch and short-term debt rating continued to remain at top notch

- o Long-Term Debt: CRISIL A+/Positive to CRISIL AA-/Stable
- o Short-Term Debt / Commercial Paper: CRISIL A1+

Capacity expansion / rationalization

- Set up a new unit for manufacturing PepsiCo range of products at District Hardoi, Uttar Pradesh; commercial production / operation started with effect from May 3, 2017
- Goa operations got consolidated into a single larger facility to bring in operational efficiencies
- One CSD glass line each from Sathariya-1 and Bazpur plant were shifted to Nepal and Zimbabwe respectively
- Shut down 4 depots in India as part of rationalization exercise post GST implementation
- Capex for CY17 is in line with depreciation and to substantially reduce going forward

Expanded presence in Africa

- Increased stake in Zambia subsidiary, Varun Beverages (Zambia) Limited, to 90% from 60% at reasonable valuations with an attractive payback given growth prospects and promising earnings potential
 - o Enables VBL to consolidate a higher share of profits from the subsidiary going forward (2017 sales volumes of ~10 million cases; 2017 EBITDA of ₹ 275 million and 2017 PAT of ₹ 178 million)
- Established a greenfield production facility in Zimbabwe, an untapped market with huge potential where it will sell and distribute PepsiCo's products as sole franchisee

Divestment

- Divested 41% stake in its Mozambique subsidiary, Varun Beverages Mozambique Limitada in view of limited opportunity to scale-up operations to turnaround the loss making subsidiary
- Subsidiary contributed only 0.6% to the net revenues from operations in 2016 and recorded a loss of ₹ 135 million in 2016

Dividend Policy

With the listing of the Company in November 2016, the Company's Board of Directors decided to formalize a dividend policy, in line with good Corporate Governance practices.

Salient Features

- Endeavor to maintain a dividend payout in the range of 10-30% of annual profit after tax on standalone financials
- Consider certain financial parameters such as earnings outlook, future capex requirements, organic growth plans, capital restructuring, debt reduction, cash flows, etc.
- Consider certain external parameters such as macro-economic environment, regulatory changes, technological changes, statutory and contractual restrictions, etc.
- For a detailed perspective, please refer to our website www.varunpepsi.com

- The Board of Directors have recommended an interim dividend of ₹ 2.5/share in Q2 CY2017 which has been approved by the board as final dividend for CY2017. This resulted in a cash outflow of ~ ₹ 549.2 million (including dividend distribution tax payable)

Guidelines for Acquisition in India

Varun Beverages effectively utilizes retained earnings for inorganic growth through acquisition of new territories. Acquisitions have been a key component of the Group's growth strategy for many years and substantially accelerated its revenue growth rate, leading to significant positive contribution to its net income and cash flow. VBL applies stringent strategic and financial criteria to any potential acquisition or partnership. Further, to enhance transparency, the Board has decided to set few guidelines to further its M&A activities.

Acquisition Criteria

- The consideration for the target territory/sub-territory shall be up to 1.0x revenue (net of GST) \pm 20%
- The investment will be made such that the consolidated Debt/EBITDA ratio remains under 3x post acquisition
- Acquisition of any territory/sub-territory shall be at an EV of under 6x
 - EV = Volume x EBITDA x 6
 - Volume = last one year proforma volumes of target territory/sub-territory
 - EBITDA = VBL's last one year EBITDA per unit case
- Any M&A related to PepsiCo franchise in the target territory/sub-territory shall be through VBL only
- For a detailed perspective, please refer to our website www.varunpepsi.com

PERFORMANCE HIGHLIGHTS – 2017 VS 2016

(₹ in million)

Particulars	CY 2017	CY 2016	YoY (%)
1. Income			
(a) Revenue from operations	45,162.4	45,314.6	-0.3%
(b) Other income	126.5	357.3	-64.6%
Total income from operations*	45,288.9	45,671.9	-0.8%
2. Expenses			
(a) Cost of materials consumed	18,555.1	16,769.0	10.7%
(b) Excise duty	5,128.4	6,702.8	-23.5%
(c) Purchase of stock-in-trade	277.7	928.4	-70.1%
(d) Changes in inventories of FG, WIP and stock-in-trade	(732.2)	(318.6)	NA
(e) Employee benefits expense	4,628.4	4,210.3	9.9%
(f) Finance costs	2,121.8	4,325.4	-50.9%
(g) Depreciation and amortization expense	3,466.4	3,222.1	7.6%
(h) Other expenses	8,947.3	9,063.0	-1.3%
Total expenses	42,392.8	44,902.4	-5.6%
3. Profit/(loss) before tax and share of profit in associate (1-2)	2,896.0	769.6	276.3%
4. Share of profit in associate	13.5	23.8	-43.2%
5. Profit/(loss) before tax (3-4)	2,909.5	793.4	266.7%
6. Tax expense	769.0	313.0	145.7%
7. Net profit/(loss) for the period (5-6)	2,140.6	480.4	345.6%
8. Minority Interest	39.0	56.6	-31.1%

*Refer the table below

It is pertinent to note that the Company follows a calendar year of reporting and owing to the seasonality aspect of soft drinks business, whereby majority of the sales happen in the summer months, it is best to monitor the business on an annual basis. Revenues and profits follow a bell-curve with significant portion accruing in the April-June quarter.

Further, consequent to the introduction of Goods and Services Tax (GST) with effect from July 01 2017, Central Excise, Value Added Tax (VAT), etc. have been subsumed into GST. In accordance with Indian Accounting Standard - 18 on Revenue and Schedule III of the Companies Act, 2013, unlike Excise Duties, levies like GST, VAT, etc. are not part of Revenue. To facilitate comparison, adjusted revenue calculations are provided below:

(₹ in million)

Particulars	CY 2017	CY 2016	YoY (%)
Gross sales/income from operations (A)	45,162.4	45,314.6	-0.3%
Excise duty on sale* (B)	5,128.4	6,702.8	-23.5%
Net sales from operations (A-B)	40,034.0	38,611.8	3.7%

*Excise duty has been merged with GST from Q3 CY2017 onwards in India. Current number is pertaining to excise duty in India in H1 CY2017 and excise duty & other similar taxes in jurisdictions other than India

Revenue from operations, adjusted for excise/GST, grew 3.7% Y-o-Y in CY2017 to ₹ 40,034 million. The Indian operations contributed 75% of the revenue, rest of the Indian Subcontinent i.e. Nepal and Sri Lanka contributed 14% while the African

contribution stood at 11% in CY2017. Total sales volumes increased marginally by 1.1% Y-o-Y at 278.8 million cases in CY2017 as compared to 275.8 million unit cases in CY2016, impacted on account of the residual impact of demonetization and inventory de-stocking ahead of GST implementation during the first half of the year in India. The performance in the international operations was better, recording a volume growth of 5.9% in CY2017.

EBITDA increased by 5.0% Y-o-Y to ₹ 8,358 million in CY2017 against ₹ 7,960 million in CY2016. EBITDA margins expanded 30 bps Y-o-Y to 20.9% in CY2017. The Company was able to successfully offset the 9.3% Y-o-Y increase in sugar prices during the year through cost efficiencies on account of the consolidation of contiguous territories, proximity of new plants to demand and solid backward integration infrastructure. The Company consolidated its Goa operations into a single larger facility from two earlier, shifted one CSD glass line each from Sathariya-1 (U.P.) and Bazpur (Uttarakhand) plant to Nepal and Zimbabwe respectively and have shut down 4 depots in India as part of rationalization exercise post GST implementation. The Company will continue to undertake consolidation of smaller plants and rationalization of depots to bring in operational efficiencies and are confident of sustaining margins in this range going forward.

PAT increased by 346% to ₹ 2,141 million in CY2017 from ₹ 480 million in CY2016 driven by operational improvements, interest cost savings and Ind-AS adjustments. Another big positive for the Company during the year was the CRISIL rating upgrade of its long-term debt facilities to AA-/Stable from A+/Positive. This is testimony to the strength of the operations and cash flow generation. The Company had already secured top rating for short-term debt i.e. CRISIL A1+.

Net working capital days remained steady at 30 days in CY2017. Net debt to equity stood at 1.3x primarily due to incremental debt availed towards the end of the year for the acquisition of new sub-territories in India and adjustment in equity due to Ind-AS implementation. The Company expects the debt to normalize by the end of its peak season in H1CY2018 on the back of strong internal accruals. Net capex during CY2017

was ₹ 6,615 million which includes organic capex of ~ ₹ 3,915 million and in-organic capex of ~ ₹ 2,700 million for acquisition of parts of MP and Odisha sub-territories and CWIP for setting-up a green field plant in Nepal and Zimbabwe. With majority of the capex behind, the Company expects strong free cash flows from existing investments in the coming years.

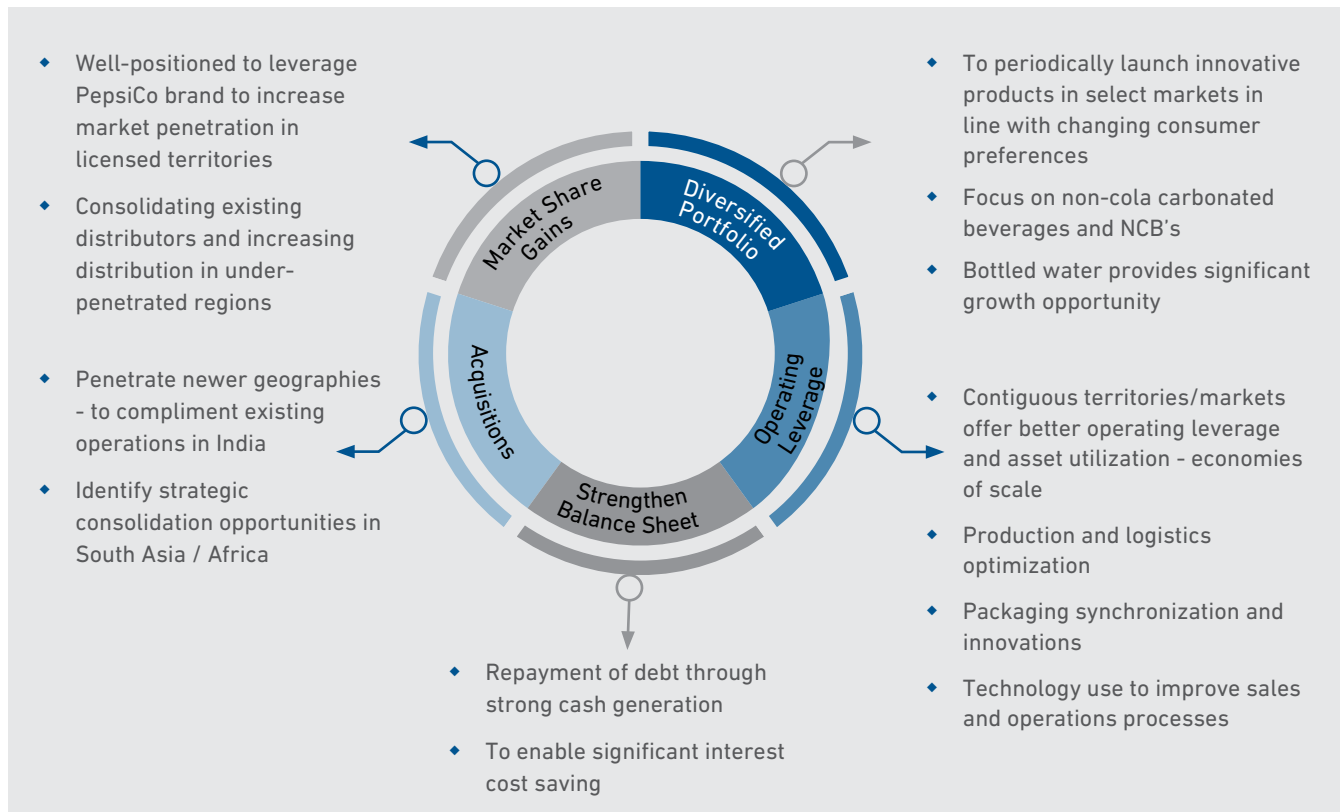

Sales Volumes (2012-17)

*A unit case is equal to 5.678 litres of beverage divided in 24 bottles of ~ 237 ml each

The Company has undertaken several business strengthening initiatives over the years and has a strong execution track record with demonstrated ability to grow market share, revenues and profitability. In a difficult external environment prevailing during the year, the Company focused on enhancing operational efficiencies, creating a stronger business with several value accretive acquisitions, and optimizing product mix. With this, it is attractively placed and prepared to grow as the industry revives. Going forward, the Company shall continue to build upon its competitive positioning in the beverage industry. The focus would be on consolidating and penetrating deeper in the recently acquired sub-territories to garner market share. The Company will remain agile by keeping on top of macroeconomic trends and changes in consumer preferences, to realign portfolio and processes thereby offering innovation and choice.

GROWTH OUTLOOK

VBL's presence in the fastest growing markets, offers great long term, sustainable growth opportunities. Its robust infrastructure and scale, diversified product portfolio, well-entrenched distribution reach, resilient business model and experienced management team with strong understanding of the business complexities, positions it well to capitalize on the significant growth potential in its underpenetrated target markets.

THREATS, RISKS AND CONCERNS

In any business, risks and opportunities are inseparable components. The Company's Directors and management take proactive decisions to protect stakeholder interests. It has Risk Management Policy in place which is monitored and reviewed under the guidance of Audit Committee.

Demand risk: A cyclical downturn can lead to a slowdown in markets where the Company operates, impacting sales velocity.

Mitigation: The Company has demonstrated ability of driving significant growth in sales volumes over the years by offering the right brand, at the right price, in the right package, and through the right channel. Moreover, the Company has presence in relatively underpenetrated markets having appropriate demographics, favorable climatic conditions and rising population facilitating steady growth in demand. The Company also has a wide range of product portfolio enabling it to cater to diverse consumer segments.

Business agreement risk: The Company relies on strategic relationship and agreements with PepsiCo. Termination of agreements, or less favorable renewal terms than currently experienced, could adversely affect profitability.

Mitigation: The Company has been associated with PepsiCo for over two decades and over the years it has consolidated business association with them – increasing the number of licensed territories and sub-territories covered, producing and distributing a wider range of PepsiCo beverages, introducing various SKUs in portfolio, and expanding distribution network. Moreover, the Company also has a demonstrated ability of significantly enhancing PepsiCo's market share making it a favorable partner. The Company enjoys a symbiotic relationship with PepsiCo, working closely together as effective partners for growth, engaging in joint projects and business planning with a focus on strategic issues.

Regulatory risk: Regulations on consumer health and the risk of the Company's products being targeted for discriminatory tax and packaging waste recovery may adversely impact business.

Mitigation: The Company proactively works with PepsiCo, governments and regulatory authorities to ensure that the facts are clearly understood and that its products are not singled out unfairly. VBL adheres to best manufacturing practices and takes the issues of sustainability relating to packaging and waste recovery very seriously. It works closely and constantly engages with stakeholders, including NGOs and

the communities in which it operates, to develop sustainable strategies focused on protecting the environment.

Business viability risk: An inability to integrate the operations of, or leverage potential operating and cost efficiencies from, the newly acquired territories and sub-territories may adversely affect the Company's business and future financial performance.

Mitigation: VBL applies stringent strategic and financial criteria to any potential acquisition or partnership such that it is value accretive, in line with the acquisition guidelines formulated by the Board. Further, the Company invests significant management time and financial resources to integrate and manage newly acquired operations, develop market strategies, overcome local market challenges (including potential cultural and language barriers), and assimilate business practices to ensure business viability of those territories. Acquisition of new territories has been a key component of the Group's growth strategy for many years and substantially accelerated our revenue growth rate, and made a significantly positive contribution to our net income and cash flow.

Concentrate pricing risk: PepsiCo is entitled to various rights under the PepsiCo India and PepsiCo International Agreements, including the right to unilaterally determine the price of the PepsiCo beverage concentrates. In the event any such right is exercised by PepsiCo in a manner adverse to the Company's business interest, it may materially and adversely affect business prospects and future financial performance.

Mitigation: VBL is an important strategic partner to PepsiCo with a long legacy spanning over two decades, and has emerged as the second largest PepsiCo franchisee in the world (outside USA), accounting for ~51% of its sales volumes in India. VBL has a strong track of execution and delivering market share gain in its territories of operation. As a result of this key role played by VBL, the concentrate price is determined by PepsiCo after discussions with VBL, taking into account factors such as selling price, taxation, input costs and market conditions.

Consumer preference risk: Failure to adapt to changing consumer health trends and addressing the misconceptions on the health impact of soft drinks.

Mitigation: VBL's sales team works closely with PepsiCo to ascertain the changing consumer habits and constantly focuses on product innovation and expanding range of products so as to remain in the path of relevance to the consumer.

Raw material risk: An interruption in the supply or significant increase in the price of raw materials or packaging materials may adversely affect the Company's business prospects, results of operations and financial condition.

Mitigation: As an integral part of VBL's continuing efforts targeted at ensuring cost efficiencies, the Company has undertaken a number of initiatives aimed at reduction of cost of goods sold, effective management of operating expenses and improvement in cash flows. These initiatives include backward integration of production facilities and having a centralized procurement team. It further leverages its scale of operations to achieve better bargaining power with suppliers resulting in better working capital management. As an added advantage, the Company is able to get benefits of operating leverage through improved asset-utilization and is able to amortize overheads on a wider base. Additionally, the Company continues to introduce advanced technologies in order to improve operational efficiencies and work processes in its operations, thereby ensuring integrated operational data from manufacturing, planned procurement and superior tracking of transportation of products from distributors to final delivery to the retail point-of-sale.

HUMAN RESOURCES

As of December 31, 2017, VBL employed 6,675 full time employees (4,896 in India and 1,779 in foreign subsidiaries). The Company recognizes the need for change management and talent management throughout the business and its criticality to the future growth and success as any other element of its commercial strategy. A significant emphasis is placed on training personnel, increasing their skill levels, and fostering ongoing employee engagement. VBL organizes in-house training for employees through skill-building programs and professional development programs at all levels and across all functions. Key employees also attend management and staff development programs organized by PepsiCo as well as at leading management institutions of India.

RISK MANAGEMENT, AUDIT AND INTERNAL CONTROL SYSTEM

The Company has well-equipped and operative internal control systems in place commensurate to the size and nature of the business in which it operates. These stringent and comprehensive controls put in place ensures optimal and efficient utilization of resources to an extent that the assets and interests of the Company are safeguarded, transactions are authorized, recorded and properly reported, and reliability and correctness of accounting data is warranted with checks and balances. An extensive program of internal audits and regular reviews by the Audit Committee is carried out to ensure compliance with the best practices. The Company has employed Walker Chandiok & Associates, Chartered Accountants & M/s APAS & Co., Chartered Accountants, the Joint Statutory Auditors of the Company to report on the Financial Controls of the Company.

Business Responsibility Report 2017

Section A: General information about the Company

Sl. No.	Particulars	Details
1	Corporate Identity Number (CIN) of the Company	L74899DL1995PLC069839
2	Name of the Company	Varun Beverages Limited
3	Registered address	F-2/7 Okhla Industrial Area, Phase – I, New Delhi - 110020
4	Website	www.varunpepsi.com
5	E-mail id	complianceofficer@rjcorp.in
6	Financial Year reported	January 1, 2017 to December 31, 2017
7	Sector(s) that the Company is engaged in (industrial activity code wise)	(ITC Code – 220600) Manufacturing and Distribution of Carbonated, Non-carbonated beverages and packaged drinking water.
8	List three key products / services that the Company manufactures / provides (as in balance sheet)	Mountain Dew, Aquafina & Pepsi
9	Total number of locations where business activity is undertaken by the Company:	
	(i) Number of International Locations (Provide details of major 5):	Nepal, Sri Lanka, Morocco, Zambia and Zimbabwe as on date.
	(ii) Number of National Locations:	Presence in 21 States and 2 Union Territories as on date.
10	Markets served by the Company Local / State / National / International	India, Nepal, Sri Lanka, Morocco, Zambia and Zimbabwe.

Section B: Standalone Financial details of the Company

Sl. No.	Particulars	Details	
1	Paid up Capital	₹ 1825.87 million	
2	Total Turnover	₹ 34,905.58 million	
3	Total profit after taxes	₹ 2,355.98 million	
4	Total Spending on Corporate Social Responsibility (CSR) as percentage of profit after tax (%)	2.01 % of average profit for previous three years in respect of standalone VBL	
5	List of activities in which expenditure in 4 above has been incurred	Category	(₹ in Million)
		Promoting education for poor and underprivileged children	24.00
		Providing safe drinking water	3.56
		Promoting Healthcare by participating in “Mission TB Free Haryana” and Free Health Check-up Camps	0.17
		Total	27.73

Section C: Other details

Sl. No.	Particulars	Details
1	Does the Company have any Subsidiary Company/ Companies?	Yes
2	Do the Subsidiary Company/ Companies participate in the BR Initiatives of the parent company? If yes, then indicate the number of such subsidiary company(s)	No
3	Do any other entity/entities (e.g. suppliers, distributors, etc.) that the Company does business with participate in the BR initiatives of the Company? If yes, then indicate the percentage of such entity/entities? [Less than 30%, 30-60%, More than 60%]	No

Section D: Business Responsibility Information

1. Details of Director/Directors responsible for BR

Sl. No.	Particulars	Details	
1	Details of the Director/Directors responsible for implementation of the BR policy/policies	DIN	02079161
		Name	Mr. Kapil Agarwal
		Designation	Whole-time Director and Chief Executive Officer
2	Details of the BR head	DIN	01822576
		Name	Mr. Kamlesh Kumar Jain
		Designation	Whole-time Director & Chief Financial Officer
		Telephone number	+91-124-4643100
		E-mail id	kamlesh.jain@rjcorp.in

2. Principle wise (as per NVGs) BR Policy/policies

The National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business (NVGs) released by the Ministry of Corporate Affairs has adopted nine areas of Business Responsibility. These briefly are as follows:

4. Governance related to BR

Sl. No.	Particulars	Details
1	Indicate the frequency with which the Board of Directors, Committee of the Board or CEO meet to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year	Annually
2	Does the Company publish a BR or Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?	Guidelines for preparation of Business Responsibility Report (BRR) are applicable 1st time on the Company i.e. for the Financial Year 2017, accordingly, no BRR or sustainability report was issued in past.

Section E: Principle-wise performance

Principle 1:

Sl. No.	Particulars	Details
1	Does the policy relating to ethics, bribery, and corruption cover only the company?	Yes
2	Does it extend to the Group/Joint Ventures/Suppliers/Contractors/ NGOs/Others?	No
3	How many stakeholder complaints have been received in the past Financial Year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so	No complaint was received from any stakeholder of the Company during the Financial Year 2017.

Principle 2:

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities:

VBL is in the business of providing high quality products to consumers such as carbonated, non-carbonated sweetened beverages and packaged drinking water and endeavours to make its business and ecosystem sustainable. The Company tries to embed the principles of sustainability, as far as practicable, into the various stages of product, procurement of raw material, manufacturing of product, transportation of raw materials and supply of finished goods. In order to continuously reduce the Company environmental footprint, the Company is improving efficiencies, especially on critical resources such as water and energy, optimising the resource consumption and minimising wastages, increasing green cover in manufacturing plants and also developing on outside establishments. The Company has implemented the guidance provided by international standards such as ISO 14001, OHSAS 18001 and all our unit are AIB and FSSAI certified.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

(a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

The Company follows a number of key Environmental Indicators to monitor the efficiency and consumption of natural resources in manufacturing such as water consumption and reuse, fuel consumption, energy consumption, raw materials yields and waste generation. The Company regularly track these consumptions of critical in nature, resources and track with its goals. However, currently, it is not feasible to measure the same in per unit.

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Reduction in Greenhouse Gases emission which is measured in units of carbon dioxide. Number of initiatives have already been implemented across various units. Some of the key improvements done are use of fuels like biomass for steam generation, Usage of Solar energy and Optimising the water requirements in the manufacturing plants.

3. Does the company have procedures in place for sustainable sourcing (including transportation)? Yes

(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

With a responsible supply chain, the Company has developed a comprehensive and dynamic model, to engage with its suppliers and transporters on material aspects. Regular capacity building and assessments are carried out for key suppliers. However, currently, it is not feasible to measure the same in percentage.

4. Has the company taken any steps to procure goods and services from local and small producers, including communities surrounding their place of work? Yes

(a) If yes, what steps have been taken to improve the capacity and capability of local and small vendors?

The Company has tried to create new paths and provide opportunities to the entrepreneurs and establish local vendors by uplifting their skills in effective manner. The Company also strive to provide opportunities in distressed areas and has devised unique models for empowerment of people in such areas. These sort of interventions not only improve the efficiency and enhance productivity but also contribute to substantial employment creation in communities surrounding the workplaces.

5. Does the company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so:

The Company is committed towards reduction of environmental footprint of its products, waste and packaging materials. The Company focuses on the 3R's: REDUCE, RECYCLE and RECOVER. Such practices includes segregation of different types of waste material so as to regulate the recyclability, anti-litter and recyclable marks on products to remind consumers to dispose in a safe and environment friendly way. The Company supports initiatives to recycle materials and has installed small machineries for shredding the waste; which helps to minimise the volume and also ease the transportation to the recycling agencies. One of the major product segment consists of glass bottle beverages which after consumption of its quality product is returned and reused after taking care of thorough food safety. However, currently, it is not feasible to measure the same in percentage.

Principle 3:

Sl. No.	Particulars	Details
1	Please indicate the Total number of employees	4,896 employees as on December 31, 2017
2	Please indicate the Total number of employees hired on temporary/ contractual/casual basis	5,441 employees as on December 31, 2017
3	Please indicate the Number of permanent women employees	165 employees as on December 31, 2017
4	Please indicate the Number of permanent employees with disabilities	40 employees as on December 31, 2017
5	Do you have an employee association that is recognized by the management?	Yes.
6	What percentage of your permanent employees are members of this recognized employee association?	15.83 %
7	Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment, discriminatory employment in the last financial year and pending, as on the end of the Financial Year	Nil
8	What percentage of your under mentioned employees were given safety & skill upgradation training in the last year?	(a) Permanent Employees - 90%; (b) Permanent Women Employees - 90%; (c) Casual/Temporary/Contractual Employees - 50%; (d) Employees with Disabilities – 100%.

Principle 4:

Sl. No.	Particulars	Details
1	Has the company mapped its internal and external stakeholders?	Yes. Details of Shareholders / Investors banks, employees, business partners are available with the Company.
2	Out of the above, has the company identified the disadvantaged, vulnerable and marginalized stakeholders?	No
3	Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable, and marginalized stakeholders? If so, provide details thereof, in about 50 words or so?	These are covered under the CSR policy of our Company.

Principle 5:

Sl. No.	Particulars	Details
1	Does the policy of the company on human rights cover only the company or extend to the Group/ Joint Ventures/ Suppliers/ Contractors/NGOs/Others?	Policy is applicable only to the Company.
2	How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?	No complaint of any stakeholder was received.

Principle 6:**1 Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/ Contractors/NGOs/ others.**

The policy is applicable to VBL as protection of the environment, health and safety carries very high importance. The Company's Environment, Health and Safety (EHS) policy – refer to the best practices and offers safe and healthy operations for employees, contractors and visitors and displayed as posters and instructions. Having ISO 14001 and OHSAS 18001 certifications for many of plants – demonstrates the commitment towards reaching the industries best levels.

2 Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc? Yes. If yes, please give hyperlink for webpage etc:

Yes, the Company is committed to reach the industry best standards in terms of water usage, energy consumption and other environmental parameters. The progress is documented at the corporate and plant levels and tracked at regular intervals. For hyperlink, please refer Section D on Page no. 76 of BRR.

3 Does the company identify and assess potential environmental risks? Yes**4 Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?**

VBL has undertaken initiatives to reduce Carbon footprint through reduction in the amount of Greenhouse Gases emissions. Some of the key renewable energy projects contributing to GHG savings include installation and commissioning solar plant at the Company's NUH plant and other energy reduction projects. Use of fuels like biomass for steam generation in number of Company's plants. The Company files annual and other environment compliance reports as per Pollution Control Board requirements.

5 Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Yes. If yes, please give hyperlink for web page etc:

The Company is proactively open to accept new technologies that use cleaner fuels and forms energy. Having commissioned a solar power at its manufacturing set up at NUH and redesigned the power generation units in many locations, to use the BIO Mass instead of the non-renewable natural resources. For hyperlink, please refer Section D on Page no. 76 of BRR.

6 Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported? Yes**7 Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year. Nil****Principle 7:**

Sl. No.	Particulars	Details
1	Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with	Yes, the Company is a member of Federation of Indian Chambers of Commerce & Industry.
2	Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/ No; if yes, specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)	No

Principle 8:

1. Does the company have specified programmes/initiatives/ projects in pursuit of the policy related to Principle 8? If yes, details thereof?

The Company do have various initiatives and programs for community development and their wellbeing. Some of them are giving scholarship to school children especially for girls, providing reading material and stationery to poor children, providing funds for safe drinking water facility and wash rooms facility, providing basic food safety and hygiene training and awareness to school children, pond cleaning in different villages, creating awareness for water conservation along with rural and slum area development etc.

2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/ any other organization?

All the community development initiatives were undertaken by in-house team of professionals and sometime with the help of external agencies/ organizations.

3. Have you done any impact assessment of your initiative?

Yes. Informal feedbacks were taken from time to time.

4. What is your company's direct contribution to community development projects - Amount in INR and the details of the projects undertaken?

The Company has spent ₹ 27.73 Million towards promoting education for poor and underprivileged children, drinking water and promoting health services under its various CSR initiatives. Apart from this, the Company has also contributed to community development initiatives like environment protection and driving Swatch Bharat Abhiyan etc. at plant levels, however, presently it is not feasible to quantify the amount contributed towards the same.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words or so.

Yes. The Company has ensured the same through internal tracking mechanisms and field visits. Informal Feedback also obtained from the community for such initiatives.

Principle 9:

Sl. No.	Particulars	Details
1	What percentage of customer complaints/consumer cases are pending as on the end of financial year?	76.63 % of complaints are pending resolution.
2	Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./Remarks (additional information)	Yes, the Company provides information related to storage conditions and consumption days.
3	Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anticompetitive behavior during the last five years and pending as on end of financial year? If so, provide details thereof, in about 50 words or so:	Yes, there are three cases pending before different consumer forums for putting different MRP of same products but sold at different Point of Sales, which are alleged to be an unfair trade practice. There are no cases alleging irresponsible advertising and / or anti-competitive behavior.
4	Did your company carry out any consumer survey/ consumer satisfaction trends?	No

Independent Auditor's Report

To the Members of Varun Beverages Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Varun Beverages Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associates, which comprise the Consolidated Balance Sheet as at 31 December 2017, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The Holding Company's Board of Directors and the respective Board of Directors of the subsidiaries included in the Group, and its associates are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms of the provisions of the Act, the respective Board of Directors of the companies included in the Group, and its associate companies covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.
4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 9 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on these consolidated financial statements.

Independent Auditor's Report to the members of Varun Beverages Limited, on the Consolidated Financial Statements for the year ended 31 December 2017 (Cont'd)

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and associates, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (consolidated financial position) of the Group and its associates as at 31 December 2017, and their consolidated profit (consolidated financial performance including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matters

9. We did not audit the financial statements of seven subsidiaries, whose financial statements reflect total assets of ₹ 13,007.42 million and net assets of ₹ 793.36 million as at 31 December 2017, total revenues of ₹ 11,653.25 million and net cash inflows amounting to ₹ 160.47 million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 13.50 million for the year ended 31 December 2017, as considered in the consolidated financial statements, in respect of two associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

10. The Holding Company had prepared separate sets of consolidated financial statements for the year ended 31 December 2016 and 31 December 2015 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and other accounting principles generally accepted in India, which were audited jointly by Walker Chandio & Associates, Chartered Accountants and O.P. Bagla & Co., Chartered Accountants who expressed an unmodified opinion vide audit reports dated 20 February 2017 and 28 March 2016 respectively. The Standalone financial statements of the Holding Company and the consolidated financial statements have been adjusted for the differences in the accounting principles adopted by the Holding Company on transition to Ind AS, which have been audited jointly by Walker Chandio & Associates, Chartered Accountants and APAS & Co., Chartered Accountants and by other auditors in case of the standalone financial statements of the seven subsidiaries and two associates whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far it related to the amounts and disclosures included in respect of these subsidiaries and associates are based solely on the reports of such other auditors. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

11. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries and associates, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

Independent Auditor's Report to the members of Varun Beverages Limited, on the Consolidated Financial Statements for the year ended 31 December 2017 (Cont'd)

- d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act;

On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its associate companies covered under the Act, none of the directors of the Group companies and its associate companies covered under the Act, are disqualified as on 31 December 2017 from being appointed as a director in terms of Section 164(2) of the Act;

- e) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, and its associate companies covered under the Act and the operating effectiveness of such controls, refer to our separate report in 'Annexure 1'; and

- f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and associates:

- (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates as detailed in Note 45 to the consolidated financial statements;
- (ii) the Group and its associates did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its associate companies covered under the Act during the year ended 31 December 2017; and
- (iv) These consolidated financial statements have made requisite disclosures in Note 14 as to holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 by the Holding Company and its associate companies covered under the Act. Based on the audit procedures performed and taking into consideration reports of the other auditors on separate financial statements of associate companies and the information, explanations and representations given to us by the management of the Holding Company, we report that the amounts disclosed in the said Note is in accordance with the books of accounts maintained by the Holding Company and its associate companies covered under the Act, except for disclosure in the said Note in relation to permitted receipts and permitted payments upon which we are unable to comment in the absence of necessary details.

Annexure 1 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited on the Consolidated Financial Statements for the year ended 31 December 2017

Annexure 1

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Varun Beverages Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associates as at and for the year ended 31 December 2017, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Holding Company and its associate companies, which are companies covered under the Act, as at that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its associate companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its subsidiary companies and its associate companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note, issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, its subsidiary companies and its associate companies as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of

Annexure 1 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited on the Consolidated Financial Statements for the year ended 31 December 2017 (Cont'd)

the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on IFCoFR of the associate companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 December 2017, based on the internal financial control over financial reporting criteria established by the respective company considering the essential components of internal financial controls stated in the Guidance Note issued by the ICAI.

Other Matters

9. We did not audit the IFCoFR in so far as it relates to two associate companies, which are companies covered under the Act, in respect of which, the Group's share of net profit (including other comprehensive income) of ₹ 13.50 million for the year ended 31 December 2017 has been considered in the consolidated financial statements. The IFCoFR in so far as it relates to such associate companies have been audited by other auditor whose reports has been furnished to us by the management and our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company and its associate companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such associate companies is based solely on the report of the auditor of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the report of the other auditor.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

1. Corporate information

Varun Beverages Limited ("VBL" or "the 'Company'") is a public limited Company domiciled in India and is listed on Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India (NSE). The Company was incorporated on 16 June 1995 under the provisions of the Companies Act 1956.

The Company together with its subsidiaries and associates (hereinafter, "the Group") is engaged in manufacturing, selling, bottling and distribution of beverages of Pepsi brand in geographically pre-defined territories of India, Sri Lanka, Nepal, Zambia, Morocco, Zimbabwe and Mozambique as per franchisee agreement with PepsiCo India Holdings Private Limited ("PepsiCo India") and its affiliates.

2. Basis of preparation

These Consolidated Financial Statements ("the CFS") of the Group have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standard) Rules, 2015 and stipulations contained in Schedule III (revised) as applicable under Section 133 of the Companies Act, 2013 ("the Act") as amended from time to time and other pronouncements/ provisions of applicable laws.

For all periods up to and including the year ended 31 December 2016, the Group prepared its financial statements in accordance with the Accounting Standards notified under the Section 133 of the Act read together with Rule 7 of the Companies (Accounts) Rules 2014 ("Indian GAAP"). These consolidated financial statements of the Group are authorised for issue on 16 February 2018 in accordance with a resolution of the Board of Directors. The revision to financial statements are permitted by Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of Companies Act, 2013.

The CFS for the year ended 31 December 2017 is the first time that the Group has prepared in accordance with Ind AS. The transition to Ind AS was carried out retrospectively as on the transition date of 01 January 2016. The CFS contains an opening balance sheet as on 01 January 2016, comparative information for 31 December 2016 presented under Ind AS and reconciliation for key changes for amounts reported under Indian GAAP and Ind AS.

The CFS have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- i. Derivative financial instruments;
- ii. Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- iii. Defined benefit plans- plan assets measured at fair value; and
- iv. Share based payments;

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current if it satisfies any of the following conditions:

- i. Expected to be realised or intended to sold or consumed in normal operating cycle
- ii. Held primarily for the purpose of trading
- iii. Expected to be realised within twelve months after the reporting period,
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current if it satisfies any of the following conditions:

- i. It is expected to be settled in normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and its realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts disclosed in the CFS and notes have been rounded off to the nearest million as per the requirement of Schedule III to the Act, unless otherwise stated.

2.1. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company, its subsidiaries and associate. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a) The contractual arrangement with the other vote holders of the investee;
- b) The rights arising from other contractual arrangements;
- c) The Group's voting rights and potential voting rights; and
- d) The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

An associate is an entity over which the Group has significant influence, i.e., the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended 31 December. When the end of the reporting period of the parent is different from that of a subsidiary/ associate, the subsidiary/ associate prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

The following consolidation procedures are adopted:

Subsidiary:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date;
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill; and
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Ind AS 12 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Profit or loss and each component of Other Comprehensive Income ("OCI") are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- Derecognises the carrying amount of any non-controlling interests;
- Derecognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in Consolidated Statement of Profit and Loss;
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

Associates:

Interests in associates are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. When a member of the Group transacts with an associate of the Group, profits and losses from transactions with the associate are recognised in the CFS only to the extent of interests in the associate that are not related to the Group.

The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate since the acquisition date. Goodwill relating to the associate is included in the carrying amount of the investment.

The Consolidated Statement of Profit and Loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the statement of changes in equity.

Unrealised gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate. The aggregate of the Group's share of profit or loss of an associate is shown on the face of the Consolidated Statement of Profit and Loss.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognises the loss as 'Share of profit of an associate' in the Consolidated Statement of Profit and Loss.

Upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant and the fair value of the retained investment and proceeds from disposal is recognised in the Consolidated Statement of Profit and Loss.

3. Summary of significant accounting policies

a) Fair value measurements

The Group measures financial instruments at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

measurement is directly or indirectly observable; and

- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Revenue is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment and excludes taxes/duties collected on behalf of the government.

Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Excise duty is a levy on manufacture irrespective of ultimate sale of goods and hence the recovery of excise duty flows to the Group on its own account. Accordingly, revenues from sale of goods are stated gross of excise

duty. GST, sales tax and value added tax (VAT) are not received by the Group on its own account but collected on behalf of the government and accordingly, are excluded from revenue.

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate ("EIR"). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial assets. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the Consolidated Statement of Profit and Loss.

Dividends

Dividend is recognised when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

Services rendered

Revenue from service related activities is recognised as and when services are rendered and on the basis of contractual terms with the parties.

c) Inventories

Inventories are valued as follows:

- Raw materials, components and stores and spares:** At lower of cost and net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- Work-in-progress:** At lower of cost and net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads including depreciation. Cost is determined on a weighted average basis.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

iii. Intermediate goods/ Finished goods:

- a) **Self manufactured** - At lower of cost and net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
- b) **Traded** - At lower of cost and net realisable value. Cost represents purchase price and other direct costs and is determined on a weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Provision for obsolescence is determined based on management's assessment and is charged to the Consolidated Statement of Profit and Loss.

d) Property, plant and equipment

Property, plant and equipment and capital work in progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

Cost comprises the purchase price, borrowing costs if capitalization criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The cost of an item of property, plant and equipment is recognised as an asset if, and only if:

- a. it is probable that future economic benefits associated with the item will flow to the entity; and
- b. the cost of the item can be measured reliably.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increased the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day- to- day repair and maintenance expenditure and cost of replacing parts, are charged to the Consolidated Statement of Profit and Loss for the period during which such expenses are incurred. Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as a part of indirect construction cost to the extent the expenditure is related to construction or is incidental thereto. Other indirect costs incurred during-the construction periods which are not related to construction activity nor are incidental thereto are charged to the Consolidated Statement of Profit and Loss.

Value for individual assets acquired for a consolidated price, the consideration is apportioned to the various assets on a fair value basis as determined by competent valuers.

The management has estimated, supported by technical assessment, the useful lives of property, plant and equipment. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Description	Useful lives (upto)
Leasehold land	Over lease period
Buildings-factory	20-50 years
Buildings-others	59-60 years
Plant and equipment	4-20 years
Furniture and fixtures	5-10 years
Delivery vehicles	4-10 years
Vehicles (other than delivery vehicles)	4-7 years
Office equipment	4-10 years
Computer equipment	3-5 years
Containers	4-10 years
Post-mix vending machines and refrigerators (Visi -Cooler)	7-10 years

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Depreciation on property, plant and equipment is provided over the useful life of assets as specified in Schedule II to the Act, except where the management, based on independent technical assessment, depreciates certain assets over estimated useful lives which are different from the useful life prescribed in the Schedule II to the Act. The Group has used the remaining useful lives to compute depreciation on its property, plant and equipment, acquired under the business transfer agreement based on external technical evaluation.

Depreciation on property, plant and equipment which are added/disposed off during the year is provided on a pro-rata basis with reference to the month of addition/deletion. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The Company has technically evaluated all the property, plant and equipment for determining the separate identifiable assets having different useful lives under the component approach. On technical evaluation of all separate identifiable components, the management is of the opinion that they do not have any different useful life from that of the principal asset.

In case of revaluation of leasehold land, the resulting amortisation of the total revalued amount is expensed off to the Consolidated Statement of Profit and Loss. Breakages of containers are adjusted on 'first bought first broken' basis, since it is not feasible to specifically identify the broken containers in the fixed assets records.

e) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in Consolidated Statement of Profit and Loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Consolidated Statement of Profit and Loss.

Intangible assets are amortized on straight line basis using the estimated useful life as follows:

Intangible assets	Useful lives (years)
Software	3-5 Years
Market infrastructure	5 Years

The franchise rights and trademarks acquired as part of business combinations normally have a remaining legal life of not exceeding ten years but is renewable every ten years at little cost and is well established. The Group intends to renew these rights continuously and evidence supports its ability to do so. An analysis of product life cycle studies, market and competitive trends provides evidence that the product will generate net cash inflows for the Group for an indefinite period. Therefore, these rights have been carried at cost without amortization, but is tested for impairment annually, at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

f) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. For arrangements entered into prior to 1 January 2016, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Group as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term.

Group as a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on straight line basis over the term of the relevant lease.

h) Employee benefits

Contribution to provident and other funds

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund.

The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity

Gratuity is a defined benefit scheme. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. The Group recognises termination benefit as a liability and an expense when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the termination benefits fall due more than twelve months after the balance sheet date, they are measured at present value of future cash flows using the discount rate determined by reference to market yields at the balance sheet date on government bonds.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Gratuity liability is accrued on the basis of an actuarial valuation made at the end of the year. The actuarial valuation is performed by an independent actuary as per projected unit credit method, except for few subsidiary companies where gratuity liability is provided on full cost basis.

Re-measurements, comprising actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in Consolidated Statement of Profit and Loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring cost

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Group recognises the following changes in the net defined benefit obligation as an expense in the Consolidated Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Compensated absences

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit which are computed based on the actuarial valuation using the projected unit credit method at the year end except for few subsidiary companies where accumulated leave liability is provided on full cost basis. Actuarial gains/losses are immediately taken to the Consolidated Statement of Profit and Loss and are not deferred. The Group presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where Group has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the balance is presented as a non-current liability.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

All other employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, bonus, etc. are recognised in the Consolidated Statement of Profit and Loss in the period in which the employee renders the related service.

i) **Share-based payments**

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments, which are classified as equity-settled transactions.

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised as an employee benefit expense with a corresponding increase in 'Share- Based Payment Reserves' in other equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through Consolidated Statement of Profit and Loss.

j) Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency. Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement or translation of monetary items are recognised in the Consolidated Statement of Profit and Loss.

Exchange differences pertaining to long-term foreign currency monetary items obtained or given on or before 31 December 2016: Exchange differences arising on conversion of long term foreign currency monetary items used for acquisition of depreciable fixed assets are added to the cost of fixed assets and is depreciated over the remaining life of the

respective fixed asset and in other cases, is recorded under the head 'Foreign Currency Monetary Item Translation Difference Account' and is amortised over the period of maturity of underlying long term foreign currency monetary items, in accordance with the option available under Ind AS 101.

Exchange differences pertaining to long-term foreign currency monetary items obtained or given on or after 01 January 2017: Exchange differences arising on conversion of long term foreign currency monetary items obtained or given is recorded in the Consolidated Statement of Profit and Loss.

Group companies

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

Cumulative currency translation differences for all foreign operations are deemed to be zero at the date of transition. Gain or loss on a subsequent disposal of any foreign operation excludes translation differences that arose before the date of transition but includes only translation differences arising after the transition date.

k) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' and Ind AS 19 'Employee Benefits' respectively.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 'Financial Instruments' ("Ind AS 109"), is measured at fair value with changes in fair value recognised in Consolidated Statement of Profit and Loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets

acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in Consolidated Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Business combinations involving entities that are controlled by the Group are accounted for using the 'pooling of interests' method as follows:

- The assets and liabilities of the combining entities are reflected at their carrying amounts;
- Except for adjustments made to harmonise accounting policies, no adjustments are made to reflect fair values, or recognise any new assets or liabilities;
- The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against general reserve;
- The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee; and
- The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

l) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with and that the grant will be received.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. That grant is recognised in the Consolidated Statement of Profit and Loss under 'revenues'. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet by recording the grant as deferred income which is released to the Consolidated Statement of Profit and Loss on a systematic basis over the useful life of the asset.

Grants related to income are recognised as income on a systematic basis in the Consolidated Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and are presented as 'other operating revenues'.

m) Taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period and comprises current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 and respective local jurisdictions of members of the Group.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their book bases. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax liabilities are recognised for all taxable temporary differences except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries and associate, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in subsidiaries and associate, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred income taxes are not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset

to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Minimum Alternate Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the relevant members of the Group will pay normal income tax during the specified period. Such asset is reviewed at each reporting period end and the adjusted based on circumstances then prevailing.

n) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The business activities of the Group predominantly fall within a single operating segment, i.e., manufacturing and sale of beverages. The Group operates in two principal geographical areas, namely, India and other countries or 'outside India'. The Group prepares its segment information in conformity with the accounting policies adopted for preparing the CFS.

o) Discontinued operations

A discontinued operation is a component of the Group that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations;
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the Consolidated Statement of Profit and Loss

p) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded company's or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Consolidated Statement of Profit and Loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change

in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Consolidated Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

q) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

For purposes of subsequent measurement, financial assets are classified as follows:

a) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost where the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and contractual terms of the asset give rise to cash flows on specified dates that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The interest income from these financial assets is included in other income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

b) Debt instruments at Fair Value Through Other Comprehensive Income

Assets that are held for collection of contractual cashflows and for selling the financial assets, where the cash flow represent solely payments of principal

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

and interest, are measured at fair value through other comprehensive income ("FVOCI"). The Group has not designated any debt instrument in this category.

c) Debt instruments at Fair Value Through Profit or Loss

Fair Value Through Profit or Loss ("FVTPL") is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a debt instrument which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss. The Group has not designated any debt instrument in this category.

d) Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 'Business Combinations' applies are Ind AS classified as at FVTPL. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Profit and Loss.

For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair values. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

De-recognition

A financial asset is derecognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive the contractual cash flows from the asset in a transaction in which substantially all the risks and rewards of ownership of the asset are transferred.

Impairment of financial assets

The Group measures the Expected Credit Loss ("ECL") associated with its assets based on historical trends, industry practices and the general business environment in which it operates. The impairment methodology applied depends on whether there has been a significant increase in credit risk. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Consolidated Statement of Profit and Loss under the head 'other expenses'.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses are recognised in the Consolidated Statement of Profit or Loss, except for those attributable to changes in own credit risk, which are recognised in OCI. These gains/loss are not subsequently transferred to the profit or loss.

b) Financial liabilities at amortised cost

After initial recognition, financial liabilities designated at amortised costs are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The amortisation is included as finance costs in the Consolidated Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

Derivatives are initially recognised at fair value on the date of executing a derivative contract and are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial

liabilities when the fair value is negative. Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recognised in the profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

r) **Non-current assets and liabilities classified as held for sale**

Non-current assets classified as held for sale are presented separately in the Balance Sheet and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. Once classified as held for sale, the assets are not subject to depreciation or amortisation. Any gain or loss arises on remeasurement or sale is included in Consolidated Statement of Profit and Loss

s) **Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

t) **Dividend distribution to equity holders of the parent**

The Group recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

u) **Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

v) **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements. Contingent assets are only disclosed when it is probable that the economic benefits will flow to the entity.

w) **Earnings per share**

Basic earnings/ (loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, other than conversion of potential equity shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings/ (loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.1. **Significant accounting judgements, estimates and assumptions**

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Group has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the consolidated financial statements. Changes in estimates are accounted for prospectively.

i) **Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

a) **Contingencies**

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

b) **Recognition of deferred tax assets**

The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forward can be utilised. In addition, significant judgement is required in assessing the impact of any legal or

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

economic limits or uncertainties in various tax jurisdictions.

c) Classification of leases

The Group has various leasing arrangements and its classification between finance or operating leases is based on assessment of several factors such as lessee's option to purchase including estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased assets and transfer of ownership of leased asset at end of lease term.

ii) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group bases its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

a) Useful lives of depreciable assets

The Group reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets.

b) Defined benefit obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. In view of the

complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

c) Inventories

The Group estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

d) Business combinations

The Group uses valuation techniques when determining the fair values of certain assets and liabilities acquired in a business combination. In particular, the fair value of contingent consideration is dependent on the outcome of many variables including the acquirees' future profitability.

e) Impairment of non-financial assets and goodwill

In assessing impairment, the Group estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

f) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

- i. **Ind AS 101 Exemption:** The Group has availed the exemption available under Ind AS 101, where the carrying value of other intangible assets as at 01 January 2016 has been carried forward at the amount as determined under the Indian GAAP.

The adjustment made to these carrying values is for fair value of deferred payment liabilities for other intangible assets acquired in business combinations (Refer note 64 I) and consolidation of subsidiaries under common control (Refer note 55 E). The deemed cost as at 01 January 2016 is the gross carrying amount less accumulated amortisation as on that date.

- ii. In the year ended on 31 December 2017, the Group acquired PepsiCo India Holdings Private Limited (PepsiCo India's) previously franchised territories in the State of Odisha and parts of Madhya Pradesh along with two manufacturing units at Bargarh and Bhopal (Mandideep) from other franchisees. This resulted into recognition of among other assets, franchise rights and goodwill (Refer note 55 A).
- iii. In the past, the Company had carried out similar acquisitions of territories along with manufacturing facilities from PepsiCo India and other franchisees. The assets so acquired were fair valued which resulted into recognition of franchise rights amounting of ₹ 4,350.12.

Under the erstwhile Indian GAAP, the Group followed an accounting policy of amortisation of these acquired franchise rights over 10 years as indefinite life was not permitted, based on the initial tenure these rights were granted. Post transition to Ind AS, the Group has considered the related provisions of Ind AS 38 on 'Intangibles Assets' which permit certain intangible assets to have an indefinite life and accordingly the carrying value of these franchise rights on the transition date have been considered to have an indefinite life. These franchise rights meet the prescribed criteria of renewal at no nominal cost, renewal at no specific conditions attached and is supported by evidences of being renewed. Management is of the opinion that, based on an analysis of all of the relevant factors, there is no foreseeable limit to the period over which the franchise rights is expected to generate net cash inflows for the Group.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Intangible assets with indefinite useful lives are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable.

The assumptions used in this impairment assessment are most sensitive to following:

- Weighted average cost of capital "WACC" of 16.10%.
- For arriving at the terminal value, approximate growth rate of 5% is considered.

6. Investments in associates

(₹ in million)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Investment in equity shares in associates (unquoted)			
35,474 (31 December 2016: 35,474, 01 January 2016: 35,474) fully paid equity shares of ₹ 10 each in Angelica Technologies Private Limited	12.56	12.56	12.56

Description of nature and purpose of each reserve:

Capital reserve on consolidation - Created on additional consideration paid in form of cash on business combinations involving entities including businesses/entities under common control.

Capital reserve - Created on merger of Varun Beverages International Limited with the Holding Company pursuant to and in accordance with the Court approved scheme of amalgamation, prior to the transition date. Comparative period also includes reserve created on account of assets received without any consideration by a subsidiary.

General reserve - Created by way of transfer from debenture redemption reserve on redemption of debentures and is not an item of other comprehensive income.

Debenture redemption reserve - Created as per provisions of the Companies Act, 2013 (as applicable to Holding Company) out of the distributable profits and can only be utilised for redemption of debentures.

Securities premium reserve - Created to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

Retained earnings - Created from the profit / loss of the Group, as adjusted for distributions to owners, transfers to other reserves, etc.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

Exchange differences on translating the financial statements of foreign operations - Exchange differences arising on translation of the foreign operations of the Group, recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed.

Share based payment reserve - Created for recording the grant date fair value of options issued to employees under employee stock option schemes and is adjusted on exercise/ forfeiture of options.

Foreign currency monetary item translation difference account - Created for recording exchange differences arising on restatement of long term foreign currency monetary items, other than for acquisition of fixed assets, and is being amortised over the maturity period of such monetary items.

a) Terms and conditions of issue and conversion/redemption of compulsorily convertible debentures (CCDs) are as under:

All the CCDs have been converted to equity share capital during the year ended 31 December 2016 and hence there are no CCDs outstanding as at 31 December 2016. The particulars as at 01 January 2016 are as under and were recorded at face value of ₹ 4,198.98 as per Indian GAAP.

No. of debentures	Date of issue	Face value (₹)
12,49,980	18 July 2011	1,000.00
12,50,000	30 November 2011	1,000.00
16,50,000	05 October 2012	1,000.00

The Holding Company was required to conduct a qualified initial public offer ('QIPO') not later than 48 months from the date of issue of first tranche. If a QIPO by the Holding Company could not be completed prior to the QIPO deadline date on account of the market conditions or non-receipt of internal or external approvals that may be required for such initial public offering, the Holding Company and the promoters (as defined in the subscription agreement) shall ensure that such QIPO occurs within six years from the first completion date. The CCDs shall be converted into such number of equity shares based on the lower-end of the price band at which the QIPO is proposed to enable the debenture holders to realise the agreed return

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

of 18.5% from the equity shares resulting from such conversion. CCDs were compulsorily convertible into equity shares in an initial public offer (IPO). In the event the Holding Company had not filed a Draft Red Herring Prospectus for QIPO with the Securities and Exchange Board of India on or before 31 May 2017, the debenture holders had various exit options including 14% per annum coupon and put option on promoters at an agreed return. The coupon in that case was payable as per the terms of underlying agreement.

b) Terms and conditions of issue and redemption of Non-convertible debentures (NCDs) are as under:

i) Issued to Kotak Mahindra Bank Limited and RBL Bank Limited

During the year ended 31 December 2017, the Holding Company has issued 1,500 NCDs each to Kotak Mahindra Bank Limited and RBL Bank Limited. Details of NCDs as at 31 December 2017 are as under:

No. of debentures	Date of issue	Face value (₹)
3,000	23 March 2017	10,00,000

The Rated Secured Listed Redeemable Rupee Denominated NCDs (3000) are redeemable at par in 5 years and 4 months from the deemed date of allotment and carry a coupon rate of 7.70% per annum. The NCDs are redeemable 10%, 25%, 30% and 35% at 30 June 2019, 2020, 2021 and 2022 respectively unless redeemed earlier. These NCDs are secured by way of first pari passu charge on the moveable and immoveable fixed assets of the Holding Company providing a security cover of 1.30 times.

(₹ in million)

Details of utilisation	31 December 2017	31 December 2016	01 January 2016
Gross proceeds received	3,000	-	-
Amount utilised till end of the year	3,000	-	-
Unutilised amount at the end of the year	-	-	-

The Audit Committee and Board of Directors of the Holding Company noted the utilisation of the proceeds of NCDs for the year ended 31 December 2017, which was in line with utilisation schedule approved by the Board of Directors.

ii) Issued to RBL Bank Limited

During the year ended 31 December 2016, the Holding Company had called-up the balance amount of ₹ 1,800 in single instalment, i.e. 90 percent of the face value of debenture, as per the terms of the underlying agreement. The NCDs were repaid during the previous year from the proceeds of IPO. There were no NCDs outstanding as at 31 December 2016 and details of NCDs as at 01 January 2016 are as under and were recorded at cost of ₹ 2,000 as per Indian GAAP.

No. of debentures	Date of issue	Face value (₹)	Paid-up value (₹)
2,000	01 December 2015	10,00,000	1,00,000

The Rated Secured Listed Redeemable Rupee Denominated NCD (2000) were redeemable at par in 5 years from the deemed date of allotment and carried a coupon rate of SBI base rate plus 60 basis points. The NCDs were redeemable 30%, 30% and 40% at the end of year third, fourth and fifth years respectively unless redeemed earlier. These NCDs were secured by way of first pari passu charge on the specified fixed assets of the Holding Company to the extent of 1.25 times of NCDs outstanding.

(₹ in million)

Details of utilisation	31 December 2017	31 December 2016
Gross proceeds received	-	1,800
Amount utilised till end of the year	-	1,800
Unutilized amount at the end of the year	-	-

The Audit Committee and Board of Directors of the Holding Company noted the utilisation of the proceeds of NCDs for the year ended 31 December 2016, which was in line with utilisation schedule approved by the Board of Directors.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

iii) Issued to AION Investments II Singapore PTE Ltd

During the year ended 31 December 2016, the Company had redeemed all the NCDs issued to AION Investments II Singapore PTE Ltd and there were no NCDs outstanding as at 31 December 2016. Details of NCDs as at 01 January 2016 are as under and were recorded at cost of ₹ 3000 as per Indian GAAP.

No. of debentures	Date of issue	Face value (₹)
300	30 September 2015	1,00,00,000

NCDs were rated unsecured and carried a coupon rate of 14% for the first eighteen months and 17% thereafter. NCDs were redeemable by the Holding Company on the tenth anniversary from the date of allotment ('Final Redemption Date'). The Holding Company and its affiliates (as defined in the underlying agreement) had right to redeem the NCDs, prior to the final redemption date, under the circumstances and subject to the conditions stated in the underlying agreement.

c) Terms and conditions of issue and conversion of Compulsorily convertible preference shares (CCPS) are as under:

All the CCPS have been converted to equity share capital during the year ended 31 December 2016 and hence there are no CCPS outstanding as at 31 December 2016. The particulars as at 01 January 2016 are as under and were recorded at face value of ₹ 4,500 as per Indian GAAP. CCPS were compulsorily convertible into equity shares upon expiry of five years from allotment date at a price which was to be calculated at the valuation of the Holding Company computed by an independent valuer or at a price not lower than breakup value (as defined in share subscription agreement), whichever was higher. CCPS were to be mandatorily converted into equity shares prior to a) filing of the red herring prospectus or, b) a third party private equity investment or, c) the conversion of Compulsorily Convertible Debentures. The holders of preference shares had no rights to receive notices of, attend or vote at general meetings except in certain limited circumstances.

Each CCPS was entitled to receive dividend at the rate of 10% in the fourth year and at the rate of 20% in the fifth year from the date of issue. There is no dividend for the first three years from the date of issue.

B. Current borrowings:

(₹ in million)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Loans repayable on demand from:			
- bodies corporate (unsecured)*	278.06	339.26	472.83
-others (unsecured)*	6.96	7.40	7.25
Working capital facilities			
-from banks (secured)	3,120.18	3,626.57	2,602.49
-from financial institutions (secured)	-	1.30	58.47
-from bodies corporate (unsecured)*	128.45	136.76	258.19
	3,533.65	4,111.29	3,399.23

i) In case of the Holding Company, the working capital facilities from banks are secured by first charge on entire current assets of the Holding Company ranking pari passu amongst the banks and second charge on the movable and immovable assets of the Holding Company pertaining to specific manufacturing units. These working capital facilities carry interest rates ranging between 8.50 to 9.70% (31 December 2016: 9.50 to 10.90% and 01 January 2016: 11 to 12%).

Tax rate differential for taxes provided in subsidiaries	(167.75)	(167.44)
Others	13.09	41.32
Income tax expense at effective tax rate reported in the Consolidated Statement of Profit and Loss	768.95	312.96

During the year ended 31 December 2017, the Holding Company and a subsidiary paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax to the taxation authorities. The Holding Company believes that Dividend Distribution Tax represents additional payment to taxation authority on behalf of the shareholders. Hence, Dividend Distribution Tax paid is charged to equity.

30. Revenue from operations

(₹ in million)

	Year ended 31 December 2017	Year ended 31 December 2016
Sale of products (inclusive of excise duty)	44,073.46	44,905.04

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

These assumptions were developed by management of the respective company/entity with the assistance of independent actuaries. Discount factors are determined close to each year-end by reference to market yields of high quality corporate bonds that are denominated in the respective currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related pension obligations. Other assumptions are based on current actuarial benchmarks and respective management's historical experience.

The defined benefit obligation and plan assets are composed by geographical locations as follows:

31 December 2017	India	Outside India	Total
Defined benefit obligation	573.50	73.58	647.08
Fair value of plan assets	38.66	-	38.66

31 December 2016	India	Outside India	Total
Defined benefit obligation	489.10	64.87	553.96
Fair value of plan assets	28.87	-	28.87

01 January 2016	India	Outside India	Total
Defined benefit obligation	362.10	61.40	423.50
Fair value of plan assets	6.16	-	6.16

A quantitative sensitivity analysis for significant assumption is as shown below:

	Sensitivity level		Gratuity		Compensated Absences	
	31 December 2017	31 December 2016	31 December 2017	31 December 2016	31 December 2017	31 December 2016
Discount rate	+1%	+1%	(40.29)	(34.23)	(7.03)	(5.38)
	-1%	-1%	45.63	43.12	7.45	5.72
Salary increase	+1%	+1%	43.50	40.98	7.08	5.39
	-1%	-1%	(39.28)	(33.16)	(6.81)	(5.18)
Withdrawal rate	+1%	+1%	(10.65)	(10.89)	(3.55)	(2.69)
	-1%	-1%	11.81	12.11	3.77	2.87

The sensitivity analysis above has been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Risk associated:

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.
Interest risk (discount rate risk)	A decrease in the bond interest rate (discount rate) will increase the plan liability.
Mortality risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For the purpose of these consolidated financial statements Indian Assured Lives Mortality (2006-08) ultimate table and A 67/70 mortality table issued by Institute of Actuaries, London, have been used. A change in mortality rate will have a bearing on the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

The following payments are maturity profile in future years:

	Gratuity		Compensated Absences	
	31 December 2017	31 December 2016	31 December 2017	31 December 2016

*excludes pending matters where amount of liability is not ascertainable.

46. Capital commitments

	As at 31 December 2017	As at 31 December 2016
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances ₹ 1,344.94 (31 December 2016 ₹ 1,243.85))	1,713.84	2,771.35

47. Pursuant to transfer pricing legislations under the Income-tax Act, 1961, the Holding Company is required to use specified methods for computing arm's length price in relation to specified international and domestic transactions with its associated enterprises. Further, the Holding Company is required to maintain prescribed information and documents in relation to such transactions. The appropriate method to be adopted will depend on the nature of transactions/ class of transactions, class of associated persons, functions performed and other factors, which have been prescribed. The Holding Company is in the process of updating its transfer pricing documentation for the current financial year. Based on the preliminary assessment, the management is of the view that the update would not have a material impact on the tax expense recorded in these consolidated financial statements. Accordingly, these consolidated financial statements do not include any adjustments for the transfer pricing implications, if any.

48. Related party transactions

Following are the related parties and transactions entered with related parties for the relevant financial year:

i. **List of related parties and relationships:-**

I. **Key managerial personnel (KMPs)**

Mr. Ravi Kant Jaipuria	Director and KMP of ultimate parent namely Ravi Kant Jaipuria & Sons (HUF)
Mr. Varun Jaipuria	Whole-time Director
Mr. Raj Pal Gandhi	Whole-time Director
Mr. Kapil Agarwal	Whole-time Director
Mr. Kamlesh Kumar Jain	Whole-time Director and Chief financial officer
Mr. Christopher White (till 28 March 2016)	Whole-time Director
Dr. Girish Ahuja	Non-executive independent director
Mr. Pradeep Sardana	Non-executive independent director
Mr. Ravindra Dhariwal	Non-executive independent director
Ms. Geeta Kapoor	Non-executive independent director
Mr. Rajesh Chopra	KMP of parent namely RJ Corp Limited
Mr. S.V. Singh	KMP of parent namely RJ Corp Limited
Mr. Ravi Batra (from 12 May 2017)	Company Secretary
Mr. Mahavir Prasad Garg (till 12 May 2017)	Company Secretary
Mrs. Monika Bhardwaj	Company Secretary of parent namely RJ Corp Limited

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

II. Parent and ultimate parent

RJ Corp Limited
Ravi Kant Jaipuria & Sons (HUF)

III. Fellow subsidiaries and entities controlled by parent*

Parkview City Limited
Devyani International Limited
Devyani Food Industries Limited
Alisha Retail Private Limited

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

49. Leases

A. Operating lease:

The Group has taken certain premises and other fixed assets on operating leases. The lease agreements generally have lock-in-period of 1-5 years and are cancellable at the option of the lessee or lessor thereafter. Majority of the leases have escalation terms after certain years and are extendable by mutual consent on expiry of the lease. During the year, lease payments under operating leases amounting to ₹ 408.54 million (31 December 2016 ₹ 481.98 million) have been recognised as an expense in the Consolidated Statement of Profit and Loss.

Non-cancellable operating lease rentals payable (minimum lease payments) for these leases are as follows:

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Payable within one year	118.52	101.32	73.30
Payable between one and five years	187.37	176.29	129.19
Payable after five years	1.95	9.75	17.54
Total	307.84	287.36	220.03

B. Financial lease:

The minimum lease payments and the present value of minimum lease payments in respect of arrangements classified as finance leases are as below:

Particulars	As at 31 December 2017		As at 31 December 2016		As at 01 January 2016	
	Minimum lease payment	Future finance charges	Minimum lease payment	Future finance charges	Minimum lease payment	Future finance charges
Payable within one year	25.97	1.91	35.96	3.76	56.02	4.70
Payable between one and five years	17.66	0.77	42.82	2.63	47.31	2.84
Payable after five years	-	-	-	-	-	-
Total	43.63	2.68	78.78	6.39	103.33	7.54
Present value of minimum lease payment		40.95		72.39		95.79

50. Segment reporting

The business activity of the Group predominantly fall within a single reportable business segment viz manufacturing and sale of beverages. There are no separate reportable business segments. As part of reporting for geographical segments, the Group operates in two principal geographical areas of the world, i.e., within India and other countries (outside India). The aforesaid is in line with review of operating results by the chief operating decision maker.

The following table presents revenue from external customers, segment non-current assets regarding geographical segments:

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Non-current assets*			
- Within India	33,545.12	31,113.09	28,906.24
- Outside India	9,240.32	8,365.09	7,917.68

*excluding financial instruments, deferred tax assets and post-employment benefit assets.

	As at 31 December 2017	As at 31 December 2016
Revenue from external customers		
- Within India	34,370.03	35,308.47
- Outside India	10,792.33	10,006.14

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

51. Dues to Micro and Small Enterprises

The dues to micro and small enterprises as required under the Micro, Small and Medium Enterprises Development Act, 2006 to the extent information available with the Holding Company is given below:

Particulars	31 December 2017	31 December 2016	01 January 2016
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year			
Principal amount due to micro and small enterprises	8.71	7.23	1.44
Interest due on above	0.12	0.01	-
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	0.43	0.24	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	0.55	0.25	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	0.55	0.25	-

52. Details of Corporate Social Responsibility (CSR) expenditure

In accordance with the provisions of section 135 of the Companies Act, 2013, the Board of Directors of the Holding Company had constituted CSR Committee. The details for CSR activities is as follows :

Goodwill

Goodwill primarily relates to growth expectations, expected future profitability. Goodwill has been allocated to the beverages segment and is deductible for tax purposes.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

B. Acquisition of additional stake in Varun Beverages (Zambia) Limited

With effect from 20 February 2017, the Holding Company has acquired additional thirty percent equity, consisting of 15,000 shares, from other minority shareholders, namely, Africa Bottling Company Ltd. and Multi Treasure Ltd. in Varun Beverages (Zambia) Limited for a consideration of ₹ 685.96 million (USD 10.24 million), payable to acquiree, thereby increasing the Holding Company's ownership stake to ninety percent.

Since Varun Beverages (Zambia) Limited, was already a subsidiary of the Holding Company, this transaction has not resulted in change in control. Accordingly, difference between the non-controlling interest relating to thirty percent equity, i.e., ₹ 60.61 million and the value of consideration is directly recognised in other equity in capital reserve. The expenses incurred for acquisition amounting to ₹ 33.20 million are charged to Consolidated Statement of Profit and Loss.

C. Reduction of ownership stake in Varun Beverages Mozambique Limitada

On 02 March 2017, the Holding Company sold 4,100 equity quota of Varun Beverages Mozambique Limitada for a total consideration of ₹ 0.11 million. Pursuant to the aforementioned sale transaction, the ownership stake of the Holding Company has reduced from 51% to 10%.

At the date of disposal, the carrying amounts of Varun Beverages Mozambique Limitada's net assets were as follows:

	As at March 02, 2017
Property, plant and equipment	158.69
Other intangible assets	0.31
Other	4.61
Total non-current assets (a)	163.61

Identifiable net assets (d = a+b+c)	574.00	500.00

- E. The Holding Company had acquired controlling stakes in entities which own manufacturing facilities and franchise rights for beverages of Pepsi brand in the Republics of Mozambique, Zambia and Zimbabwe. As the aforementioned entities were under common control along with the Holding Company, the transaction has been accounted for in accordance with the Appendix C to Ind AS 103 "Business combinations of entities under common control", which requires retroactive accounting from the date common control was established. Accordingly, the consolidated financial statements as on 01 January 2016, being the earliest period presented, and all periods thereafter, have been restated to give effect of these acquisitions.

56. The Company follows calendar year as its financial year as approved by the Company Law Board, New Delhi.

57. Share-based payments

Description of share based payments arrangements

During the year ended 31 December 2013, the Holding Company granted stock options to certain employees of the Company and its subsidiaries. The Company has the following share-based payment arrangements for employees.

A. Employee Stock Option Plan 2013 (ESOP 2013)

The ESOP 2013 ('the Plan') was approved by the Board of Directors and the shareholders on 13 May 2013 and further amended by Board of Directors on 01 December 2015. The plan entitles key managerial personnel and employees of the Holding Company and its subsidiaries to purchase shares in the Holding Company at the stipulated exercise price, subject to compliance with vesting conditions. Stock options can be settled by issue of equity shares. As per the Plan, holders of vested options are entitled to purchase one equity share for every option at an exercise price of ₹ 149.51, which is 1.14 % above the stock price at the date of grant, i.e., 13 May 2013.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

The expense recognised for employee services received during the respective years is shown in the following table:

	For the year ended 31 December 2017	For the year ended 31 December 2016
Expense arising from equity-settled share-based payment transactions	-	0.05
Total expense arising from share-based payment transactions	-	0.05

Movements during the year

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year:

	31 December 2017 Number	31 December 2017 WAEP	31 December 2016 Number	31 December 2016 WAEP
Outstanding at the beginning of the year	3,52,700	149.51	26,75,400	149.51
Options exercised during the year	(2,74,415)	149.51	(22,64,700)	149.51
Expired/lapsed during the year	-	-	(58,000)	149.51
Outstanding at the end of the year	78,285		3,52,700	
Exercisable at the end of the year	78,285	-	3,52,700	-

The fair values of options granted under new plan were determined using a variation of the binomial option pricing model that takes into account factors specific to the share incentive plans, such as the vesting period. The following principal assumptions were used in the valuation:

	31 December 2017		31 December 2016	
	Options vested and exercised	Options vested and unexercised	Options vested	Options to be vested
Number of options	20,06,550	6,68,850	20,06,550	6,68,850
Fair value on grant date (₹)	65.92	66.44	65.92	66.44
Share price at grant date (₹)	147.83	147.83	147.83	147.83
Fair value at exercise date (₹)	361.42	361.42	-	-
Exercise price (₹)	149.51	149.51	149.51	149.51
Expected volatility	16.63%	16.63%	16.63%	16.63%
Expected life	7.56 years	7.64 years	7.56 years	7.64 years
Expected dividends	0%	0%	0%	0%
Risk-free interest rate (based on government bonds)	7.53%	7.53%	7.53%	7.53%

Particulars of Scheme

Name of scheme	Employee Stock Option Plan 2013 (ESOP 2013)
Vesting conditions	668,850 options on the date of grant ('First vesting') 668,850 options on first day of January of the calendar year following the first vesting ('Second vesting') 668,850 options on first day of January of the calendar year following the second vesting ('Third vesting') 668,850 options on first day of January of the calendar year following the third vesting ('Fourth vesting') Notwithstanding any other clause of this Plan, no vesting shall occur until 01 December 2015 or fourth vesting, whichever is earlier

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

Particulars of Scheme	
Name of scheme	Employee Stock Option Plan 2013 (ESOP 2013)
Exercise period	Stock options can be exercised within a period of 5 years from the date of vesting.
Number of share options	2,675,400
Exercise price	149.51
Method of settlement	Equity
Fair value on the grant date	Options vested: ₹ 65.92 Options to be vested : ₹ 66.44
Remaining life as on 31 December 2017	2.94 years
Remaining life as on 31 December 2016	3.94 years

The following share options were exercised during the year:

Particulars	Options series	Number exercised	Share price at exercised date	Exercise date
Granted on 13 May 2013	ESOP 2013	99,400	₹ 404.78	20 February 2017
Granted on 13 May 2013	ESOP 2013	98,200	₹ 473.90	24 April 2017
Granted on 13 May 2013	ESOP 2013	46,815	₹ 514.64	11 August 2017
Granted on 13 May 2013	ESOP 2013	27,000	₹ 510.98	25 September 2017
Granted on 13 May 2013	ESOP 2013	3,000	₹ 512.51	11 October 2017

The following share options were exercised during the previous year:

	Options series	Number exercised	Share price at exercised date	Exercise date
Granted on 13 May 2013	ESOP 2013	19,03,700	Stock not listed on exercise date	31 March 2016
Granted on 13 May 2013	ESOP 2013	3,61,000	₹ 435.77	01 December 2016

B. Employee Stock Option Plan 2016 (ESOP 2016)

The ESOS 2016 ('the Scheme') was approved by the Board of Directors and the shareholders on 27 April 2016. The Scheme entitles key managerial personnel and employees of the Holding Company and its subsidiaries to purchase shares in the Holding Company at the stipulated exercise price, subject to compliance with vesting conditions. Stock options can be settled by issue of equity shares. No options under this scheme have been granted upto year ended 31 December 2017.

58. Financial instruments risk

Financials risk management objectives and policies

The Group is exposed to various risks in relation to financial instruments. The main types of financial risks are market risk, credit risk and liquidity risk.

The respective management of the Holding Company and other companies/entities comprising the Group and manage the financial risks relating to the operations of the respective entity/company on a continuous basis. The Group's risk management is coordinated at head office, in close cooperation with the management of respective entity/company, and focuses on actively securing the short to medium-term cash flows and simultaneously minimising the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns.

The Group does not engage in the trading of financial assets for speculative purposes. The most significant financial risks to which the Group is exposed are described below.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

58.1. Market risk analysis

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Group is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from its operating, investing and financing activities. Contracts to hedge exposures in foreign currencies, interest rates etc. are entered into wherever considered necessary by the management.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The functional currency of the Holding Company is Indian Rupees ('INR' or '₹'). Most of the transactions of the Holding Company and other entities/companies are carried out in the respective local currency. Exposures to currency exchange rates mainly arise from the overseas sales and purchases, lending to overseas subsidiary companies, external commercial borrowings etc.

To mitigate its exposure to foreign currency risk the Group continuously monitors non-INR cash flows and hedging contracts are entered into wherever considered necessary.

The carrying amounts of the Group's foreign currency denominated monetary items are restated at the end of each reporting period. Foreign currency denominated financial assets and liabilities which expose the Group to currency risk are as follows:

*Rounded off to nil

The foreign currency sensitivity of profit and equity in regards to the Group's financial assets and financial liabilities considering 'all other things being equal' and ignoring the impact of taxation. It assumes a +/- 1% change of the respective countries exchange rates (i.e. local currency to foreign currency) for the year ended at 31 December 2017 (31 December 2016: +/-1%). These are the sensitivity rates used when reporting foreign currency exposures internally to the key management personnel and represents respective management's assessment of the reasonably possible changes in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items at end of each period reported upon. A positive number indicates an increase in profit or equity and vice-versa.

If the INR had strengthened against respective foreign currency by 1% (31 December 2016: 1%), then profit for the year and equity as at 31 December 2017 would have been higher by ₹ 97.28 million (31 December 2016: ₹ 88.09 million). If the INR had weakened against respective foreign currency by 1% (31 December 2016: 1%), then profit for the year and equity as at the would have been lower by ₹ 97.28 million (31 December 2016: ₹ 88.09 million).

Exposures to foreign exchange rates vary during the year depending on the volume of the overseas transactions. Nonetheless, the analysis above is considered to be representative of the Group's exposure to currency risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. The Group is exposed to changes in market interest rates as some of the bank and other borrowings are at variable interest rates.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates of +/- 1% (31 December 2016: +/- 1%). These changes are considered to be reasonably possible based on management's assessment. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

	Profit for the year		Equity	
	+1%	-1%	+1%	-1%
31 December 2017	(152.83)	152.83	(152.83)	152.83
31 December 2016	(98.39)	98.39	(98.39)	98.39

Commodity price risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase of sugar and pet chips and therefore require a continuous supply. In view of volatility of price of sugar and pet chips, the Group also executes various purchase contracts.

Commodity price sensitivity

The following tables shows the effect of price change in sugar and pet chips

Particulars	Change in year - end price	Effect on profit before tax	
31 December 2017			
Sugar	+/-1%	(63.27)	63.27
Pet chips	+/-1%	(18.51)	18.51
31 December 2016			
Sugar	+/-1%	(58.79)	58.79
Pet chips	+/-1%	(15.74)	15.74

Other price sensitivity

The Group is not exposed to any listed equity or listed debt price risk as it does not hold any investments in listed entities.

58.2.Credit risk analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. The Group is operating through a network of distributors and other distribution partners based at different locations. The Group is exposed to this risk for various financial instruments, for example loans granted, receivables from customers, deposits placed etc. The Group's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at end of each reporting period, as summarised below:

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Classes of financial assets-carrying amounts:			
Investments (non-current)	0.04	0.01	0.01
Loans	192.19	163.19	145.16
Others non-current financial assets	8.96	8.47	1.48
Trade receivables	1,502.45	1,313.45	1,444.67
Cash and cash equivalents	649.46	325.00	294.60
Bank balances (other than those classified as cash and cash equivalents above)	295.14	332.02	337.84
Others current financial assets	933.63	204.45	67.44
	3,581.87	2,346.59	2,291.20

The Group continuously monitors receivables and defaults of customers and other counterparties, and incorporates this information into its credit risk controls. Appropriate security deposits are kept against the supplies to customers and balances are reconciled at regular intervals. The Group's policy is to deal only with creditworthy counterparties.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

In respect of trade and other receivables, the Group is not exposed to any significant credit risk exposure to any single counterparty. Trade receivables consist of a large number of customers of various scales and in different geographical areas. Based on historical information about customer default rates, respective management considers the credit quality of trade receivables. In case the receivables are not recovered even after regular follow up, measures are taken to stop further supplies to the concerned customers.

The credit risk for cash and cash equivalents, bank deposits including interest accrued thereon and Government grant receivables is considered negligible, since the counterparties are reputable banks with high quality external credit ratings and Government bodies.

In respect of financial guarantees provided by the Group, the maximum exposure to which the Group is exposed to is the maximum amount which it would have to pay if the guarantee is called upon. Based on the expectation at the end of each reporting period, the Group considers that it is more likely than not that such an amount will not be payable under the guarantees provided.

58.3. Liquidity risk analysis

Liquidity risk is that the Group might be unable to meet its obligations. The Group manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities and considering the maturity profiles of financial assets and other financial liabilities as well as forecast of operational cash inflows and outflows. Liquidity needs are monitored in various time bands, on a day-to-day basis, a week-to-week basis and a month-to-month basis. Long-term liquidity needs for a 180-day and a 360-day lookout period are identified monthly. Net cash requirements are compared to available borrowing facilities in order to determine headroom or any shortfalls.

Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and the Group's ability to avail further credit facilities subject to creation of requisite charge on its assets. The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

As at 31 December 2017, the Group's non-derivative financial liabilities have contractual maturities (including interest payments where applicable) as summarised below:

31 December 2017	1 to 12 months	1 to 5 years	Later than 5 years
Borrowings (current and non-current)	9,638.40	16,745.07	579.70
Trade payables	1,909.46	-	-
Other financial liabilities (current and non-current)	2,647.91	45.98	-
Total	14,195.77	16,791.05	579.70

This compares to the maturity of the Group's non-derivative financial liabilities in the previous reporting periods as follows:

31 December 2016	1 to 12 months	1 to 5 years	Later than 5 years

Valuation technique to determine fair value

Cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, current borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair values of the long term borrowings, loans and other deferred payments are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- The fair values of the unquoted instruments and other financial assets and liabilities have been estimated using a discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- The fair values of compulsorily convertible debentures have been estimated by using discounted cash flow method by discounting the expected cash flows using the appropriate discount rate under different conversion events. Probabilities are then attached to each conversion event to derive final valuation. The discount rate is determined using other similar instruments incorporating the risk associated and probabilities are based on management's expectations.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

- The fair values of compulsorily convertible preference shares have been estimated by using discounted cash flow method by discounting the expected cash flows using the appropriate discount rate under different conversion events. Probabilities are then attached to each conversion event to derive final valuation. The discount rate is determined using other similar instruments incorporating the risk associated and probabilities are based on management's expectations.

- The Group enters into derivative financial instruments such as cross currency interest rate swap being valued using valuation techniques, which employs use of market observable inputs. The Group uses mark to market valuation provided by bank for its valuation.

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 1 January 2016 are as shown below. There are no significant financial instruments categorised within Level 3 of the fair value hierarchy as at 31 December 2016 and 31 December 2017.

Description of significant unobservable inputs to valuation as at 01 January 2016:

Particulars	Significant unobservable inputs	Range	Sensitivity of the fair value measurement to input	
			Impact of 1% increase	Impact of 1% decrease
CCD	Discount rate	11.08%-11.53%	82.43	(85.42)
			Impact of 5% increase in probability of IPO (i.e. 95:5)	Impact of 5% decrease in probability of IPO (i.e. 85:15)
	Probability of occurrence of conversion events	90:10	(122.55)	122.55
			Impact of 1% increase	Impact of 1% decrease
CCPS	Discount rate	10.99%-11.27%	38.34	(39.34)
			Impact of 5% increase in probability of IPO (i.e. 95:5)	Impact of 5% decrease in probability of IPO (i.e. 85:15)
	Probability of occurrence of conversion events	90:10	(15.52)	15.52

The following table presents the changes in level 3 items for the periods ended 31 December 2017 and 31 December 2016:

Particulars	CCD	CCPS
As at 01 January 2016	8,174.70	4,127.93
Impact of fair value movement	1,107.26	381.34
Converted during the year	(9,281.96)	(4,509.27)
As at 31 December 2016	-	-
Issued during the year	-	-
Impact of fair value movement	-	-
Converted during the year	-	-
As at 31 December 2017	-	-

Fair value hierarchy

The financial assets measured at fair value are grouped into the fair value hierarchy as on 31 December 2017, 31 December 2016 and 01 January 2016 as follows: (also refer note 3.1)

31 December 2017		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value:					
Investment (non-current)	31 December 2017	0.04	-	-	0.04

31 December 2017		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Liabilities measured at fair value:					
(a) Liability for derivative contract	31 December 2017	25.85	-	25.85	-

There have been no transfers of financial assets and financial liabilities between the levels during the year 2017.

31 December 2016		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value:					
Investment (non-current)	31 December 2016	0.01	-	-	0.01

31 December 2016		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Liabilities measured at fair value:					
(a) Liability for derivative contract	31 December 2016	17.52	-	17.52	-

There have been no transfers of financial assets and financial liabilities between the levels during the year 2016.

01 January 2016		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value:					
Investment (non-current)	01 January 2016	0.01	-	-	0.01

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

01 January 2016		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Liabilities measured at fair value:					
CCD	01 January 2016	8,174.70	-	-	8,174.70
CCPS	01 January 2016	4,127.93	-	-	4,127.93

60. Capital management

For the purpose of the Group's capital management, capital includes issued equity share capital, instruments compulsorily convertible into equity, share premium and all other equity reserves. The primary objective of the Group's capital management is to maximise the shareholder value and provide adequate returns to shareholders.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions, the requirements of the financial covenants and the risk characteristics of the underlying assets.

The amounts managed as capital by the Group for the reporting periods are summarised as follows:

Particulars	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Non-current borrowings other than compulsorily convertible preference shares and compulsorily convertible debentures (Refer note 22A)	16,869.95	12,183.61	17,917.09
Current borrowings (Refer note 22B)	3,533.65	4,111.29	3,399.23
Current portion of deferred payment liabilities (Refer note 22D)	3,020.71	3,301.01	3,005.70
Current maturities of long-term debts (Refer note 22C)	3,112.71	2,558.16	2,104.50
	26,537.02	22,154.07	26,426.52
Less: Cash and cash equivalents (Refer note 14)	649.46	325.00	294.59
Net debt	25,887.56	21,829.07	26,131.93
Equity share capital (Refer note 20)	1,825.87	1,823.13	1,337.66
Other equity (Refer note 21)	15,868.41	15,112.82	(3,504.52)
Compulsorily convertible debentures (Refer note 22A)	-	-	8,174.70
Compulsorily convertible preference shares (Refer note 22A)	-	-	4,127.93
Total capital	17,694.28	16,935.95	10,135.77
Capital and net debt	43,581.84	38,765.02	36,267.69
Gearing ratio	59.40%	56.31%	72.05%

Financing documents require the Holding Company and other entities of the Group to meet certain covenants, failing which the respective lenders have the right to demand accelerated repayment. There are no material breaches of such covenants.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

61. Assets pledged as security

The carrying amount of assets pledged as security are:

Particulars	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Inventories and trade receivable	4,578.59	4,835.59	4,662.92
Other bank deposits	295.14	332.02	337.84
Other intangible assets	4,355.84	3,563.77	3,563.50
Property, plant and equipment (including capital work-in-progress)	32,198.09	32,789.11	30,889.39

62. Recent accounting pronouncements (Ind AS issued but not yet effective)

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' These amendments are applicable to the Company from accounting periods beginning on or after 1 April 2017, i.e., from financial year 2018.

Amendment to Ind AS 7:

The amendments to Ind AS 7 inter-alia require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Holding Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

Amendment to Ind AS 102:

The amendments to Ind AS 102 inter-alia provide specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. The requirements of the amendment have no material impact on these financial statements.

63. First-time adoption of Ind AS

- These financial statements, for the year ended 31 December 2017, are the first the Group has prepared in accordance with Ind AS. For periods up to and including the year ended 31 December 2016, the Group prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Group's (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Group has prepared financial statements which comply with Ind AS applicable for periods ended on 31 December 2017, together with the comparative period data as at and for the year ended 31 December 2016 and in the preparation of opening Ind AS balance sheet as at 01 January 2016, as described in the summary of significant accounting policies. Further to explanations in Note 2, this Note explains the principal adjustments made by the Group in restating its Indian GAAP financial statements, including the balance sheet as at 01 January 2016 and the financial statements as at and for the year ended 31 December 2016. (Also refer Note 64 for reconciliations).

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

2. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Indian GAAP to Ind AS.

A. Ind AS optional exemptions

I Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the Indian GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Group has elected to measure all of its property, plant and equipment and intangible assets at their Indian GAAP carrying value except where the adjustments to carrying value are only consequential and arising because of application of the transition requirements of Ind AS 101.

II Investments in subsidiaries and associates

Ind AS 101 permits the first time adopter to measure investment in subsidiaries and associates in accordance with Ind AS 27 "Separate Financial Statements". The Group has elected to consider Indian GAAP carrying amount of its investments in subsidiaries and associates on the date of transition to Ind AS as its deemed cost for the purpose of determining cost in accordance with the principles of Ind AS 27.

III Share based payment transactions

The Group has availed exemption under Ind AS 101 in respect of share-based payments that had been vested before the transition date and accordingly, vested options at the transition date have been measured at intrinsic value. For unvested options at the transition date, the Group has applied the requirements of Ind AS 102 retrospectively.

IV Long-term foreign currency monetary items

Ind AS 101 permits a first-time adopter to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per Indian GAAP.

Accordingly, the Group has elected to continue to adjust exchange differences arising on translation/ settlement of long-term foreign currency monetary items, pertaining to the acquisition of a depreciable asset, to the cost of such asset and depreciate the same over the remaining life of the asset and in other cases, is recorded under the head 'Foreign Currency Monetary Item Translation Difference Account' and is amortised over the period of maturity of underlying long term foreign currency monetary items.

V Business combinations

Ind AS 101, allows a first-time adopter to elect not to apply Ind AS 103 retrospectively to past business combinations (business combinations that occurred before the date of transition to Ind AS). However, if a first-time adopter restates any business combination to comply with Ind AS 103, it shall restate all later business combinations and shall also apply Ind AS 110 'Consolidated Financial Statements' from that same date. The Group has chosen this exemption and accordingly none of the business combinations that have occurred prior to date of transition is restated. Accordingly, carrying amounts of assets and liabilities under business combinations, that are required to be recognised under Ind AS, is their deemed cost at the date of acquisition. After the date of acquisition, the measurement is in accordance with the respective Ind AS.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

VI Leases

The Group has also applied the transitional provision in Appendix C of Ind AS 17 “Determining whether an arrangement contains a Lease” and has assessed all arrangements based upon the conditions in place as at the date of transition.

VII Government grant

Government loans below market rate of interest

Para B11 of Ind AS 101, allows an entity to apply the requirements in Ind AS 109 and Ind AS 20 retrospectively to any government loan originated before the date of transition to Ind ASs, provided that the information needed to do so had been obtained at the time of initially accounting for that loan. The Group has adopted the guidance and accordingly, the requirements in Ind AS 109 and Ind AS 20 ‘Accounting for Government Grants and Disclosure of Government Assistance’ have been applied retrospectively to all government loans received at below market rate of interest and existing on the date of transition.

VIII Group has set up foreign currency transaction reserve on the date of transition to be Zero as per exemption available in Ind AS 101.

B. Ind AS mandatory exemptions

Estimates

I The Group’s estimates in accordance with Ind AS at the date of transition to Ind AS are consistent with estimates made for the same date in accordance with Indian GAAP (after adjustments to reflect any difference in accounting policies) except for impairment of financial assets based on lifetime expected credit loss model where application of Indian GAAP did not require estimation.

The estimates used by the Group to present these amounts in accordance with Ind AS reflect conditions as at the transition date and as of 31 December 2016.

Ind AS 101 treats the information received after the date of transition to Ind AS as non-adjusting events. The entity shall not reflect that new information in its opening Ind AS Balance Sheet (unless the estimates need adjustment for any differences in accounting policies or there is objective evidence that the estimates were in error).

II Classification of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exist on the date of transition to Ind AS. Accordingly, the Group has applied the above requirement prospectively.

The presentation requirements under Indian GAAP differs from Ind AS, and hence, Indian GAAP information has been regrouped for ease of reconciliation with Ind AS. The regrouped Indian GAAP information is derived from the audited financial statements of the Group prepared in accordance with Indian GAAP.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

(F) Impact of Ind AS adoption on the consolidated statement of cash flows for the year ended 31 December 2016

	Previous GAAP	Adjustments	Ind AS
Net cash flow from operating activities	8,302.70	(44.87)	8,257.83
Net cash used in investing activities	(10,679.74)	201.70	(10,478.04)
Net cash flow from financing activities	2,459.15	(156.83)	2,302.32
Net increase/(decrease) in cash and cash equivalents	82.11	-	82.11

Footnotes to the reconciliation of equity as at 01 January 2016 and 31 December 2016 and profit or loss for the year ended 31 December 2016

I. Tangible and intangible assets acquired as part of Business Combination on deferred payment terms

Under Indian GAAP, the purchase consideration for tangible and intangible assets acquired as part of a business included deferred payment terms, which was recorded at gross amount with a corresponding credit to capital creditors. However, as per Ind AS 16 'Property, Plant and Equipment' the cost of an item of property, plant and equipment is the cash price equivalent at the recognition date. If payment is deferred beyond normal credit terms, the difference between the cash price equivalent and the total payment is recognised as interest over the period of credit unless such interest is capitalised in accordance with Ind AS 23 'Borrowing Cost'. Accordingly, the deferred payment liabilities outstanding on the transition date are present valued at the weighted average borrowing rate. The difference between the present value and carrying value of such deferred payment liabilities is adjusted from the carrying value of property, plant and equipment at the transition date. Subsequently, interest is recorded at the discounting rate to the Statement of Profit and Loss with corresponding credit to the capital creditors. The above has resulted in adjustment of ₹ 694.33 to tangible assets and ₹ 208.76 to intangible assets on the date of transition and ₹ 627.93 and ₹ 208.76 respectively as on 31 December 2016. Consequently, an amount of ₹ 555.53 has been recorded as finance costs for the year ended 31 December 2016. Further, the entry for reversal of revaluation reserve has been resatated on availing deemed cost exemption for tangible assets amounting to ₹ 55.04.

II. Amortisation of franchise rights

Under Indian GAAP, the Group had adopted an accounting policy of amortizing franchise rights acquired as part of business combination over a period of ten years. With effect from the date of transition, the Group has evaluated franchise rights to have an indefinite life as per Ind AS 38 as explained in Note 5 (ii). Hence, the franchise rights are not amortised now but tested for impairment annually. Accordingly, amortization recorded as per Indian GAAP amounting to ₹ 435.00 for financial year 2016 has been derecognized in the Ind AS Financial Statements for the year ended 31 December 2016.

III. Consolidation of subsidiaries under common control and Non-Controlling Interest (NCI)

During the year ended 31 December 2016, the Group acquired controlling stake in three entities, namely, Varun Beverages (Zambia) Limited, Varun Beverages Mozambique Limited, Varun Beverages (Zimbabwe) (Private) Limited (collectively referred as "the subsidiaries" in this note hereinafter) leading to recognition of 'goodwill on consolidation' amounting to ₹ 2,132.08. Under IGAAP, the debit balances in reserves and losses relatable to NCI in one of the

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

subsidiaries were absorbed by the Group. However, under Ind AS, such debit balances in reserves and losses are allocated to NCI itself.

As detailed in note 55 (E), the Group acquired the aforesaid controlling stakes in the subsidiaries from entities under common control with the Parent Company consequent to which these subsidiaries have been consolidated as per 'Pooling of Interest Method' prescribed in Appendix C of Ind AS 103 'Business Combinations', which requires retroactive accounting, as if the business combination had occurred from the beginning of the earliest period presented in the financial statements. Accordingly, financial statements of the subsidiaries have been consolidated from the transition date after recording the following adjustments, with corresponding adjustment to 'goodwill on consolidation' recorded in Indian GAAP.

- The consideration payable amounting to ₹ 1671.20 is recognised in other current financial liabilities on transition date. This consideration was subsequently discharged.
- The excess of consideration payable over the Holding Company's proportion of share capital in the subsidiaries amounting to ₹ 1,669.26 (Deficit) is recognised separately in 'Capital Reserve on Consolidation'.
- In order to align the accounting policies of the subsidiaries with the Group's accounting policies, Ind AS adjustments amounting to ₹ 99.68 (Deficit) were recorded in the retained earnings of the subsidiaries on the date of transition.
- The Group's share in the retained earnings of these subsidiaries on the transition date has been recognised as retained loss in other equity amounting to ₹ 282.65 (Deficit) and balance amounting to ₹ 185.68 (Deficit) is recognised in NCI.
- The costs relatable to these business combinations amounting to ₹ 84.21 is charged to the Consolidated Statement of Profit and Loss.

IV. Investment in associate

Under Indian GAAP, no financial impact was considered on corporate guarantee issued on behalf of an associate. Under Ind AS, the amount is fair valued and the difference is recorded as an equity contribution, amounting to ₹ 12.20, the other adjustment is on account of Ind AS adjustments in standalone financials of associate.

V. Security deposits

Under Indian GAAP, the security deposits paid for leases were recorded at the transaction value, whereas, under Ind AS, these are initially discounted and subsequently recorded at amortized cost at the end of every financial reporting period. Accordingly, the difference between the transaction and discounted value of the security deposits paid for leases is recognised as deferred lease expense of ₹ 14.08 and is amortised over the period of the lease term. Further, interest is accreted on the present value of the security deposits paid for leases.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

VI. Government grants

Under Indian GAAP, interest free loan from the government has been presented in the Balance Sheet by including it as a part of borrowings. Under Ind AS, the benefit of a government loan at a below-market rate of interest is treated as a government grant and is measured as the difference between the present value of the loan and the proceeds received/ receivable. The Company has fair valued all such loans outstanding on the date of transition retrospectively from the original date of such loans. Further, unlike Indian GAAP, Ind AS 20 requires the grant to be classified as either a capital or an income grant and does not permit recognition of government grants in the nature of promoter's contribution directly to shareholders' funds. Accordingly, contributions previously recognised in the Capital Reserve amounting to ₹ 259.17 are transferred to 'Other Equity' at the date of transition. For interest free loans previously recorded the difference amounting to ₹ 343.97 between present value of loan and proceeds are recorded in retained earnings. The loan balance is subsequently re-measured using EIR which has led to a consequent increase of ₹ 135.55 to the finance costs for the year ended 31 December 2016. The grant value of all such loans received/ receivable subsequent to date of transition amounting to ₹ 73.55 is recognised in the Statement of Profit and Loss under the head 'other operating income'.

VII. Deferred tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base.

The various transitional adjustments have resulted in temporary differences which has led to recognition of deferred taxes respectively.

VIII. Defined benefit liabilities

Both under Indian GAAP and Ind AS, the Group recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, were charged to Statement of Profit and Loss. Under Ind AS, remeasurements (comprising actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI. Thus, the employee benefits expense is reduced by such amount and a corresponding adjustment to the defined benefit plans has been recognised in OCI (net of tax) in "Other Equity".

All amounts in ₹ in million, unless otherwise stated

IX. Expected credit losses (ECL) for trade receivables

Under the Indian GAAP, provision for bad debt was recognised for doubtful debtors on a case to case basis. However, under Ind AS, the Group assesses impairment based on the ECL model for measurement and recognition of impairment loss on the financial assets that are trade receivables, accounting for both non-payment and delay in payment of the receivables. Based

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

past estimates, the Group has determined additional provisions under the ECL model. This has resulted in recognition of an additional provision of ₹ 12.77 on the date of transition and ₹ 32.76 for the year ended 31 December 2016. Further the trade receivables discounted in one of the subsidiary with recourse have been reinstated in trade receivables with corresponding recognition of borrowings amounting to ₹ 51.29 and ₹ 55.58 on the date of transition and for the year ended 31 December 2016 respectively.

X. Compulsorily convertible preference shares (CCPS)

Under Indian GAAP, the CCPS were classified as equity. Under Ind AS, CCPS are classified as financial liability based on the terms of the contract. Interest on such financial liability is recognised using fair values determined by an independent valuer on the date of transition, leading to recognition of an adjustment amounting to ₹ 372.07 to the retained earnings as at the transition date with subsequent unwinding as finance costs for the year ended 31 December 2016.

XI. Compulsory convertible debentures (CCDs)

Under Indian GAAP, the CCDs were classified as borrowings. The CCDs issued by the Company had to be converted into a variable number of equity shares with a definite rate of return from the date of issue till the date of conversion. Accordingly, the CCDs are classified as financial liability as per Ind AS 32. Interest on financial liability is recognised using fair values determined by an independent valuer on the date of transition leading to increase in borrowings by ₹ 4,024.72 with a corresponding impact to the retained earnings (Impact in retained earnings, net of deferred tax impact ₹ 2,631.76). The fair value impact of ₹ 1,107.26 (net of deferred tax impact ₹ 724.03) between the date of transition and date of conversion is recognised as finance costs during the year ended 31 December 2016. On the date of conversion, the entire fair value impact recognised in retained earnings on date transition and aforesaid interest costs is recognised in 'Security premium reserve' ₹ 3,355.80 (Net of tax).

XII. Sale of goods

Under Indian GAAP, sale of goods was presented after netting off excise duty. However, under Ind AS, sale of goods includes excise duty and separately presented on the face of Statement of Profit and Loss. Thus, sale of goods under Ind AS has increased with a corresponding increase in total expenses. This change has resulted in an increase in total income and total expenses for the year ended 31 December 2016 by ₹ 6702.78.

XIII. Finance costs

Finance cost includes-

1. Under Indian GAAP, the transaction cost incurred in connection with borrowings were amortised and charged to Statement of Profit and Loss on the term of the related borrowing. Under Ind AS, transaction cost are included in the initial recognition amount of financial liability and charged to Statement of Profit and Loss using the effective interest method amounting to ₹ 7.05.
2. Interest expense amounting to ₹ 135.35 on interest free government loans has been recognised at the weighted average borrowing rate of the Group (also see note VI above).
3. Amortised cost of deferred payment liabilities related to business combination (Referred to in footnote I above) ₹ 555.53.
4. Interest expenses on account of fair valuation of financial instruments (CCPS and CCDs referred in notes X and XI above) ₹ 1,479.32.

Summary of significant accounting policies and other explanatory information on the Consolidated Financial Statements 31 December 2017

All amounts in ₹ in million, unless otherwise stated

XIV. Share-based payments

Under Indian GAAP, the Group recognised only the intrinsic value for the long-term incentive plan as an expense. Ind AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period. The Group has used the exemption of fair valuing only those options which remained unvested on the date of transition. Fair value impact on unvested options relatable to vesting period before the date of transition amounting to ₹ 44.39 is adjusted in the retained earnings by creating the corresponding 'Share Based Payment Reserve' which is re-classified to 'Share Premium Reserve' on exercise of the options. However, this has no impact on the Statement of Profit and Loss.

XV. Other comprehensive income

Under Indian GAAP, the concept of OCI did not exist. Under Ind AS, certain items of income and expense such as re-measurements of defined benefit plans are required to be presented as 'Other Comprehensive Income'.

XVI. Straight lining of lease payment escalations

Indian GAAP required straight lining of lease payment escalations in case of non cancellable leases. However, Ind AS 17 does not mandate straight-lining of lease escalation, if they are in line with the expected general inflation compensating the lessor for expected inflationary cost. Accordingly, the Holding Company has reversed lease equalisation reserve amounting to ₹ 1.91 outstanding in the books on the transition date.

Independent Auditor's Report

To the Members of Varun Beverages Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Varun Beverages Limited ('the Company'), which comprise the Balance Sheet as at 31 December 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 December 2017, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

9. The Company had prepared separate sets of statutory standalone financial statements for the year ended 31 December 2016 and 31 December 2015 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and other accounting principles generally accepted in India, which were audited jointly by Walker Chandiok & Associates, Chartered Accountants and O.P. Bagla & Co., Chartered Accountants who expressed an unmodified opinion vide audit report dated 20 February 2017 and 29 February 2016 respectively. These

Independent Auditor's Report to the members of Varun Beverages Limited, on the Standalone Financial Statements for the year ended 31 December 2017 (Cont'd)

standalone financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have been audited jointly by Walker Chandiok & Associates, Chartered Accountants and APAS & Co., Chartered Accountants. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. Further to our comments in Annexure 1, as required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 December 2017 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 December 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 16 February 2018 as per Annexure 2 expressed an unqualified opinion; and
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company, as detailed in Note 41 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company; and
 - iv. the Company has provided required disclosure in Note 14 to the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 08 November 2016 to 30 December 2016. Based on the audit procedures performed and taking into consideration the information, explanations and representations given to us by management, we report that the amounts disclosed in the said note is in accordance with the books of accounts maintained by the Company except for disclosure in the said Note in relation to permitted receipts and permitted payments upon which we are unable to comment in the absence of necessary details.

Annexure 1 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited, on the standalone financial statements for the year ended 31 December 2017

Annexure 1

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets, other than refrigerators (visi coolers) and containers lying with third parties, have been physically verified by the management during the year and no material discrepancies were noticed on such verification. The Company has a regular program of physical verification of the refrigerators (visi coolers) under which such fixed assets are verified in a phased manner over a period of three years and no material discrepancies were noticed on such verification. According to the information and explanations given to us, the existence of containers lying with active third parties is considered on the basis of the confirmations obtained from such third parties. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company except for the following property, which according to the information and explanation given to us by the management, is in the process of being registered in the name of the Company, pending full and final payment.

Nature of property	Total number of cases	Whether leasehold / freehold	Gross block as on 31 December 2017	Net block on 31 December 2017
Land	1	Leasehold	₹ 197.10 million	₹ 197.10 million

- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management. No material discrepancies were noticed on the aforesaid verification.
- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- (iv) In our opinion, the Company has not entered into any transaction covered under Sections 185 of the Act. The Company has complied with the provisions of Sections 186 of the Act in respect of loans, investments, guarantees, and security, as applicable.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited to the appropriate authorities, though there has been a slight delay in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

Annexure 1 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited, on the standalone financial statements for the year ended 31 December 2017 (Cont'd)

(b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

Annexure 2 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited on the standalone financial statements for the year ended 31 December 2017

Annexure 2

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Varun Beverages Limited ('the Company') as at and for the year ended 31 December 2017, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Company as at that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal financial controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of

Annexure 2 to the Independent Auditor's Report of even date to the members of Varun Beverages Limited on the standalone financial statements for the year ended 31 December 2017 (Cont'd)

the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 December 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal financial controls stated in the Guidance Note issued by the ICAI.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

1. Corporate information

Varun Beverages Limited (the 'Company') is a public limited Company domiciled in India with its equity shares listed on Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India (NSE). The Company was incorporated on 16 June 1995 under the provision of the Companies Act, 1956. The Company is engaged in manufacturing, selling, bottling and distribution of beverages of PepsiCo's brand in geographically pre-defined territories as per franchisee agreement with PepsiCo India Holdings Private Limited ("PepsiCo India").

2. Basis for preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standard ('Ind AS') and comply with requirements of Ind AS, stipulations contained in Schedule III (revised) as applicable under Section 133 of the Companies Act, 2013 ("the Act"), the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other pronouncements/ provisions of applicable laws. For all periods up to and including the year ended 31 December 2016, the Company prepared its financial statements in accordance with the Accounting Standards notified under the Section 133 of the Act read together with Rule 7 of the Companies (Accounts) Rules 2014 ('Indian GAAP'). These financial statements are authorised for issue on 16 February 2018 in accordance with a resolution of the Board of Directors. The revision to financial statements are permitted by Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of Companies Act, 2013.

The financial statements for the year ended 31 December 2017 are the first to have been prepared in accordance with Ind AS. The transition to Ind AS was carried out retrospectively as on the transition date of 01 January 2016. The financial statements contain an opening balance sheet as on 01 January 2016, comparative information for 31 December 2016 presented under Ind AS and reconciliation for key changes for amounts reported under Indian GAAP and Ind AS.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- i. Derivative financial instruments;
- ii. Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- iii. Defined benefit plans- plan assets measured at fair value; and

- iv. Share based payments;

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current if it satisfies any of the following conditions:

- i. Expected to be realised or intended to sold or consumed in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Expected to be realised within twelve months after the reporting period;
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current if it satisfies any of the following conditions:

- i. It is expected to be settled in normal operating cycle
- ii. It is held primarily for the purpose of trading
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and its realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

The Company follows calendar year as its financial year as approved by the Company Law Board, New Delhi.

The financial statements of the Company are presented in Indian Rupees (₹), which is also its functional currency and all amounts disclosed in the financial statements and notes have been rounded off to the nearest million as per the requirement of Schedule III to the Act, unless otherwise stated.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

3. Significant accounting policies

3.1 Fair value measurements

The Company measures financial instruments at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.2 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and

credit risks. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excludes taxes/duties collected on behalf of the government.

a) Sale of goods:

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Excise duty is a levy on manufacture irrespective of ultimate sale of goods and hence the recovery of excise duty flows to the Company on its own account. Accordingly, revenues from sale of goods are stated gross of excise duty. GST, sales tax and value added tax (VAT) are not received by the Company on its own account but collected on behalf of the government and accordingly, are excluded from revenue.

b) Interest:

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate ("EIR"). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial assets. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the Statement of Profit and Loss.

c) Dividends:

Dividend is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

d) Commission:

Commission income is recognised rateably over the contract period as per the agreed contractual terms.

e) Services rendered:

Revenue from service related activities is recognised as and when services are rendered and on the basis of contractual terms with the parties.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

3.3 Inventories

Inventories are valued as follows:

- a) **Raw materials, components, stores and spares:**
At lower of cost and net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- b) **Work-in-progress:** At lower of cost and net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads including depreciation. Cost is determined on a weighted average basis.
- c) **Intermediate goods/ Finished goods:**
 - i. **Self manufactured** - At lower of cost and net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
 - ii. **Traded** - At lower of cost and net realisable value. Cost represents purchase price and other direct costs and is determined on a weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Provision for obsolescence is determined based on management's assessment and is charged to the Statement of Profit and Loss.

3.4 Property, plant and equipment

Property, plant and equipment and capital work-in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

Cost comprises the purchase price, borrowing costs if capitalization criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if:

- a) it is probable that future economic benefits associated with the item will flow to the entity; and
- b) the cost of the item can be measured reliably.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increased the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred. Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as a part of indirect construction cost to the extent the expenditure is related to construction or is incidental thereto. Other indirect costs incurred during the construction periods which are not related to construction activity nor are incidental thereto are charged to the Statement of Profit and Loss.

Value for individual assets acquired for a consolidated price, the consideration is apportioned to the various assets on a fair value basis as determined by competent valuers.

The management has estimated, supported by technical assessment, the useful lives of property, plant and equipment. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Description	Useful lives (upto)
Leasehold land	Over lease period
Buildings-factory	30 years
Buildings-others	60 years
Plant and equipment	20 years
Furniture and fixtures	10 years
Delivery vehicles	10 years
Vehicles (other than delivery vehicles)	7 years
Office equipment	4 years
Computer equipment	4 years
Containers	6 years
Post-mix vending machines and refrigerators (Visi -Cooler)	8 years

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Depreciation on property, plant and equipment is provided over the useful lives of assets as specified in Schedule II to the Act except where the management, based on independent technical assessment, depreciates certain assets over estimated useful lives which are different from the useful lives prescribed in the Schedule to the Act. The Company has used the remaining useful lives to compute depreciation on its property, plant and equipment, acquired under the business transfer agreement based on external technical evaluation.

Depreciation on property, plant and equipment which are added/dropped off during the year is provided on pro-rata basis with reference to the month of addition/deletion. An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is de-recognised.

The Company has technically evaluated all the property, plant and equipment for determining the separate identifiable assets having different useful lives under the component approach. On technical evaluation of all separate identifiable components, the management is of the opinion that they do not have any different useful life from that of the principal asset.

In case of revaluation of leasehold land, the resulting amortisation of the total revalued amount is expensed off to the Statement of Profit and Loss.

Breakages of containers are adjusted on 'first bought first broken' basis, since it is not feasible to specifically identify the broken containers in the fixed assets records.

3.5 Intangible assets

Intangible assets are initially recognised at:

- a) In case the assets are acquired separately then at cost,
- b) In case the assets are acquired in a business combination then at fair value.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment loss. Intangible assets with finite useful life are assessed for impairment whenever there is an indication that the intangible assets may be

impaired. Amortisation of intangible assets such as softwares is computed on a straight-line basis, at the rates representing estimated useful life of 4 years.

The franchise rights and trademarks acquired as part of business combinations normally have a remaining legal life of not exceeding ten years but is renewable every ten years at little cost and is well established. The Company intends to renew these rights continuously and evidence supports its ability to do so. An analysis of product life cycle studies, market and competitive trends provides evidence that the product will generate net cash inflows for the Company for an indefinite period. Therefore, these rights have been carried at cost without amortisation, but is tested for impairment annually, at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

3.6 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed to the Statement of Profit and Loss in the period in which they occur.

3.7 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. For arrangements entered into prior to 01 January 2016, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Company as a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on straight line basis over the term of the relevant lease.

3.8 Employee benefits

Contribution to provident and other funds

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to

the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity

Gratuity is a defined benefit scheme. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. The Company recognises termination benefit as a liability and an expense when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the termination benefits fall due more than twelve months after the balance sheet date, they are measured at present value of future cash flows using the discount rate determined by reference to market yields at the balance sheet date on government bonds.

Re-measurements, comprising actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in Statement of Profit and Loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring cost

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Compensated absences

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit which are computed based on the actuarial valuation using the projected unit credit method at the period end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Company presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the balance is presented as a non-current liability.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

All other employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, bonus, etc. are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

3.9 Share-based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments which are classified as equity-settled transactions.

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised as an employee benefit expense with a corresponding increase in 'Share- Based Payment Reserves' in other equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

Service and non-market performance conditions are not taken into account when determining the grant date fair

value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions.

Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the Statement of Profit and Loss.

3.10 Foreign currency transactions and translations

Transactions in foreign currencies are initially recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Exchange differences pertaining to long-term foreign currency monetary items obtained or given on or before 31 December 2016: Exchange differences arising on conversion of long term foreign currency monetary items used for acquisition of depreciable fixed assets are added to the cost of fixed assets and is depreciated over the remaining life of the respective fixed asset and in other cases, is recorded under the head 'Foreign Currency Monetary Item Translation Difference Account' and is amortised over the period of maturity of underlying long term foreign currency monetary items, in accordance with the option available under Ind AS 101.

Exchange differences pertaining to long-term foreign currency monetary items obtained or given on or after 01 January 2017: Exchange differences arising on restatement of long term foreign currency monetary items obtained or given is recorded in the Statement of Profit and Loss.

3.11 Business combination and goodwill

In accordance with the provisions of Ind AS 101 'First-time Adoption of Indian Accounting Standards' ('Ind AS 101'), the Company has elected to apply Ind AS accounting for business combinations prospectively from 01 January 2016. As such, Indian GAAP balances relating to business combinations completed before that date have been carried forward

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' and Ind AS 19 'Employee Benefits' respectively.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the

contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree. If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in Statement of Profit and Loss or Other Comprehensive Income ('OCI'), as appropriate.

Any contingent consideration to be transferred by the Company is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 'Financial Instruments' ('Ind AS 109'), is measured at fair value with changes in fair value recognised in Statement of Profit and Loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

Any impairment loss for goodwill is recognised in Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

3.12 Government grants

Grants from the Government are recognised when there is reasonable assurance that all underlying conditions will be complied with and that the grant will be received.

When loans or similar assistance are provided by Government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. That grant is recognised in the Statement of Profit and Loss under 'revenues'. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet by recording the grant as deferred income which is released to the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

Grants related to income are recognised as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and are presented as 'other operating revenues'.

3.13 Income taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 and rules thereunder. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity).

Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their book bases. Deferred tax liabilities are recognised for all temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the relevant members of the Company will pay normal income tax during the specified period. Such asset is reviewed at each reporting period end and the adjusted based on circumstances then prevailing.

3.14 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The business activities of the Company predominantly fall within a single operating segment, i.e., manufacturing and sale of beverages within India.

3.15 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded Company's or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

3.16 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

For purposes of subsequent measurement, financial assets are classified as follows:

a) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost where the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and contractual terms of the asset give rise to cash flows on specified dates that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The interest income from these financial assets is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

b) Debt instruments at Fair Value Through Other Comprehensive Income

Assets that are held for collection of contractual cashflows and for selling the financial assets, where the cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income ("FVOCI"). The Company has not designated any debt instrument in this category.

c) Debt instruments at Fair Value Through Profit or Loss

Fair Value Through Profit or Loss ("FVTPL") is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss. The Company has not designated any debt instrument in this category.

d) Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 'Business Combinations' applies are Ind AS classified as at FVTPL. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair values. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

De-recognition

A financial asset is derecognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive the contractual cash flows from the asset in a transaction in which substantially all the risks and rewards of ownership of the asset are transferred.

Impairment of financial assets

The Company measures the Expected Credit Loss ("ECL") associated with its assets based on historical trends, industry practices and the general business environment in which it operates. The impairment methodology applied depends on whether there has been a significant increase

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

in credit risk. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss under the head 'other expenses'.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses are recognised in the Statement of Profit and Loss, except for those attributable to changes in own credit risk, which are recognised in OCI. These gains/ loss are not subsequently transferred to the Statement of Profit and Loss.

b) Financial liabilities at amortised cost

After initial recognition, financial liabilities designated at amortised costs are subsequently

measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

Derivatives are initially recognised at fair value on the date of executing a derivative contract and are subsequently remeasured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recognised in the Statement of Profit and Loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

3.17 Investment in subsidiaries and associates

An investor, regardless of the nature of its involvement with an entity (the investee), shall determine whether it is a parent by assessing whether it controls the investee. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Thus, an investor controls an investee if and only if the investor has all the following:

- a) power over the investee;
- b) exposure, or rights, to variable returns from its involvement with the investee; and
- c) the ability to use its power over the investee to affect the amount of the investor's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but not control or joint control over those policies. The considerations made in determining significant influence are similar to those necessary to determine control over subsidiaries.

The Company has elected to recognise its investments in subsidiary and associate companies at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, 'Non-current Assets Held for Sale and Discontinued Operations', when they are classified as held for sale.

Investment carried at cost is tested for impairment as per Ind-AS 36.

3.18 Non-current assets and liabilities classified as held for sale

Non-current assets classified as held for sale are presented separately in the Balance Sheet and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. Once classified as held for sale, the assets are not subject to depreciation or amortisation. Any gain or loss arises on remeasurement or sale is included in Statement of Profit and Loss

3.19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

3.20 Dividend distribution to equity holders

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the

distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

3.21 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.22 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent assets are only disclosed when it is probable that the economic benefits will flow to the entity.

3.23 Earnings per share

Basic earnings/ (loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events, other than conversion of potential equity

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings/(loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.24 Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

i) Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently

involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

b) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forward can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

ii) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Useful lives of depreciable assets

The Company reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets.

b) Defined benefit obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. In view of the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

c) **Inventories**

The Company estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

d) **Business combinations**

The Company uses valuation techniques when determining the fair values of certain assets and liabilities acquired in a business combination. In particular, the fair value of contingent consideration is dependent on the outcome of many variables including the acquirees' future profitability.

e) **Impairment of non-financial assets and goodwill**

In assessing impairment, Company estimates the recoverable amount of each asset or

cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

f) **Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

4. Property, plant and equipment (Cont'd)

i. Asset under construction/ Capital work in progress

Capital work in progress as at 31 December 2016 comprised capital expenditure mainly for the set up of new plant at Sandila (Uttar Pradesh) which was capitalised during the year 2017 on 03 May 2017.

(₹ in million)

Net book value	31 December 2017	31 December 2016	01 January 2016
Capital work-in-progress	119.69	689.37	320.27
Total	119.69	689.37	320.27

ii. Refer Note 54 for information on property, plant and equipment pledged as security by the Company.

iii. Ind AS 101 Exemption: The Company has availed the exemption available under Ind AS 101, where the carrying value of property, plant and equipment as at 01 January 2016 has been carry forward at the amount as determined under the Indian GAAP.

The only adjustment made to these carrying values is for fair value of deferred payment liabilities for property, plant and equipment acquired in business combinations (Refer note 60 I). The deemed cost as at 01 January 2016 is the gross carrying amount less accumulated depreciation as on that date.

iv. Pre-operative expenses incurred and capitalised during the year are as under:

(₹ in million)

Net book value	31 December 2017	31 December 2016
Balance at the beginning of the year	24.63	24.97
Add: Incurred during the year		
Finance costs	17.07	35.18
Other expenses	86.03	2.14
Less: Capitalised during the year	124.53	37.66
Amount carried over	3.20	24.63

Carrying amount as at 31 December 2016	3,484.39	79.37	3,563.77

i. **Ind AS 101 Exemption:** The Company has availed the exemption available under Ind AS 101, where the carrying value of other intangible asset as at 01 January 2016 has been carry forward at the amount as determined under the Indian GAAP. The only adjustment made to these carrying values is for fair value of deferred payment liabilities for other intangible asset acquired in business combinations (Refer note 60 I). The deemed cost as at 01 January 2016 is the gross carrying amount less accumulated amortisation as on that date.

ii. In the year ended on 31 December 2017, the Company acquired PepsiCo India Holdings Private Limited (PepsiCo India's) previously franchised territories in the State of Odisha and parts of Madhya Pradesh along with two manufacturing units at Bargarh and Bhopal (Mandideep) from other franchisees. This resulted into recognition of among other assets, franchise rights and goodwill (Refer note 51 A).

iii. In the past, the Company had carried out similar acquisitions of territories along with manufacturing facilities from PepsiCo India and other franchisees. The assets so acquired were fair valued which resulted into recognition of franchise rights amounting of ₹ 4,350.12.

Under the erstwhile Indian GAAP, the Company followed an accounting policy of amortisation of these acquired franchisee rights over 10 years based on the initial tenure these rights were granted as indefinite life was not permitted. Post transition to Ind AS, the Company has considered the related provisions of Ind AS 38 on 'Intangibles Assets' which permit certain intangible assets to have an indefinite life and accordingly the carrying value of these franchisee rights on the transition date have been considered to have an indefinite life. These franchisee rights meet the prescribed criteria of renewal at no nominal cost, renewal at no specific conditions attached and is supported by evidences of being renewed. Management is of the opinion that, based on an analysis of all of the relevant factors, there is no foreseeable limit to the period over which the franchisee rights is expected to generate net cash inflows for the Company.

Intangible assets with indefinite useful lives are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The assumptions used in this impairment assessment are most sensitive to following:

- Weighted average cost of capital "WACC" of 16.10%.
- For arriving at the terminal value, approximate growth rate of 5% is considered.

6. Investments in subsidiaries and associates

(₹ in million)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Investment in subsidiaries (at cost) (unquoted)

Description of nature and purpose of each reserve:

Capital reserve - Created on merger of Varun Beverages International Limited with the Company pursuant to and in accordance with the Court approved scheme of amalgamation, prior to the transition date.

General reserve - Created by way of transfer from debenture redemption reserve on redemption of debentures and is not an item of other comprehensive income.

Debenture redemption reserve - Created as per provisions of the Act out of the distributable profits and can only be utilised for redemption of debentures.

Securities premium reserve - Created to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

Retained earnings - Created from the profit / loss of the Company, as adjusted for distributions to owners, transfers to other reserves, etc.

Share based payment reserve - Created for recording the grant date fair value of options issued to employees under employee stock option schemes and is adjusted on exercise/ forfeiture of options.

Foreign currency monetary item translation difference account - Created for recording exchange differences arising on restatement of long term foreign currency monetary items, other than for acquisition of fixed assets, and is being amortised over the maturity period of such monetary items.

21. Borrowings

A. Non-current borrowings

(₹ in million, except otherwise stated)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Debentures			
- Compulsorily convertible debentures (unsecured) (Refer note a)	-	-	8,174.70
- Non-convertible debentures (secured) (Refer note b(i) and b(ii))	2,990.50	-	179.88
- Non-convertible debentures (unsecured) (Refer note b (iii))	-	-	3,000.00
Term loans (secured) (Refer note 21C)			
- Foreign currency loans from banks	-	339.77	663.20
- Indian rupee loans from banks	11,886.57	6,906.35	4,845.66
- Indian rupee loan from a financial institutions	336.62	426.95	1,096.12
Compulsorily convertible preference shares (unsecured) (Refer note c)	-	-	4,127.93
Deferred value added tax (unsecured) (Refer note 21C)	466.47	592.61	705.10
Deferred payment liabilities (secured) (Refer Note 21D)	337.68	2,965.59	5,349.00
	16,017.84	11,231.27	28,141.59

Loans and borrowing above are recognised at amortised cost/ fair value taking into account any discount or premium on acquisition and fee or costs that are part of effective interest rate, accordingly the outstanding balances above may not necessarily agree with repayment amounts.

a) Terms and conditions of issue and conversion/redemption of compulsorily convertible debentures (CCDs) are as under:

All the CCDs have been converted to equity share capital during the year ended 31 December 2016 and hence there are no CCDs outstanding as at 31 December 2016. The particulars as at 01 January 2016 are as under and were recorded at face value of ₹ 4,198.98 as per erstwhile Indian GAAP.

No. of debentures	Date of issue	Face value (₹)
12,49,980	18 July 2011	1,000.00
12,50,000	30 November 2011	1,000.00
16,50,000	05 October 2012	1,000.00

The Company was required to conduct a qualified initial public offer ('QIPO') not later than 48 months from the date of issue of first tranche. If a QIPO by the Company could not be completed prior to the QIPO deadline date on account of the market conditions or non-receipt of internal or external approvals that may be required for such initial public offering, the Company and the promoters (as defined in the subscription agreement) shall ensure that such QIPO occurs within six years from the first completion date. The CCDs shall be converted into such number of equity shares based on the lower-end of the price band at which the QIPO is proposed to enable the debenture holders to realise the agreed return of 18.5% from the equity shares resulting from such conversion. CCDs were compulsorily convertible into equity shares in an initial public offer (IPO). In the event the Company had not filed a Draft Red Herring Prospectus for QIPO with the Securities and Exchange Board of India on or before 31 May 2017, the debenture holders had various exit options including 14% per annum coupon and put option on promoters at an agreed return. The coupon in that case was payable as per the terms of underlying agreement.

b) Terms and conditions of issue and redemption of Non-convertible debentures (NCDs) are as under:

i) Issued to Kotak Mahindra Bank Limited and RBL Bank Limited

During the year ended 31 December 2017, the Company has issued 1,500 NCDs each to Kotak Mahindra Bank Limited and RBL Bank Limited. Details of NCDs as at 31 December 2017 are as under:

No. of debentures	Date of issue	Face value (₹)
3,000	23 March 2017	10,00,000

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The Rated Secured Listed Redeemable Rupee Denominated NCDs (3000) are redeemable at par in 5 years and 4 months from the deemed date of allotment and carry a coupon rate of 7.70% per annum. The NCDs are redeemable 10%, 25%, 30% and 35% at 30 June 2019, 2020, 2021 and 2022 respectively unless redeemed earlier. These NCDs are secured by way of first pari-passu charge on the moveable and immoveable fixed assets of the Company providing a security cover of 1.30 times.

(₹ in million)

Details of utilisation	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Gross proceeds received	3,000	-	-
Amount utilised till end of the year	3,000	-	-
Unutilised amount at the end of the year	-	-	-

The Audit Committee and Board of Directors of the Company noted the utilisation of the proceeds of NCDs for the year ended 31 December 2017, which was in line with utilisation schedule approved by the Board of Directors.

ii) Issued to RBL Bank Limited

During the year ended 31 December 2016, the Company had called-up the balance amount of ₹ 1,800 in single instalment, i.e. 90 percent of the face value of debenture, as per the terms of the underlying agreement. The NCDs were repaid during the previous year from the proceeds of IPO. There were no NCDs outstanding as at 31 December 2016 and details of NCDs as at 01 January 2016 are as under and were recorded at cost of ₹ 2,000 as per Indian GAAP.

No. of debentures	Date of issue	Face value (₹)	Paid-up value (₹)
2,000	01 December 2015	10,00,000	1,00,000

The Rated Secured Listed Redeemable Rupee Denominated NCD (2000) were redeemable at par in 5 years from the deemed date of allotment and carried a coupon rate of SBI base rate plus 60 basis points. The NCDs were redeemable 30%, 30% and 40% at the end of year third, fourth and fifth years respectively unless redeemed earlier. These NCDs were secured by way of first pari-passu charge on the specified fixed assets of the Company to the extent of 1.25 times of NCDs outstanding.

(₹ in million)

Details of utilisation	As at 31 December 2017	As at 31 December 2016
Gross proceeds received	-	1,800
Amount utilised till end of the year	-	1,800
Unutilised amount at the end of the year	-	-

The Audit Committee and Board of Directors of the Company noted the utilisation of the proceeds of NCDs for the year ended 31 December 2016, which was in line with utilisation schedule approved by the Board of Directors.

iii) Issued to AION Investments II Singapore PTE Ltd

During the year ended 31 December 2016, the Company had redeemed all the NCDs issued to AION Investments II Singapore PTE Ltd and there were no NCDs outstanding as at 31 December 2016. Details of NCDs as at 01 January 2016 are as under and were recorded at cost of ₹ 3000 as per Indian GAAP.

No. of debentures	Date of issue	Face value (₹)
300	30 September 2015	1,00,00,000

NCDs were rated unsecured and carried a coupon rate of 14% for the first eighteen months and 17% thereafter. NCDs were redeemable by the Company on the tenth anniversary from the date of allotment ('Final Redemption Date'). The Company and its affiliates (as defined in the underlying agreement) had right to redeem the NCDs, prior to the final redemption date, under the circumstances and subject to the conditions stated in the underlying agreement.

c) Terms and conditions of issue and conversion of Compulsorily convertible preference shares (CCPS) are as under:

All the CCPS have been converted to equity share capital during the year ended 31 December 2016 and hence there are no CCPS outstanding as at 31 December 2016. The particulars as at 01 January 2016 are as under and were recorded at face value of ₹ 4,500 as per Indian GAAP. CCPS were compulsorily convertible into equity shares upon expiry of five years from allotment date at a price which was to be calculated at the valuation of the Company computed by an independent valuer or at a price not lower than breakup value (as defined in share subscription agreement), whichever was higher.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

CCPS were to be mandatorily converted into equity shares prior to a) filing of the red herring prospectus or, b) a third party private equity investment or, c) the conversion of Compulsorily Convertible Debentures. The holders of preference shares had no rights to receive notices of, attend or vote at general meetings except in certain limited circumstances.

Each CCPS was entitled to receive dividend at the rate of 10% in the fourth year and at the rate of 20% in the fifth year from the date of issue. There is no dividend for the first three years from the date of issue.

d) The Company has complied with all the loan covenants. (Refer note 53)

B. Current borrowings:

Re-measurement gains/(losses) on defined benefit plans	9.78
Tax impact on re-measurement gains/(losses) on defined benefit plans	(3.39)
	6.39

During the year ended 31 December 2016

(₹ in million)

	Retained earnings
Re-measurement gains/(losses) on defined benefit plans	(51.88)
Tax impact on re-measurement gains/(losses) on defined benefit plans	17.96
	(33.92)

38. Gratuity and other post-employment benefit plans

All amounts in ₹ in million, unless otherwise stated

Gratuity:

The Company has a defined benefit gratuity plan governed by the Payments of Gratuity Act, 1972. Every employee who has completed five years or more of services is eligible for gratuity on separation at 15 days salary (last drawn salary) for each completed year of service. The Company has formed a Gratuity Trust to which contribution is made and an insurance policy is taken by the trust, which is a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset. The Company makes a provision of unfunded liability based on actuarial valuation in the Balance Sheet as part of employee cost.

Compensated absences:

The Company recognises the compensated absences expenses in the Statement of Profit and Loss based on actuarial valuation.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The following tables summaries the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet:

All amounts in ₹ in million, unless otherwise stated

	Gratuity			Compensated Absences		
	31 December 2017	31 December 2016	01 January 2016	31 December 2017	31 December 2016	01 January 2016
Changes in present value are as follows:						
Balance at the beginning of the year	489.09	362.10	173.29	207.26	156.39	104.77

A quantitative sensitivity analysis for significant assumption as at 31 December 2017 is as shown below:

	Sensitivity level		Gratuity		Compensated Absences	
	31 December 2017	31 December 2016	31 December 2017	31 December 2016	31 December 2017	31 December 2016
Discount rate	+1%	+1%	(35.85)	(32.14)	(6.85)	(5.24)
	-1%	-1%	40.61	36.66	7.26	5.57
Salary increase	+1%	+1%	38.51	34.49	6.90	5.25
	-1%	-1%	(34.78)	(30.97)	(6.64)	(5.04)
Withdrawal rate	+1%	+1%	(10.05)	(10.50)	(3.46)	(2.64)
	-1%	-1%	11.17	11.74	3.68	2.82

The sensitivity analysis above has been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

All amounts in ₹ in million, unless otherwise stated

Risk associated:

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.
Interest risk (discount rate risk)	A decrease in the bond interest rate (discount rate) will increase the plan liability.
Mortality risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2006-08) ultimate table. A change in mortality rate will have a bearing on the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

The following payments are maturity profile of Defined Benefit Obligations in future years:

	Gratuity		Compensated Absences	
	31 December 2017	31 December 2016	31 December 2017	31 December 2016

#includes guarantees for loans given on behalf of subsidiaries for business purposes.

*excludes pending matters where amount of liability is not ascertainable.

42. Capital commitments

All amounts in ₹ in million, unless otherwise stated

	As at 31 December 2017	As at 31 December 2016
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances of ₹ 292.54; 2016: ₹ 389.26).	1,286.69	2,135.42

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

43. Pursuant to transfer pricing legislations under the Income-tax Act, 1961, the Company is required to use specified methods for computing arm's length price in relation to specified international and domestic transactions with its associated enterprises. Further, the Company is required to maintain prescribed information and documents in relation to such transactions. The appropriate method to be adopted will depend on the nature of transactions/ class of transactions, class of associated persons, functions performed and other factors, which have been prescribed. The Company is in the process of updating its transfer pricing documentation for the current financial year. Based on the preliminary assessment, the management is of the view that the update would not have a material impact on the tax expense recorded in these financial statements. Accordingly, these financial statements do not include any adjustments for the transfer pricing implications, if any.

44. Related party transactions

Following are the related parties and transactions entered with related parties for the relevant financial year:

i. List of related parties and relationships:-

I. Key managerial personnel (KMPs)

Mr. Ravi Kant Jaipuria	Director and KMP of ultimate parent namely Ravi Kant Jaipuria & Sons (HUF)
Mr. Varun Jaipuria	Whole-time Director
Mr. Raj Pal Gandhi	Whole-time Director
Mr. Kapil Agarwal	Whole-time Director
Mr. Kamlesh Kumar Jain	Whole-time Director and Chief Financial Officer
Mr. Christopher White (till 28 March 2016)	Whole-time Director
Dr. Girish Ahuja	Non-executive independent director
Mr. Pradeep Sardana	Non-executive independent director
Mr. Ravindra Dhariwal	Non-executive independent director
Ms. Geeta Kapoor	Non-executive independent director
Mr. Rajesh Chopra	KMP of parent namely RJ Corp Limited
Mr. S.V. Singh	KMP of parent namely RJ Corp Limited
Mr. Ravi Batra (from 12 May 2017)	Company Secretary
Mr. Mahavir Prasad Garg (till 12 May 2017)	Company Secretary
Mrs. Monika Bhardwaj	Company Secretary of parent namely RJ Corp Limited

II. Parent and ultimate parent

RJ Corp Limited
Ravi Kant Jaipuria & Sons (HUF)

III. Subsidiaries/step down subsidiaries

Varun Beverages Morocco SA	Subsidiary
Varun Beverages (Nepal) Private Limited	Subsidiary
Varun Beverages Lanka (Private) Limited	Subsidiary
Varun Beverages (Zambia) Limited	Subsidiary (with effect from 01 January 2016)
Varun Beverages Mozambique Limitada	Subsidiary (with effect from 01 January 2016 to 02 March 2017)
Varun Beverages (Zimbabwe) (Private) Limited	Subsidiary (with effect from 01 January 2016)
Ole Spring Bottlers (Private) Limited	Step down subsidiary

IV. Fellow subsidiaries and entities controlled by parent*

Parkview City Limited
Devyani International Limited
Devyani Food Industries Limited
Alisha Retail Private Limited

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Varun Food and Beverages Zambia Limited
Arctic International Private Limited
Wellness Holdings Limited
SVS India Private Limited
Devyani Food Street Private Limited

V. Associate (or an associate of any member of the Company)

Lunarmech Technologies Private Limited
Angelica Technologies Private Limited

VI. Relatives of KMPs*

Mrs. Dhara Jaipuria
Mrs. Asha Chopra
Mrs. Shashi Jain
Mrs. Rachna Batra

VII. Entities in which a director or his/her relative is a member or director*

Champa Devi Jaipuria Charitable Trust
Diagno Labs Private Limited
SMV Beverages Private Limited
SMV Agencies Private Limited
Alisha Torrent Closure Private Limited
Nector Beverages Private Limited
Steel City Beverages Private Limited
Pearl Drinks Private Limited
Jai Beverages Private Limited

VIII. Entities which are post employment benefits plans

VBL Employees Gratuity Trust

*With whom the Company had transactions during the current year and previous year.

ii. Transactions with KMP (Refer note 44A)

iii. Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made in the ordinary business and on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and settlement occurs in cash. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

iv. Transactions with related parties (Refer note 44B)

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

45. The Company has taken various premises and other fixed assets on operating leases. The lease agreements generally have a lock-in-period of 1-5 years and are cancellable at the option of the lessee thereafter. Majority of the leases have escalation terms after certain years and are extendable by mutual consent on expiry of the lease. During the year, lease payments under operating leases amounting to ₹ 321.93 (31 December 2016 ₹ 377.66) have been recognised as an expense in the Statement of Profit and Loss.

Non-cancellable operating lease rentals payable (minimum lease payments) for these leases are as follows:

(₹ in million)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Payable within one year	17.78	16.93	5.90
Payable between one and five years	34.03	44.01	27.66
Payable after five years	1.95	9.75	17.54
Total	53.76	70.69	51.10

46. The business activities of the Company predominantly fall within a single reportable business segment, i.e., manufacturing and sale of beverages within India. There are no separately reportable business or geographical segments that meet the criteria prescribed in Ind AS 108 on Operating Segments. The aforesaid is in line with review of operating results by the chief operating decision maker. The sale of products of the Company is seasonal.

47. Dues to Micro and Small Enterprises

The dues to Micro and Small Enterprises as required under the Micro, Small and Medium Enterprises Development Act, 2006 to the extent information available with the Company is given below:

(₹ in million)

Particulars	31 December 2017	31 December 2016	01 January 2016
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year			
Principal amount due to micro and small enterprises	8.71	7.23	1.44
Interest due on above	0.12	0.01	-
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	0.43	0.24	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	0.55	0.25	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	0.55	0.25	-

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

48. Details of Corporate Social Responsibility (CSR) expenditure

In accordance with the provisions of section 135 of the Companies Act, 2013, the Board of Directors of the Company had constituted CSR Committee. The details for CSR activities.

(₹ in million)

Particulars	For the year ended 31 December 2017	For the year ended 31 December 2016
a) Gross amount required to be spent by the Company during the year	27.63	10.69
b) Amount spent during the year on the following		
1. Construction / Acquisition of any asset	-	-
2. On purpose other than 1 above	27.73	10.69

Refer note 44B for amounts paid to Champa Devi Jaipuria Charitable Trust towards contribution for "Shiksha Kendra" for the education of poor and under privileged children and to Diagno Labs Private Limited for free health check-up camps.

49. During the year ended 31 December 2016, the amount utilised for share issue expenses primarily includes payment made for merchant banker fees, legal counsel fees, brokerage and selling commission, auditors fees, registrar to the issue, printing and stationary expenses, advertising and marketing expenses, statutory fees to regulator and stock exchanges and other incidental expenses towards Initial Public Offering ('IPO'). Of the total share issue expenses, expenses aggregating to ₹ 222.15 have been adjusted towards the securities premium reserve and expenses aggregating to ₹ 127.26 have been reimbursed by the selling shareholders in the proportion of shares offered for sale by the selling shareholders to total shares offered for IPO for all expenses except for expenses exclusively related to the Company.

50. During the year ended 31 December 2016, pursuant to Initial Public Offering (IPO), 25,000,000 equity shares of ₹ 10 each were allotted at a premium of ₹ 435 per share consisting of fresh issue of 15,000,000 equity shares and offer for sale of 10,000,000 equity shares by the selling shareholders for the purpose of repayment of debts and general corporate purposes. The Audit Committee and the Board of Directors noted the utilisation of funds raised through fresh issue of equity shares pursuant to IPO to be in line with the objects of the issue, the details of which are as follows:

(₹ in million)

Particulars	Amount
Gross proceeds received from IPO	6,675.00
Less: Share issue expenses	222.15
Net proceeds received from IPO	6,452.85
Amount utilised for:	
Repayment of debts	(5,400.00)
General corporate purposes	(1,052.85)
Unutilised amount as at 31 December 2016	-

51. Acquisitions and disposals

Acquisitions and disposals during the year ended 31 December 2017

A. Acquisition of business

The Company acquired PepsiCo India's previously franchised territories in the parts of Madhya Pradesh and State of Odisha along with two manufacturing units at Bargarh and Bhopal (Mandideep) from other franchisees for a total purchase consideration of ₹ 470.00 and ₹ 832.00 respectively on a slump sale basis. The aforesaid purchase consideration excludes adjustment for working capital taken over as part of business.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The details of the business combination are as follows:

(₹ in million)

The Company sold 41% equity quota of Varun Beverages Mozambique Limitada to reduce its stake from 51% down to 10% for a consideration of ₹ 0.11 on 02 March 2017. This transaction did not have any material impact on these financial statements.

Acquisitions during the year ended 31 December 2016

D. Acquisition of business

The Company had acquired two beverages manufacturing units located at Phillaur (Punjab) and Satharia (Uttar Pradesh) for a total consideration of ₹ 574.00 and ₹ 500.00 respectively on a slump sale basis.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The details of the business combination are as follows:

(₹ in million)

Particulars	Phillaur (Punjab)	Sathariya (Uttar Pradesh)
Name of seller	Dhillon Kool Drinks & Beverages Private Limited	NRVS Enterprises Private Limited
Acquisition date	28 March 2016	22 September 2016
Recognised amounts of identifiable net assets		
Property, plant and equipment	564.19	493.56
Total non-current assets (a)	564.19	493.56
Employee benefits payable	(0.74)	(1.32)
Total non-current liabilities (b)	(0.74)	(1.32)
Net current assets acquired		
Inventories	28.90	6.12
Other current assets	5.05	1.64
Trade payable	(23.14)	-
Other liabilities	(0.26)	-
Net working capital (c)	10.55	7.76
Identifiable net assets (a) + (b) + (c)	574.00	500.00

Purchase consideration transferred

(₹ in million)

Particulars	Phillaur (Punjab)	Sathariya (Uttar Pradesh)
Amount paid	574.00	500.00
Total	574.00	500.00

E. During the year ended 31 December 2016, the Company had acquired controlling stakes in entities which own manufacturing facilities and distribution rights of carbonated drinks of Pepsi brand in the Republics of Mozambique and Zambia.

Name of entity	Name of seller	Percentage of ownership	Date of acquisition	Purchase consideration
Varun Beverages (Zambia) Limited	Arctic International Private Limited	60%	01 January 2016	1,755.21
Varun Beverages Mozambique Limitada	Arctic International Private Limited	51%	01 January 2016	0.13

F. The Company, on April 05, 2016, vide shareholders agreement has acquired eighty five percent controlling interest in Varun Beverages (Zimbabwe) (Private) Limited for a total consideration of ₹ 0.06.

52. Share-based payments

Description of share based payments arrangements

During the year ended 31 December 2013, the Company granted stock options to certain employees of the Company and its subsidiaries. The Company has the following share-based payment arrangements for employees.

A. Employee Stock Option Plan 2013 (ESOP 2013)

The ESOP 2013 ("the Plan") was approved by the Board of Directors and the shareholders on 13 May 2013 and further amended by Board of Directors on 01 December 2015. The plan entitles key managerial personnel and employees of the

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Company and its subsidiaries to purchase shares in the Company at the stipulated exercise price, subject to compliance with vesting conditions. Stock options can be settled by issue of equity shares. As per the Plan, holders of vested options are entitled to purchase one equity share for every option at an exercise price of ₹ 149.51, which is 1.14 % above the stock price at the date of grant, i.e., 13 May 2013.

The expense recognised for employee services received during the respective years is shown in the following table:

	For the year ended 31 December 2017	For the year ended 31 December 2016
Expense arising from equity-settled share-based payment transactions	-	0.05
Total expense arising from share-based payment transactions	-	0.05

Movements during the year

The following table illustrates the number and weighted average exercise prices (WAEP) of, and changes in, share options during the year:

Particulars	31 December 2017		31 December 2016	
	Number	WAEP	Number	WAEP
Outstanding at the beginning of the year	352,700	149.51	2,675,400	149.51
Options exercised during the year	(274,415)	149.51	(2,264,700)	149.51
Expired/lapsed during the year	-	-	(58,000)	149.51
Outstanding at the end of the year	78,285		352,700	
Exercisable at the end of the year	78,285	-	352,700	-

The fair values of options granted under new plan were determined using a variation of the binomial option pricing model that takes into account factors specific to the share incentive plans, such as the vesting period. The following principal assumptions were used in the valuation:

Particulars	31 December 2017		31 December 2016	
	Options vested and exercised	Options vested and unexercised	Options vested	Options to be vested
Number of options	2,006,550	668,850	2,006,550	668,850
Fair value on grant date (₹)	65.92	66.44	65.92	66.44
Share price at grant date (₹)	147.83	147.83	147.83	147.83
Fair value at exercise date (₹)	361.42	361.42	-	-
Exercise price (₹)	149.51	149.51	149.51	149.51
Expected volatility	16.63%	16.63%	16.63%	16.63%
Expected life	7.56 years	7.64 years	7.56 years	7.64 years
Expected dividends	0%	0%	0%	0%
Risk-free interest rate (based on government bonds)	7.53%	7.53%	7.53%	7.53%

Particulars of Scheme

Name of scheme	Employee Stock Option Plan 2013
Vesting conditions	668,850 options on the date of grant ('First vesting')
	668,850 options on first day of January of the calendar year following the first vesting ('Second vesting')
	668,850 options on first day of January of the calendar year following the second vesting ('Third vesting')

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

	668,850 options on first day of January of the calendar year following the third vesting ('Fourth vesting')
	Notwithstanding any other clause of this Plan, no vesting shall occur until 01 December 2015 or fourth vesting, whichever is earlier
Exercise period	Stock options can be exercised within a period of 5 years from the date of vesting.
Number of share options	2,675,400
Exercise price	149.51
Method of settlement	Equity
Fair value on the grant date	Options vested: ₹ 65.92 Options to be vested : ₹ 66.44
Remaining life as on 31 December 2017	2.94 years
Remaining life as on 31 December 2016	3.94 years

The following share options were exercised during the year:

	Options series	Number Exercised	Share Price at Exercise date	Exercise date
Granted on 13 May 2013	ESOP 2013	99,400	₹ 404.78	20 February 2017
Granted on 13 May 2013	ESOP 2013	98,200	₹ 473.90	24 April 2017
Granted on 13 May 2013	ESOP 2013	46,815	₹ 514.64	11 August 2017
Granted on 13 May 2013	ESOP 2013	27,000	₹ 510.98	25 September 2017
Granted on 13 May 2013	ESOP 2013	3,000	₹ 512.51	11 October 2017

The following share options were exercised during the Financial Year:

	Options series	Number Exercised	Share Price at Exercise date	Exercise date
Granted on 13 May 2013	ESOP 2013	1,903,700	Stock not listed on exercise date	31 March 2016
Granted on 13 May 2013	ESOP 2013	361,000	₹ 435.77	01 December 2016

B. Employee Stock Option Plan 2016 ("ESOS 2016")

The ESOS 2016 ("the Scheme") was approved by the Board of Directors and the shareholders on 27 April 2016. The Scheme entitles key managerial personnel and employees of the Company and its subsidiaries to purchase shares in the Company at the stipulated exercise price, subject to compliance with vesting conditions. Stock options can be settled by issue of equity shares. No options under this Scheme have been granted in the financial year ended 31 December 2017.

53. Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital, instruments compulsorily convertible into equity, share premium and all other equity reserves. The primary objective of the Company's capital management is to maximise the shareholder value and provide adequate returns to shareholders.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions, the requirements of the financial covenants and the risk characteristics of the underlying assets.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The amounts managed as capital by the Company for the reporting periods are summarised as follows:

(₹ in million)

Particulars	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Non-current borrowings other than compulsorily convertible preference shares and compulsorily convertible debentures (Refer note 21A)	16,017.84	11,231.27	15,838.96
Current borrowings (Refer note 21B)	1,925.88	1,482.55	681.00
Current portion of deferred payment liabilities (Refer note 21D)	3,020.71	3,301.01	3,005.70
Current maturities of long-term debts (Refer note 21C)	2,883.23	1,882.92	1,828.88
	23,847.66	17,897.75	21,354.54
Less: Cash and cash equivalents (Refer note 14)	312.64	148.65	189.26
Net debt	23,535.02	17,749.10	21,165.28
Equity share capital (Refer note 19)	1,825.87	1,823.13	1,337.66
Other equity (Refer note 20)	21,142.14	19,544.24	366.59
Compulsorily convertible preference shares (Refer note 21A)	-	-	4,127.93
Compulsorily convertible debentures (Refer note 21A)	-	-	8,174.70
Total capital	22,968.01	21,367.37	14,006.88
Capital and net debt	46,503.03	39,116.47	35,172.16
Gearing ratio	50.61%	45.38%	60.18%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any borrowing in the reporting periods.

54. Assets pledged as security

The carrying amount of assets pledged as security are:

(₹ in million)

Particulars	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Inventories and trade receivable (Refer note 12 & 13)	4,103.60	4,071.15	3,991.92
Other bank deposits (Refer note 15)	0.06	0.74	6.58
Other intangible assets (Refer note 5)	4,355.84	3,563.77	3,563.27
Property, plant and equipment (Refer note 4)	28,404.80	26,351.55	24,695.50
Capital work-in-progress (Refer note 4)	119.69	689.37	320.27

55. Recent accounting pronouncements (Ind AS issued but not yet effective)

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' These amendments are applicable to the Company from accounting periods beginning on or after 01 April 2017, i.e., from financial year 2018.

Amendment to Ind AS 7:

The amendments to Ind AS 7 inter-alia require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

The Company is evaluating the requirements of the amendment and the effect on the financial statements.

Amendment to Ind AS 102:

The amendments to Ind AS 102 inter-alia provide specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. The requirements of the amendment have no material impact on these financial statements.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

57. Financial instruments risk

Financials risk management objectives and policies

The Company is exposed to various risks in relation to financial instruments. The main types of financial risks are market risk, credit risk and liquidity risk.

The management of the Company monitors and manages the financial risks relating to the operations of the Company on a continuous basis. The Company's risk management is coordinated at its head office, in close cooperation with the management, and focuses on actively securing the Company's short to medium-term cash flows and simultaneously minimising the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns.

The Company does not engage in the trading of financial assets for speculative purposes. The most significant financial risks to which the Company is exposed are described below.

57.1. Market risk analysis

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from both its operating, investing and financing activities. Contracts to hedge exposures in foreign currencies, interest rates etc. are entered into wherever considered necessary by the management.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The functional currency of the Company is Indian Rupees ('INR' or '₹'). Most of the Company's transactions are carried out in Indian Rupees. Exposures to currency exchange rates mainly arise from the Company's overseas sales and purchases, lending to overseas subsidiary companies, external commercial borrowings etc. which are primarily denominated in US Dollars ('USD'), Euro and Pound Sterling ('GBP').

The Company has limited exposure to foreign currency risk and thereby it mainly relies on natural hedge. To further mitigate the Company's exposure to foreign currency risk, non-INR cash flows are continuously monitored and hedging contracts are entered into wherever considered necessary.

The carrying amounts of the Company's foreign currency denominated monetary items are restated at the end of each reporting period. Foreign currency denominated financial assets and liabilities which expose the Company to currency risk are as follows:

*Rounded off to Nil

The following table illustrates the foreign currency sensitivity of profit and equity in regards to the Company's financial assets and financial liabilities considering 'all other things being equal' and ignoring the impact of taxation. It assumes a +/- 1% change of the INR/USD exchange rate for the year ended at 31 December 2017 (31 December 2016: 1%) and a +/- 1% change is considered for the INR/GBP and INR/Euro exchange rates (31 December 2016: 1%). These are the sensitivity rates used when reporting foreign currency exposures internally to the key management personnel and represents management's assessment of the reasonably possible changes in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items at end of each period reported upon. A positive number indicates an increase in profit or equity and vice-versa.

If the INR had strengthened against the USD by 1% (31 December 2016: 1%) Euro by 1% (31 December 2016: 1%), and GBP by 1% (31 December 2016: 1%), the following would have been the impact:

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

(in million)

	Profit for the year			Equity		
	USD	GBP	Euro	USD	GBP	Euro
31 December 2017	(38.47)	0.00*	4.35	(38.47)	0.00*	4.35
31 December 2016	(30.41)	0.00*	-	(30.41)	0.00*	-

*Rounded off to Nil.

If the INR had weakened against the USD by 1% (31 December 2016: 1%) EURO by 1% (31 December 2016: 1% and 01 January 2016: 1%) and GBP by 1% (31 December 2016: 1%), the following would have been the impact:

(in million)

	Profit for the year			Equity		
	USD	GBP	Euro	USD	GBP	Euro
31 December 2017	38.47	0.00*	(4.35)	38.47	0.00*	(4.35)
31 December 2016	30.41	0.00*	-	30.41	0.00*	-

*Rounded off to Nil.

Exposures to foreign exchange rates vary during the year depending on the volume of the overseas transactions. Nonetheless, the analysis above is considered to be representative of the Company's exposure to currency risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. The Company is exposed to changes in market interest rates as some of the bank and other borrowings are at variable interest rates and also loans have been advanced to subsidiary companies at variable interest rates. All the Company's term deposits are at fixed interest rates.

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates of +/- 1% (31 December 2016: +/- 1%). These changes are considered to be reasonably possible based on management's assessment. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

(₹ in million)

	Profit for the year		Equity	
	+1%	-1%	+1%	-1%
31 December 2017	(142.81)	142.81	(142.81)	142.81
31 December 2016	(84.32)	84.32	(84.32)	84.32

Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase of pet chips and sugar and therefore require a continuous supply. In view of volatility of pet chips and sugar prices, the Company also executes into various purchase contracts.

Commodity price sensitivity

The following tables shows the effect of price change in sugar and pet chips

(₹ in million)

Particulars	Change in yearly average price		Effect on profit before tax	
	+1%	-1%	+1%	-1%
31 December 2017				
Sugar	+1%	-1%	(49.11)	49.11
Pet chips	+1%	-1%	(17.72)	17.72

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

(₹ in million)

Particulars	Change in yearly average price		Effect on profit before tax	
31 December 2016				
Sugar	+1%	-1%	(45.75)	45.75
Pet chips	+1%	-1%	(14.29)	14.29

Other price sensitivity

The Company is not exposed to any listed equity or listed debt price risk as it does not hold any investments in listed entities..

57.2. Credit risk analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is operating through a network of distributors and other distribution partners based at different locations. The Company is exposed to this risk for various financial instruments, for example loans granted, receivables from customers, deposits placed etc. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at end of each reporting period, as summarised below:

(₹ in million)

	As at 31 December 2017	As at 31 December 2016	As at 01 January 2016
Classes of financial assets-carrying amounts:			
Investments (non-current)	0.04	0.01	0.01
Loans to related parties	6,024.90	4,307.67	2,841.22
Trade receivables	946.90	471.44	484.07
Cash and cash equivalents	312.64	148.65	189.26
Bank balances other than mention above	0.06	0.74	6.58
Other financial assets (current and non-current)	1,382.52	366.46	390.42
	8,667.06	5,294.97	3,911.56

The Company continuously monitors receivables and defaults of customers and other counterparties, and incorporates this information into its credit risk controls. Appropriate security deposits are kept against the supplies to customers and balances are reconciled at regular intervals. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty. Trade receivables consist of a large number of customers of various scales and in different geographical areas. Based on historical information about customer default rates, management considers the credit quality of trade receivables. In case the receivables are not recovered even after regular follow up, measures are taken to stop further supplies to the concerned customer.

The credit risk for cash and cash equivalents, bank deposits including interest accrued thereon and Government grant receivables is considered negligible, since the counterparties are reputable banks with high quality external credit ratings and State Government bodies. The credit risk for loans advanced to subsidiary companies including interest accrued thereon is also considered negligible since operations of these entities are regularly monitored by the Company and these companies have shown considerable growth.

In respect of financial guarantees provided by the Company, the maximum exposure which the Company is exposed to is the maximum amount which the Company would have to pay if the guarantee is called upon. Based on the expectation at the end of each reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the guarantees provided.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

57.3. Liquidity risk analysis

Liquidity risk is that the Company might be unable to meet its obligations. The Company manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities and considering the maturity profiles of financial assets and other financial liabilities as well as forecast of operational cash inflows and outflows. Liquidity needs are monitored in various time bands, on a day-to-day basis, a week-to-week basis and a month-to-month basis. Long-term liquidity needs for a 180-day and a 360-day lookout period are identified monthly. Net cash requirements are compared to available borrowing facilities in order to determine headroom or any shortfalls.

Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and the Company's ability to avail further credit facilities subject to creation of requisite charge on its assets. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

As at 31 December 2017, the Company's non-derivative financial liabilities have contractual maturities (excluding interest payments thereon) as summarised below:

(₹ in million)

31 December 2017	1 to 12 months	1 to 5 years	Later than 5 years
Borrowings (current and non-current)	7,829.82	16,009.82	413.62
Trade payables	838.32	-	-
Other financial liabilities (current and non-current)	1,627.87	45.98	-
Total	10,296.01	16,055.80	413.62

This compares to the maturity of the Company's non-derivative financial liabilities in the previous reporting periods as follows:

(₹ in million)

31 December 2016	1 to 12 months	1 to 5 years	Later than 5 years
Borrowings (current and non-current)	6,666.48	10,523.32	1402.02
Trade payables	1,444.11	-	-
Other financial liabilities (current and non-current)	1,579.74	12.24	-
Total	9,690.33	10,535.56	1,402.02

(₹ in million)

01 January 2016	1 to 12 months	1 to 5 years	Later than 5 years
Borrowings (current and non-current)	5,515.58	21,073.60	209.09
Trade payables	992.93	-	-
Other financial liabilities (current and non-current)	1,657.74	13.16	-
Total	8,166.25	21,086.76	209.09

As at 31 December 2017, the contractual cash flows (excluding interest thereon) of the Company's derivative financial instruments are as follows:

(₹ in million)

31 December 2017	Within 12 months	After 12 months
Cross currency interest rate swap		
Cash outflow	341.50	-

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Valuation technique to determine fair value

Cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, current borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- The fair values of the long term borrowings, loans and other deferred payments are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- The fair values of the unquoted instruments and other financial assets and liabilities have been estimated using a discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- The fair values of Compulsorily convertible debentures have been estimated by using discounted cash flow method by discounting the expected cash flows using the appropriate discount rate under different conversion events. Probabilities are then attached to each conversion event to derive final valuation. The discount rate is determined using other similar instruments incorporating the risk associated and probabilities are based on management's expectations.
- The fair values of Compulsorily convertible preference shares have been estimated by using discounted cash flow method by discounting the expected cash flows using the appropriate discount rate under different conversion events. Probabilities are then attached to each conversion event to derive final valuation. The discount rate is determined using other similar instruments incorporating the risk associated and probabilities are based on management's expectations.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

- The Company enters into derivative financial instruments such as cross currency interest rate swap being valued using valuation techniques, which employs use of market observable inputs. The Company uses mark to market valuation provided by bank for its valuation.

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 01 January 2016 are as shown below. There are no significant financial instruments categorised within Level 3 of the fair value hierarchy as at 31 December 2016 and 31 December 2017.

Description of significant unobservable inputs to valuation as at 01 January 2016:

(₹ in million)

Particulars	Significant unobservable inputs	Range	Sensitivity of the fair value measurement to input	
			Impact of 1% increase	Impact of 1% decrease
CCD	Discount rate	11.08%-11.53%	82.43	(85.42)
			Impact of 5% increase in probability of IPO (i.e. 95:5)	Impact of 5% decrease in probability of IPO (i.e. 85:15)
	Probability of occurrence of conversion events	90:10	(122.55)	122.55
CCPS	Discount rate	10.99%-11.27%	38.34	(39.34)
			Impact of 5% increase in probability of IPO (i.e. 95:5)	Impact of 5% decrease in probability of IPO (i.e. 85:15)
	Probability of occurrence of conversion events	90:10	(15.52)	15.52

The following table presents the changes in level 3 items for the periods ended 31 December 2017 and 31 December 2016:

Particulars	CCD	CCPS
As at 01 January 2016	8,174.70	4,127.93
Impact of fair value movement	1,107.26	381.34
Converted during the year	(9,281.96)	(4,509.27)
As at 31 December 2016	-	-
Issued during the year	-	-
Impact of fair value movement	-	-
Converted during the year	-	-
As at 31 December 2017	-	-

Fair value hierarchy

The financial assets measured at fair value are grouped into the fair value hierarchy as on 31 December 2017, 31 December 2016 and 01 January 2016 as follows: (also refer note 3.1)

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

31 December 2017		Fair value measurement using			
	Date of valuation	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

59. First-time adoption of Ind ASs

1. These financial statements, for the year ended 31 December 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 December 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Company's (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ended on 31 December 2017, together with the comparative period data as at and for the year ended 31 December 2016 and in the preparation of opening Ind AS balance sheet as at 01 January 2016, as described in the summary of significant accounting policies. Further to explanations in Note 2, this Note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 01 January 2016 and the financial statements as at and for the year ended 31 December 2016. (Also refer Note 60 for reconciliations).

2. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Indian GAAP to Ind AS.

A. Ind AS optional exemptions

I. Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the Indian GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their Indian GAAP carrying value except where the adjustments to carrying value are only consequential and arising because of application of the transition requirements of Ind AS 101.

II. Investments in subsidiaries and associates

Ind AS 101 permits the first time adopter to measure investment in subsidiaries and associates in accordance with Ind AS 27 "Separate Financial Statements". The Company has elected to consider Indian GAAP carrying amount of its investments in subsidiaries and associates on the date of transition to Ind AS as its deemed cost for the purpose of determining cost in accordance with the principles of Ind AS 27.

III. Share based payment transactions

The Company has availed exemption under Ind AS 101 in respect of share-based payments that had been vested before the transition date and accordingly, vested options at the transition date have been measured at intrinsic value. For unvested options at the transition date, the Company has applied the requirements of Ind AS 102 retrospectively.

IV. Long-term foreign currency monetary items

Ind AS 101 permits a first-time adopter to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per Indian GAAP. Accordingly, the Company has elected to continue to adjust exchange differences arising on translation/ settlement of long-term foreign currency monetary items, pertaining to the acquisition of a depreciable asset, to the cost of such asset

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

and depreciate the same over the remaining life of the asset and in other cases, is recorded under the head 'Foreign Currency Monetary Item Translation Difference Account' and is amortised over the period of maturity of underlying long term foreign currency monetary items.

V. Business combinations

Ind AS 101, allows a first-time adopter to elect not to apply Ind AS 103 retrospectively to past business combinations (business combinations that occurred before the date of transition to Ind AS). However, if a first-time adopter restates any business combination to comply with Ind AS 103, it shall restate all later business combinations and shall also apply Ind AS 110 'Consolidated Financial Statements' from that same date. The Company has chosen this exemption and accordingly none of the business combinations that have occurred prior to date of transition is restated. Accordingly, carrying amounts of assets and liabilities under business combinations, that are required to be recognised under Ind AS, is their deemed cost at the date of acquisition. After the date of acquisition, the measurement is in accordance with the respective Ind AS.

VI. Leases

The Company has also been applied the transitional provision in Appendix C of Ind AS 17 "Determining whether an arrangement contains a Lease" and has assessed all arrangements based upon the conditions in place as at the date of transition .

VII. Government grant

Government loans below market rate of interest

Para B11 of Ind AS 101, allows an entity to apply the requirements in Ind AS 109 and Ind AS 20 retrospectively to any government loan originated before the date of transition to Ind ASs, provided that the information needed to do so had been obtained at the time of initially accounting for that loan. The Company has adopted the guidance and accordingly, the requirements in Ind AS 109 and Ind AS 20 'Accounting for Government Grants and Disclosure of Government Assistance' have been applied retrospectively to all government loans received at below market rate of interest and existing on the date of transition.

B. Ind AS mandatory exemptions

Estimates

- I. The Company's estimates in accordance with Ind AS at the date of transition to Ind AS are consistent with estimates made for the same date in accordance with Indian GAAP (after adjustments to reflect any difference in accounting policies) except for impairment of financial assets based on lifetime expected credit loss model where application of Indian GAAP did not require estimation.

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at the transition date and as of 31 December 2016.

Ind AS 101 treats the information received after the date of transition to Ind AS as non-adjusting events. The entity shall not reflect that new information in its opening Ind AS Balance Sheet (unless the estimates need adjustment for any differences in accounting policies or there is objective evidence that the estimates were in error).

II. Classification of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exist on the date of transition to Ind AS. Accordingly, the Company has applied the above requirement prospectively.

The presentation requirements under Indian GAAP differs from Ind AS, and hence, Indian GAAP information has been regrouped for ease of reconciliation with Ind AS. The regrouped Indian GAAP information is derived from the Audited Financial Statements of the Company prepared in accordance with Indian GAAP.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

60. Reconciliation of equity

A. Equity at the date of transition to Ind AS, i.e., 01 January 2016 can be reconciled with the amounts reported under previous Indian GAAP as follows:

(₹ in million)

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

D. Reconciliation of total equity as at 31 December 2016 and 01 January 2016

(₹ in million)

Particulars	Notes	As at 31 December 2016	As at 01 January 2016
Reserves as per Indian GAAP	A	19,595.59	2,766.55
Effects of transition to Ind AS:			
Effect of measuring financials instruments at fair value through profit and loss/amortised cost	I, III, XI & XII	(5,687.43)	(3,584.63)
Effect of accounting of transaction costs on borrowings as per effective interest rate	XIV	(0.39)	2.83
Expected credit losses on a financial asset	X	(31.70)	(16.45)
Effects of benefits recorded on government grants	VII	146.11	71.64
Effect of intangible assets with indefinite life	II	435.00	-
Securities premium reserve on conversion of financial instruments into equity	XII	3,355.80	-
Others		73.40	1.92
Applicable tax impact on the above	VIII	1,657.86	1,124.73
Total	B	(51.35)	(2,399.96)
Other equity under Ind AS	(A+B)	19,544.24	366.59

E. Reconciliation of total comprehensive income for the year ended 31 December 2016

(₹ in million)

	Notes	Year ended 31 December 2016
Net profit as per Indian GAAP		1,867.34
Effects of transition to Ind AS:		
Effects of measuring financial liabilities at fair value through profit and loss/amortised cost	I, XI & XII	(2,132.36)
Effects of benefits recorded on government grants	VII	74.46
Effects of measurement of financial assets at fair value through profit and loss/amortised cost	III	28.64
Actuarial gain on employee defined benefit plan recognised in other comprehensive income	IX	51.88
Fair valuation of employee stock options	XV	0.91
Effect of accounting of transaction costs on borrowings as per effective interest rate	XIV	(3.21)
Effect of intangible assets with indefinite life	II	435.00
Expected credit loss on financial assets	X	(15.25)
Other impacts		72.41
Deferred tax impact	VIII	515.15
Net profit under Ind AS		894.97
Other comprehensive income (net of taxes)	IX	(33.92)
Total Comprehensive Income under Ind AS as reported		861.05

The transition from Indian GAAP to Ind AS has not had any material impact on the Statement of Cash Flows.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

Footnotes to the reconciliation of equity as at 01 January 2016 and 31 December 2016 and profit or loss for the year ended 31 December 2016

All amounts in ₹ in million, unless otherwise stated

I. Tangible and intangible assets acquired as part of business combination on deferred payment terms

Under Indian GAAP, the purchase consideration for tangible and intangible assets acquired as part of a business included deferred payment terms, which was recorded at gross amount with a corresponding credit to capital creditors. However, as per Ind AS 16 'Property, Plant and Equipment' the cost of an item of property, plant and equipment is the cash price equivalent at the recognition date. If payment is deferred beyond normal credit terms, the difference between the cash price equivalent and the total payment is recognised as interest over the period of credit unless such interest is capitalised in accordance with Ind AS 23 'Borrowing Cost'. Accordingly, the deferred payment liabilities outstanding on the transition date are present valued at the weighted average borrowing rate. The difference between the present value and carrying value of such deferred payment liabilities is adjusted from the carrying value of property, plant and equipment at the transition date. Subsequently, interest is recorded at the discounting rate to the Statement of Profit and Loss with corresponding credit to the capital creditors. The above has resulted in adjustment of ₹ 694.33 to tangible assets and ₹ 208.76 to intangible assets on the date of transition and ₹ 627.93 and ₹ 226.48 respectively as on 31 December 2016. Consequently, an amount of ₹ 555.53 has been recorded as finance costs for the year ended 31 December 2016.

II. Amortisation of franchise rights

Under Indian GAAP, the Company had adopted an accounting policy of amortising franchise rights acquired as part of business combination over a period of ten years. With effect from the date of transition, the Company has evaluated franchise rights to have an indefinite life as per Ind AS 38 as explained in Note 5 (iii). Hence, the franchise rights are not amortised now but tested for impairment annually. Accordingly, amortisation recorded as per Indian GAAP amounting to ₹ 435.01 for financial year 2016 has been derecognised in the Ind AS Financial Statements for the year ended 31 December 2016.

III. Investment in subsidiary

Under the Indian GAAP, the Company's investment in Zero Coupon Redeemable Preference Shares ('RPS') of a subsidiary are recorded at transaction value and reported as part of non current investment. Under Ind AS, the investments in RPS are accounted as loan given in financial assets and accordingly on the date of transition, the Company has fair valued RPS issued using effective interest method. On the date of transition, the present value of RPS has been recorded as loan to subsidiary amounting to ₹ 502.29 and the difference between transaction value and the present value of RPS amounting to ₹ 136.46 has been recognised as 'deemed equity' in investments. Subsequent to the date of transition, interest income on loan given is recognised using the effective interest method with corresponding adjustment in loan outstanding, which has resulted in recognition of 'other income' of ₹ 28.64.

IV. Investment in associate

Under Indian GAAP, no financial impact was considered on corporate guarantee issued on behalf of an associate. Under Ind AS, the amount is fair valued and the difference is recorded as an equity contribution, amounting to ₹ 12.20.

V. Security deposits

Under Indian GAAP, the security deposits paid for leases were recorded at the transaction value, whereas, under Ind AS, these are initially discounted and subsequently recorded at amortized cost at the end of every financial reporting period. Accordingly, the difference between the transaction and discounted value of the security deposits paid for leases is recognised as deferred lease expense of ₹ 12.71 and is amortised over the period of the lease term. Further, interest is accreted on the present value of the security deposits paid for leases.

VI. Straight lining of lease payment escalations

Indian GAAP required straight lining of lease payment escalations in case of non cancellable leases. However, Ind AS 17 does not mandate straight-lining of lease escalation, if they are in line with the expected general inflation compensating the lessor for expected inflationary cost. Accordingly, the Company has reversed lease equalisation reserve amounting to ₹ 1.92 outstanding in the books on the transition date.

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

VII. Government grants

Under Indian GAAP, interest free loan from the government has been presented in the Balance Sheet by including it as a part of borrowings. Under Ind AS, the benefit of a government loan at a below-market rate of interest is treated as a government grant and is measured as the difference between the present value of the loan and the proceeds received /receivable. The Company has fair valued all such loans outstanding on the date of transition retrospectively from the original date of such loans. Further, unlike Indian GAAP, Ind AS 20 requires the grant to be classified as either a capital or an income grant and does not permit recognition of government grants in the nature of promoter's contribution directly to shareholders' funds. Accordingly, contributions previously recognised in the Capital Reserve amounting to ₹ 259.17 are transferred to 'Other Equity' at the date of transition. For interest free loans previously recorded, the difference amounting to ₹ 343.97 between present value of loan and proceeds are recorded in retained earnings. The loan balance is subsequently re-measured using EIR which has led to a consequent increase of ₹ 97.51 to the finance costs for the year ended 31 December 2016. The grant value of all such loans received/ receivable subsequent to date of transition amounting to ₹ 73.55 is recognised in the Statement of Profit and Loss under the head 'other operating income'.

VIII. Deferred tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base.

The various transitional adjustments have resulted in temporary differences which has led to recognition of deferred taxes.

IX. Defined benefit liabilities

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, were charged to Statement of Profit and Loss. Under Ind AS, remeasurements (comprising actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI. Thus, the employee benefits expense is reduced by such amount and a corresponding adjustment to the defined benefit plans has been recognised in OCI (net of tax) in "Other Equity".

X. Expected credit losses (ECL) for trade receivables

Under the Indian GAAP, provision for bad debt was recognised for doubtful debtors on a case to case basis. However, under Ind AS, the Company assesses impairment based on the ECL model for measurement and recognition of impairment loss on the financial assets that are trade receivables, accounting for both non-payment and delay in payment of the receivables. Based on past estimates, the Company has determined additional provisions under the ECL model. This has resulted in recognition of an additional provision of ₹ 16.45 on the date of transition and ₹ 15.25 for the year ended 31 December 2016.

XI. Compulsorily convertible preference shares (CCPS)

Under Indian GAAP, the CCPS were classified as equity. Under Ind AS, CCPS are classified as financial liability based on the terms of the contract. Interest on such financial liability is recognised using fair values determined by an independent valuer on the date of transition, leading to recognition of an adjustment amounting to ₹ 372.07 to the retained earnings as at the transition date with subsequent unwinding as finance costs for the year ended 31 December 2016.

XII. Compulsory Convertible Debentures (CCDs)

Under Indian GAAP, the CCDs were classified as borrowings. The CCDs issued by the Company had to be converted into a variable number of equity shares with a definite rate of return from the date of issue till the date of conversion. Accordingly, the CCDs are classified as financial liability as per Ind AS 32. Interest on financial liability is recognised using fair values determined by an independent valuer on the date of transition leading to increase in borrowings by ₹ 4,024.72 with a corresponding impact to the retained earnings (Impact in retained earnings, net of deferred tax impact ₹ 2,631.76). The fair value impact of ₹ 1,107.26 (net of deferred tax impact ₹ 724.03) between the date of transition and date of conversion is recognised as finance costs during the year ended 31 December 2016. On the date of conversion, the entire fair value impact recognised in retained earnings on date transition and aforesaid interest costs is recognised in 'Security premium reserve' ₹ 3,355.80 (Net of tax).

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

XIII. Sale of goods

Under Indian GAAP, sale of goods was presented after netting off excise duty. However, under Ind AS, sale of goods includes excise duty and separately presented on the face of Statement of Profit and Loss. Thus, sale of goods under Ind AS has increased with a corresponding increase in total expenses. This change has resulted in an increase in total income and total expenses for the year ended 31 December 2016 by ₹ 5,957.10.

XIV. Finance costs

Finance cost includes-

1. Under Indian GAAP, the transaction cost incurred in connection with borrowings were amortised and charged to Statement of Profit and Loss on the term of the related borrowing. Under Ind AS, transaction cost are included in the initial recognition amount of financial liability and charged to Statement of Profit and Loss using the effective interest method amounting to ₹ 3.21.
2. Interest expense amounting to ₹ 97.51 on interest free government loans has been recognised at the weighted average borrowing rate of the Company (also see note VII above).
3. Amortised cost of deferred payment liabilities related to business combination (Referred to in footnote I above) ₹ 555.53.
4. Interest expenses on account of fair valuation of financial instruments (CCPS and CCDs referred in notes XI and XII above) ₹ 1,479.33.

XV. Share-based payments

Under Indian GAAP, the Company recognised only the intrinsic value for the long-term incentive plan as an expense. Ind AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period. The Company has used the exemption of fair valuing only those options which remained unvested on the date of transition. Fair value impact on unvested options relatable to vesting period before the date of transition amounting to ₹ 44.39 is adjusted in the retained earnings by creating the corresponding 'Share Based Payment Reserve' which is re-classified to 'Security premium reserve' on exercise of the options. However, this has no impact on the Statement of Profit and Loss.

XVI. Other comprehensive income

Under Indian GAAP, the concept of OCI did not exist. Under Ind AS, certain items of income and expense such as re-measurements of defined benefit plans are required to be presented as 'Other Comprehensive Income'.

61. Event occurring after the reporting period

A. Acquisitions after the reporting period:

Subsequent to the year ended 31 December 2017, the Company has completed the acquisition of Chhattisgarh territory on a slump sale basis for a total purchase consideration of ₹ 150 million. This acquisition has been executed primarily to obtain franchise rights and marketing assets of the territory, to facilitate further expansion.

(₹ in million)

	Amount
Name of acquiree	SMV Beverages Private Limited
Acquisition date	11 January 2018
Fair values of assets acquired	
Property, plant and equipment	26.80
Franchisee rights	120.00
Inventories	3.20
Total assets	150.00

Summary of significant accounting policies and other explanatory information on the Standalone Financial Statements for the year ended 31 December 2017

- B.** During December 2017, the Company executed agreements with Steel City Beverages Private Limited and SMV Agencies Private Limited to acquire certain businesses including franchisee rights for the State of Jharkhand and specified manufacturing facilities and other assets on a slump sale basis for a total consideration of ₹ 653.62. The closing conditions for the business transfers have not yet been met.
